Festival Features.

Fall Festival, September 30 to October 10.

Homecoming week, October 5 to 12.

Praternal parade, Thursday afternoon, October 5.

Coronation ball, Friday evening, October 6.

Information Bureau, 1515 Howard street.

Children's days, October 8 and 10.

Sparkling with the brilliance of ten thousand colored stars, flashing a false dawn into the very heavens, even as the lights of London, the twenty floats of the great electrical parade, moved with the majesty that befits a royal train through the streets of Omaha last night, while the hundreds of thousands, packed solid and immovable along the streets, exclaimed in monosyllables as each succeeding masterpiece of beauty glided by. It marked the coming of King Ak-Sar-Ben XX into his royal city of Cibola to be crowned.

Long had the line of march been studied by thousands, so that all knew where would be the best points of vantage from which to view the scene of splendor. Steel cables, stretched along the streets, kept the crowds back on the sidewalks. Every side street was packed with automobiles and crowds on foot. Every little rise of ground was at a premium for those who wanted a location from which to view the parade from their automobiles. The steel cables, stretched into their hours before the parade began in the hope of holding front place during the procession.

All Traffic Blocked.

Long before the lights of the great caravan flashed into view far up the street, the crowds had so packed themselves along Sixteenth street that even foot traffic was impossible. All that the spectators could do was to sway slightly.

## LEFT WING OF BIG FIGHT EXTENDED FAR NORTHEAST

Line of Battle in France Reaches Northwest of Lille to Point Near Belgian Frontier.

VIOLENT FIGHTING CONTINUES

Official Statement from Paris Says Masses of Cavalry Are in Contact Near Armentieres.

ALL IS QUIET IN THE CENTER

Nothing to Report on Front Extending from the Somme to the Meuse.

BATTLE IN WOEVE DISTRICT

Attempt of Germans to Stop Advance of Allies Fails.

RUSSIANS IN EAST PRUSSIA

German Offensive on Niemen Has Been Brought to an End by Complete Check, Accompanied by Considerable Loss.

BULLETIN.

BERLIN, Oct. 7.—(By Wireless to Sayville, L. I.)—The German general staff, in its report today on the situation in the western arena of war, says the fighting on the German right wing in France has been successful.

PARIS, Oct. 7.—The following official communication was given out in Paris this afternoon:

"On our left wing the battle still continues with great violence. The opposing fronts extend into the region between Lens (nine miles northeast of Arras, and LaBasse (thirteen miles southeast of Lille), and are strengthened by masses of cavalry which are in grips as far as the vicinity of Armentieres (nine miles northwest of Lille and virtually on the Belgian frontier).

"On the front extending from the Somme to the Meuse there is nothing to report.

"In the Woeve district the enemy made a new effort to stop our progress, but his attacks again failed.

"In Russia, the German army, defeated in the battle of Augustowo, which lasted from September 25 to October 3, endeavored to arrest the Russian pursuit at prepared positions along the line of the Wirballen frontier. At Lyck the Russian

(Continued on Page Two, Column Five.)

## War Summary

The battle in the north of France continues with great violence. Neither side has made material gains so far as known.

The French War office in its daily statement says the battle front extends virtually to the Belgian frontier. The fighting is described as violent, but no claim of advantage is made.

The German general staff announced yesterday the fighting on the German right wing had been successful. Another wireless dispatch from Berlin says it is reported in government circles that two more forts at Antwerp, forts Kessel and Brocchen, have fallen before the Germans. The capitulation of the city is reported in Berlin as close at hand.

A dispatch from Amsterdam says that a German torpedo boat destroyer has been sunk by a mine off the Estuary of the Ems, in the North Sea. A British news agency declares that the German vessel was sunk by a British submarine.

A Peking dispatch quotes a German news agency as saying that Japanese forces have occupied the island of Yap, of the Caroline group in the Pacific.

A report from Petrograd says Russian heavy artillery is bombarding Przemysl, in Galicia, and that Austrian field forces that attempted to relieve the fortresses were defeated and compelled to retire.

The German official statement said the new Russian advance against East Prussia had been checked and that Russian forces have been defeated in Russian Poland.

Tokio announces that the war office believes that the Japanese have sunk a German cruiser and two German gunboats in Kiao Chow bay.

An official statement issued in Vienna says the German and Austrian forces surprised the enemy in Russian Poland and drove the Russians back across the Vistula.

## GROUND LOST TO GERMANS BY THE FRENCH RETAKEN

Official Communication Issued at Paris Says Ceded Territory Has Been Regained.

TEUTON HORSE CHECK ON LEFT

Complete Calm Along Front Except on Two Wings Where Kaiser's Forces Repulsed.

ADVANCE ON CENTER IN PLACES

London Press Bureau Announces Hard Fighting North of Oise River and Lens.

VIOLENT BATTLE IN BELGIUM

Engagement Takes Place Between Audenarde and Leupeghem.

INVADERS ARE DRIVEN BACK

Numerous Skirmishes in Environs of Uprising in Southern Part of West Flanders.

PARIS, Oct. 7.—The official communication issued by the French War department tonight announces that the ground previously ceded by the French between Chaulnes and Roye has been retaken and that on the center the French have advanced on certain points.

Text of Statement.

The text is as follows:

"Except on the two wings, where the German attacks have been repulsed, there has been nearly complete calm along the front.

"On our left wing the German cavalry has been held in check; to the north of Lille it has been driven back.

"Between Chaulnes and Roye the ground previously ceded has been retaken.

"On the center we have made an advance on certain points.

"There is nothing to report on our right wing.

Fighting North of Oise.

LONDON, Oct. 7.—The official press bureau at 8 o'clock this evening issued the following statement:

"North of the Oise and at Lens there is hard fighting.

"Elsewhere a slight advance or retreat varies. Throughout the line the reports are generally satisfactory.

"The French army is fighting with the greatest dash and bravery.

"The Germans attacking Antwerp have pushed forward their positions against considerable resistance by the garrison."

Engagement in Belgium.

A dispatch to the Central News from Amsterdam says:

"A message received here from Ghent says fighting of a violent character has taken place between Audenarde (fifteen miles southwest of Ghent) and Lauepghem (a small town about a mile south of Audenarde).

"After an hour's engagement the Belgians received reinforcements and threw back the Germans with heavy losses."

Skirmishes Near Ypres.

A dispatch to the Exchange Telegraph company from Ostend says:

Numerous skirmishes occurred this morning between the advance posts in the environs of Ypres (in Belgium, twenty miles south of Ostend), in the southern part of West Flanders.

"The Germans threw themselves on the forts and entrenchments."

## MACKS AND BRAVES PREPARE FOR FRAY

Contending Teams Practice for Battle Royal Tomorrow in Shibe Park.

WILD SCRAMBLE FOR TICKETS

Stallings Feels Confident Deal Will Do Best to Measure Up to Smith's Ability at the Bat.

PHILADELPHIA, Oct. 7.—In preparation for the opening game for the series for the base ball championship of the world, the Boston Braves and the Philadelphia Athletics today practiced in ball parks that were only five city blocks apart, while thousands of persons in the downtown district provided excitement in their scrambling and fighting, while making efforts to buy tickets for the big sporting event. Tonight there is not a reserved seat ticket to be had for any of the games scheduled to be played on the American league grounds here, except through speculators.

The so called tuning up process today of the present world's champions and the winners of the National league pennant was of a mild character. Neither Connie Mack nor George Stallings permitted his men to do any extended work.

Take Easy Workout.

The National leaguers spent more than two hours in the forenoon on the grounds of the Philadelphia National league club, taking an easy workout. The weather was damp, rain falling in light showers, during a part of the morning in consequence of which the Boston manager refused to let his men extend themselves.

Tyler was the only member of the pitching staff to warm up.

The team practiced behind closed gates and the few supporters of the club, who saw the players go through their practice bestowed their attention upon Third.

## Teutons Extend Right Wing to Meet Flanking Movement of Allies

BERLIN, Oct. 7.—(Via Amsterdam and London, Oct. 7.)—The following communication was given out by the headquarters staff of the Germans the evening of October 6:

"Continuous French outflanking movements against our right wing have extended the battle front until it is now north of Arras. West of Lille and west of Lens (nine miles northeast of Arras) our advance guards are in touch with the enemy's cavalry.

"No decision yet has been reached in our counter attacks along the line between Arras, Albert and Roye.

"The situation remains unchanged along the battle front between the Oise and the Meuse, in the vicinity of Versun and in Alsace Lorraine.

"There is no news from Antwerp."

"In the eastern theater of war, the Russians advancing against East Prussia through the province of Suwalki have been checked. We have been successful in our attack against the enemy near the town of Suwalki. This movement began yesterday.

"In Russian Poland our troops on October 4 dislodged a Russian brigade of the Garde Pionniers from an entrenched position between Opotow and Ostrowiec. The Russians lost 3,000 prisoners and several machine guns.

"There was an engagement October 5 in the vicinity of Radom, between our forces and two divisions and a half of Russian cavalry, together with portions of the Ivanogrod reserves. The enemy was repulsed and driven back on Ivanogrod."

The reference to Radom in the foregoing dispatch shows military activity in a region that has not figured as a field of operations for some time. Radom is about sixty miles south of Warsaw and fifty miles west of Lublin. The province of Radom borders on Galicia. Ivanogrod (Demblin) is on the Vistula river thirty miles northeast of Radom.

## BEGIN STRATEGIC DEFENSIVE MOVE

Report from Berlin Explains Why Bombardment of Casowetz Abandoned.

RUSSIA TELLS OF VICTORIES

Petrograd General Staff Says Austrian Detachment Defeated in Carpathian Mountains.

PETROGRAD, Oct. 7.—The Russian general staff today issued the following statement:

"On the East Prussian frontier, the Germans, having brought up reinforcements from Koenigsberg, continue to oppose a tenacious resistance upon the battle front of Vladistavoff and Ratchka, profiting by the defiles, lakes and marshes in the region of Tchernogor."

"Beyond the Vistula advance guard battles have occurred in the region of Opalov and Sandomir."

"In the Carpathian west of the River Sanok, an Austrian detachment was defeated and machine guns and prisoners captured."

"At Salivo, twenty kilometers from the city of Munkacs, we have captured an artillery park and numerous convoys."

Abandon Bombardment.

BERLIN, Oct. 7.—(Via The Hague and London, 4:35 p. m.)—The German forces on the frontier of East Prussia have assumed a strategic defensive movement: They abandoned the bombardment of Casowetz, in Russian Poland. After setting the city of Ossowetz on fire with shells, they were able to retire with their sleep guns and a pontoon train. They destroyed the railroads to the frontier and are now holding in check superior Russian forces from heavily entrenched positions near Drostken.

The fighting at Augustowo and Suwalki was most sanguinary. The machine guns finally turned the scale of battle in favor of the Germans, but the slaughter of the German artillerymen was terrific. One German battery lost all its men and cavalrymen had to be drafted to serve the guns. The cavalrymen held out until they had only three rounds of ammunition left. They then

(Continued on Page Two, Column Five.)

## VON KLUCK TRIES A FLANKING MOVE

German Forces in Western France Attempt to Make a Turning Movement.

RENEWS ATTACK ON CENTER

This Counter Stroke is Viewed by British Experts as Supreme Feature of Situation in Western Campaign.

LONDON, Oct. 7.—The conflict along the rivers of northern France, although now in its twenty-sixth day, shows fewer signs of an early end than it did two days ago. Then General von Kluck appeared dangerously threatened by the enveloping movement of the allied armies. Today that resourceful German commander, having obtained from an unknown quarter heavy reinforcements, apparently is engaged in his turn in attempting to outflank the French and British lines.

This counter stroke is viewed here as the supreme feature in the situation in the western theater of the war, and its full significance can be gauged only by the actors who alone are privileged to witness the drama in which they are engaged.

Simultaneously with his newly launched turning movement General von Kluck has been trying to cut through the center of the allies' extended left at Launay. The official French communication says that this attempt was foiled, but it is not doubted that the effort will be renewed, and in the event of success it would compel the left wing of the French army to retire toward the coast in order to escape the German lines stretching out simultaneously from the north and east. The fighting in this neighborhood, described in the French official report as "more and more violent," must, it is believed, reach to Antwerp and, and largely influence the fate of that fortress.

The surest way of raising the siege of the temporary Belgian capital, it is said, would be the success of the French turning movement on the Oise.

Neither the German nor French commander has claimed any decision in this unprecedented struggle. Indeed, the German report states that nothing decisive has resulted yet from the attacks and

## GERMAN TORPEDO DESTROYER IS LOST

Boat Sunk by British Submarine in North Sea Off the Friesland Islands.

GOES DOWN IN THREE MINUTES

German Cruiser from Estuary of the Ems Rescues Crew of the Destroyed Vessel—Submarine in Vicinity.

LONDON, Oct. 7.—The admiralty announces that the British submarine E-9 has returned safely, after having torpedoed and sunk a German torpedo boat destroyer off the estuary of the River Ems, between the Netherlands and East Frisland, in the North Sea. An earlier report of the sinking of the destroyer, from Amsterdam, said that the vessel had struck a mine.

The British submarine is commanded by Lieutenant Commander Max K. Horton and this was his second successful raid into German waters. Earlier it sank the German cruiser Heia in the North Sea.

Sinks in Three Minutes.

LONDON, Oct. 7.—A German torpedo boat destroyer, cruising off the estuary of the Ems in the North sea, has been sunk by a mine, according to a dispatch from Amsterdam to the Reuter Telegram company.

This news reached Amsterdam in a dispatch from the island of Schiermonnik, one of the Frisland islands in the North Sea, belonging to Holland. This message says that at the time of the destruction, 11 o'clock this morning, the destroyer was to the northeast of Schiermonnik, not far from the estuary of the Ems.

Observers on the island heard a sudden explosion and a huge mass of water arose from under the bows of the destroyer. The boat heeled over and disappeared under the waves within three minutes.

The periscopes of two submarines appeared on the scene. Their nationality could not be ascertained, but they probably were German. A German cruiser arrived from the Ems estuary, the dispatch received in Amsterdam relates in time to save the crew of the destroyer.

German Cruiser Reported Sunk.

TOKIO, Oct. 7.—The belief was expressed at the war office today that the German cruiser Cormoran and two other German gunboats had been sunk in Kiao-Chow bay.

The Japanese army has occupied the Shan-Tung railroad as far as Chi-Nan.

## Another German Possession is Seized by Japanese Fleet

PEKING, Oct. 7.—According to a German news agency dispatch, Japanese forces have occupied the island of Yap, the most important island in the Carolines group, or New Philippines, in the Pacific ocean.

The Caroline Islands are east of the Philippines. The group is very extended and comprises about 600 small islands. Yap is 1,000 miles from the island of Mindanao, one of the Philippine group. The Caroline Islands were sold by Spain to Germany in 1899.

## DAUGHTER BORN TO LORD AND LADY CHURCHILL

LONDON, Oct. 7.—Mrs. Winston Spencer Churchill, wife of the first lord of the admiralty, gave birth to a daughter today.

Mrs. Churchill formerly was Miss Clementine Hooper, daughter of Sir Henry Montagu Hooper, Bt., and Mr. Churchill were married in 1895. They now have three children, two daughters and one son.

## Germans Lose Three Hundred Thousand

LONDON, Oct. 7.—An official list published in Berlin, says a Rome dispatch to the Exchange Telegraph company, gives the German losses in killed and missing up to September 1st, as 117,000.

The authorities admit, the dispatch adds, that the total losses to date are at least 300,000.

## GEORGE FAIRCHILD DIES OF STROKE OF PARALYSIS

(From a Staff Correspondent.)

LINCOLN, Oct. 7.—(Special Telegram.)—The body of George Fairchild, state examiner of county treasurers' offices, accompanied by his daughter and Henry Seymour of the auditor's office, passed through here this evening on its way to Columbus, the home of Mr. Fairchild.

Mr. Fairchild's death was the result of a stroke of paralysis, the second within six months, and occurred at Wilber last night. Mr. Fairchild suffered a severe stroke at Fremont last spring while making an examination of the office of the Dodge county treasurer, and was for many weeks in a serious condition.

Contrary to the advice of State Auditor Howard he took up his work again during the summer and has been endeavoring to keep up his end of the examinations instead of waiting until he had recovered.

## Belgian Capital Is Moved to Ostend

AMSTERDAM, Oct. 7.—(Via London, 1:31 p. m.)—The News Dan Dag says that the Belgian government today was moved from Antwerp to Ostend.

The paper says that the German commander of the forces besieging Antwerp sent an officer carrying a white flag into the city this morning to announce that the bombardment of the temporary capital would commence at 5:30 o'clock this forenoon. Many refugees left for Holland and at noon the government was transferred to Ostend.

LONDON, Oct. 7.—A dispatch to the Exchange Telegraph company from Ostend says:

"Several ministers with the personnel of the ministries have just arrived here."

## BRITISH SHIP ARMORE SUNK BY BRITISH MINES

LONDON, Oct. 7.—A dispatch to Reuter's Telegram company from Ostend says that the survivors from the sunken British steamer Armorm, on arriving at the Belgian port today, declared that their vessel was struck by English mines.

The Armorm, they say, did not sink until it has struck a third mine. At the first explosion a lifeboat took off the crew of thirty-five.

The Armorm, which was of 2,500 tons, left Galveston, September 2, arriving at Falmouth October 4. It was then ordered to Antwerp, but soon after sailing it ran into a mine field in the North sea and was sunk.

## Rivers and Harbors Fund is Allotted

WASHINGTON, Oct. 7.—Allotment of the \$20,000,000 appropriated by congress for river and harbor improvement this year was announced late today by the board of army engineers. The largest single allotment was \$3,750 to the Mississippi river commission.

## Get Busy--America

We are favored among the nations. We have peace and plenty within our own borders. We have learned the lessons taught by lean times, and so are prepared to face the days ahead. Our farmers are prospering by reason of the present conditions—and when agriculture flourishes, the business outlook is one of good hope and good cheer.

Some American industries and mercantile enterprises now suffer because of the partial suspension of trans-oceanic trade. Ships are being provided—American ships. More industries will be stimulated to supply our home demand, which MUST be satisfied. It is a time of great and glorious business opportunity.

Boom Times Are Coming—Get Ready.
