Stream of Specially Chartered Steam. ships Will Soon Start for Hotland with Their Cargoes of Provisions.

LONDON, Oct. 22 .- An American courmission, headed by Brerbert C. Hoover of California, will feed 700,000 Belgians who are on the verge of starvation as a

result of the war in Europe. An agreement to this effect has just been reached after weeks of diplomatic negotiations, in which Walter Hines Page, the American ambassador, acted as intermediary between Belgium, England and Germany. Mr. Hoover has been acting as chairman of the American relief committee in London. More than \$1,250,000 will be placed at the disposal for the relief of the stricken nation.

Early in the negotiations regarding means to relieve these people, Germany declared its willingness to assist, but it declined to give the guarantees requested by the British foreign office until the latter lifted the embargo on foodstuffs. Proposal of Page.

The situation was becoming desperate when Ambassador Pago proposed that Mr. Hoover undertake the work. Ger-many immediately acceded to this plan, saying it would extend every possible aid to such a commission and England as promptly removed the restrictions on food exports.

Mr. Hoover already has purchased with the funds supplied by the Belgian relief committee \$150,000 worth of food, which will be sent to Belgium Saturday on a specially chartered ship by way of Rot-

Pardon for McPherson. Governor Clarke today issued an unconditional pardon to Orman McPherson of Louisa county, who has served seventeen years and seven months of a life term on conviction of murder in first degree for the killing of the town marshall of Morning Sun in 1896. McPherson in 65 years old, was a soldier in an Iowa regiment, and has a perfect prison record. He is given pardon because of the fact, which seems to be clearly established, that the most he should have been convicted of was manslaughter, which carried only an eight-year-centence, Mc-Pherson had gone to Morning Sun to see his child, in custody of her mother, and the rumor having been spread he was going to kidnap the child, a crowd gathered to drive him out of town. The marshal ordered McPherson to leave and a quarrel followed. As the marshal was taking McPherson along the street by main force the crowd yelled "hang him," and McPherson was struck several times and knocked down. He shot the marshal during the fight. Last year about forty of the survivors of McPherson's regiment called in a body on the governor to ask him to investigate the case, which he did, and reached the conclusion McPherson has served long enough.
