

# GERMAN LOSSES QUARTER MILLION

### Column of Two Army Corps of Saxon Troops Sent from Thorn is Lost in the Swamps.

### NEVER REACHES DESTINATION

### Turned Off and Driven from Base and Now Surrounded by Cossacks—Capture is Hourly Expected.

(Copyright, 1914, by Press Publishing Co.)

PETROGRAD, Oct. 24.—(Special Cablegram to New York World and Omaha Bee.)—The blow of repulse which the Russians delivered on the Germans has not spent itself yet. It developed that a column of Germans from Thorn, sent to reinforce the German center, which consisted of two army corps of Saxon troops, never reached its destination, but has been turned off and driven from its base and is lost in the swamps, surrounded by a horde of Cossacks and Siberian troops. Its capture and surrender is expected hourly.

It is confirmed that the German retreat from before Warsaw entirely deserves the name of a rout, though the Grand Duke Nicholas uses the words "rapid retirement."

**Russ Continue Pursuit.**  
It will be several days before approximately correct figures of the German losses can be collected, but they probably will approach 200,000. The Russian pursuit is being rapidly pressed.

One Russian maneuver entirely upset the German plans and compelled them to hasten up their corps, from far to the south of Warsaw, where, according to their original plan, they should have forced a crossing of the Vistula and got in the rear of the Russian lines. Instead of carrying out this strategic plan these corps had to hasten northward to support those corps which had undertaken to march into Warsaw by a certain date.

**Not Enough Cavalry.**  
Apparently the Germans suffer from a shortage of cavalry. The commanders of corps, when ordered up from the direction of Radom, northward toward Warsaw, hastily gathered such Austrian cavalry regiments as available to use as an advance guard. Among the prisoners taken before Warsaw are a number of Austrian cavalrymen of many different regiments, whose presence is thus accounted for.

The Vistula in the region covered by the present operations, is from 200 yards to nearly half a mile in width and is bridged only at first class fortresses—Novo Georgievsk, Warsaw and Ivangorod. The river is a quarter of a mile wide at the latter point and a fortress stands at the confluence of the Voprav with the Vistula.

**Determined to Force Passage.**  
Somewhere near here the Germans had determined to force a passage. They advanced near enough to bombard the fortress of Ivangorod with heavy guns, but it is reported that the damage was immaterial and the bridges entirely unharmed.

**Begin General Retirement.**  
The Austro-German mixed forces still farther to the south have begun a general retirement about the latitude of Novo Alexandrovsk, south of Ivangorod.

Between the Vistula and the San rivers fighting still continues, and it is reported that this is of the most desperate character, but again farther to the south the Russian attack has already proved successful and prisoners are being taken to the number of 5,000 unwounded men, with several scores of officers and without counting the wounded. A few miles north of Przemysl, Russians took the entrenched position on the heights and put the Austrians to flight in great disorder.

**Thousands Wounded.**  
More than 2,000 unwounded men and 300 wounded were taken prisoners here. The relative proportions sufficiently indicate to military men the nature of the defeat inflicted. Twenty-two officers were among the unwounded prisoners.

On the extreme south, approaching the spurs of the Carpathians, the Russian operations are proceeding satisfactorily.

## EATING OF HORSEFLESH INCREASES IN BUDAPEST

VIENNA (Via Paris, Oct. 24).—Demand of the army for cattle are so great in the live stock market of Budapest that the consumption of horseflesh is rapidly increasing, while the number of beef animals slaughtered has more than tripled.

A dispatch today from Budapest states that the force of laborers at the stock yards is so depleted that cattle often go unslaughtered from three to five days and many die in the pen. Since the beginning of the war, 15,000 cattle have been killed at Budapest, as compared with 35,000 for the same period in 1913.

## Boy or Girl? Great Question!

This brings to many minds an old and tried family remedy—an external application known as "Mother's Friend." It is applied to the abdominal muscles and is designed to soothe the intricate network of nerves involved. In this manner, it has such a splendid influence as to justify its use in all cases of coming motherhood. It has been generally recommended for years and years and those who have used it speak in highest praise of the immense relief it affords. Particularly do those knowing mothers speak of the absence of morning sickness, absence of strain on the ligaments and freedom from those many other distresses which are usually looked forward to with so much concern.

There is no question but what "Mother's Friend" has a marked tendency to relieve the mind and this of itself in addition to the physical relief has given it a very wide popularity among women. It is absolutely safe to use, renders the skin pliable, is penetrating in its nature and is composed of those embotations best suited to thoroughly lubricate the nerve, muscle, tendons and ligaments involved.

You can obtain "Mother's Friend" at any drug store. It is prepared only by Bradford Higginbotham Co., 401 Lamar Bldg., Atlanta, Ga.

## Carranza Willing to Retire if Villa Does Not Get Place

WASHINGTON, Oct. 24.—General Carranza is willing to retire from the post of chief executive of Mexico, provided General Villa is not instrumental in procuring his resignation. He also wishes to be assured that his retirement will not mean the ascendancy of Villa.

This explanation of General Carranza's position made informally at Mexico City, was received by the American government here today.

NACO, Ariz., Oct. 24.—A truce was declared today between the Carranza forces at Naco, Sonora, and the Villa attackers.

Pending the final solution of the peace problem by the convention at Aguas Calientes, Governor Benjamin Hill and Governor Maytorena will suspend hostilities. The Maytorena troops are now retiring toward a point thirty-five kilometers southward.

## Emden Is Reported to Be Accounted For

LONDON, Oct. 24.—Reuter's Bombay correspondent, telegraphing in connection with the raids on British commerce by the German cruiser Emden, says:

"It is significant that the Bombay government today issued a statement to the effect that all sea routes are considered reasonably safe from 5 o'clock in the evening of October 21."

The Morning Post's Bombay correspondent, in a dispatch dated October 22, gives an unconfirmed report that the Emden has at last been accounted for.

## U. S. PROTESTS AGAINST SEIZURE OF PLATINIA

WASHINGTON, Oct. 24.—The United States today protested to Great Britain against the recent seizure of the Platina, a tank steamer owned by the Standard Oil company, now detained at Lewis island, Scotland.

This protest is identical to the one filed in the case of the Brindilla, held at Halifax, N. S., and requests the immediate release of the ship.

Inasmuch as the admiralty court at Halifax already has begun proceedings to determine whether the Brindilla is a prize, the British government is expected formally to decline to release the vessel until a decision is rendered. A prize court it is believed will similarly determine the status of the Platina.

## Culls from the Wire

The Toledo, St. Louis and Western railroad, known as the Clover Leaf road, is alleged to have made a profit of \$1,000,000 in federal court at Toledo, O.

Farmers were urged to diversify their crops and to refrain from speculating in wheat, as the closing session of the annual convention of the National Implement and Vehicle association, Chicago.

A Japanese temple, taken down from the ancient grounds on which it stood, was part of the cargo of the liner San Francisco on the liner Shinjo Maru. It will be re-erected on the grounds of the Panama-Pacific exposition as part of the Japanese exhibit.

A letter in which it was stated that Theodore Roosevelt would autograph books at a regular rate of from \$1 to per signature, was introduced at New York by the government in its suit against James J. Farmer, who had sold to others charged with using the mails to swindle the public, to the extent of \$400,000 by sales of autographed books.

Thirty men and women, members of a gang of which Arthur Jones, if years old, was leader, have been carrying on robberies on an extensive scale in Kansas City, Mo., according to a confession Jones is alleged to have made to the police. The arrest of Jones and ten of his aides revealed a successful hold-up organization with headquarters in rooms where the youthful leader instructed his lieutenants before the day's work was done.

## Face Paint Tabooed; Remove Skin Instead

"A few years ago only one class of women painted their faces," says Dolly Madison in Chicago News. "It was a sign of social ostracism and was tabooed in refined circles. The custom has become so universal we must admit it is to be deplored and to be shelved as soon as possible."

How foolish to seek artificial "beauty" of this sort, obnoxious from artistic and moral standpoints, when it is so easy to obtain a truly natural complexion by the use of ordinary mercerized wax, which may be had at any drug store in original one-ounce packages. This mercerized wax is so effective, harmless and inexpensive, no one need think of using anything else for the purpose. Applied like cold cream at night, and washed off in the morning, it at once begins to show its remarkable retarding effects. It gently absorbs the lifeless surface skin in tiny particles, gradually showing the fresher, livelier, beautiful under skin. Naturally it takes with it all surface defects, like freckles, pimples, moles, patches and liver spots. Advertisement.

## Germany Reports Successes in the Western War Zone

WASHINGTON, Oct. 24.—The German embassy today announced receipt of the following official wireless from Berlin: "Official headquarters' report of October 22 says fighting on the Yser canal is continuing; that eleven British war vessels are supporting the hostile artillery and that the enemy was repulsed at Dinmude. Our troops also have successfully advanced in the direction of Ypres. There is stubborn fighting west and northeast of Lille. The enemy slowly retreated along the whole front. The fierce attacks from the direction of Toul against the heights south of Thiaucourt were repulsed under heaviest losses from the French.

"It has been authenticated that the British admiral in command of the squadron off Ostend could hardly be dissuaded by the Belgian authorities from bombarding Ostend.

"In regard to the Russian theater of war, part of our forces are following the retreating army in the direction of Osovovitz. Several hundred prisoners have been taken and some machine guns. Near Warsaw and in south Poland, after undecided fighting, yesterday was quiet, events still developing."

## Thirteen Drowned in Flood in Texas

SAN ANTONIO, Tex., Oct. 24.—A five-inch rain in less than three hours, early today, caused a fifteen-foot flood in the San Antonio river here and put the San Pedro and Alazan creeks out of their banks from 100 to 1,000 feet. Thirteen deaths by drowning have been reported, with indications that the record will reach seventeen or more.

The known dead are: MRS. ALBERT LIEBE, her baby and three other children, caught in the collapse of their home. FAUSTINO LOPEZ, 2 years old. MRS. MARQUEZ, 35. UNIDENTIFIED CHILD, 4. UNIDENTIFIED INFANT. FOUR UNIDENTIFIED MEXICANS.

## Financiers of This Country and Britain Discuss Conditions

WASHINGTON, Oct. 24.—Financial forces of the government, the wisdom of some of the most prominent men in the American banking world and the friendly counsel of representatives of Great Britain were turned today toward a solution of the problem of a re-adjustment of the foreign exchange market to meet conditions which have arisen as a consequence of the European war.

For more than three hours the Federal Reserve board, Sir George Falch and Basil B. Blankett, representing the English treasury, and some of the best known bankers in New York, discussed the situation in all its aspects.

Here are the salient points discussed in the conference and the results anticipated:

American bankers stand ready to pay their obligations to England in cash. The \$10,000,000 gold pool already formed and \$5,000,000 raised by a New York syndicate to meet New York City's obligations probably will suffice to satisfy England. Payment of this total may not be necessary.

The New York and London Stock exchanges will not be opened possibly before the beginning of 1915. A conference between committees of the two exchanges will consider reopening beforehand.

The federal reserve has hastened consideration of the proposed cotton loan fund plan, designed in part to give bidders the cotton market.

The cotton exchange in New York, New Orleans and Liverpool to be opened as soon as possible.

## TORPEDOES FROM THE AIR TO FIGHT BRITISH FLEET

LONDON, Oct. 24.—For the last few days Zeppelins have been practicing the firing of torpedoes from a great height, using as targets rafts floating on Lake Constance." The Milan correspondent of the Daily Mail says: "It is reported the result has been so satisfactory that the German authorities are equipping a fleet of Zeppelins with tubes and torpedo apparatus, which will be ready in a few months to co-operate in naval attacks in the North Sea."

## Laugh at Dyspepsia

### By Simply Using a Stuart's Dyspepsia Tablet After Any Meal You Want to Eat.

It sounds almost ridiculous to think of eating a big meal without pain and discomfort afterwards, doesn't it? Well, try this simple remedy and demonstrate its truth. You know that 12 men (a jury) decide the laws of our land. Not only have 12 men O. K'd Stuart's Dyspepsia Tablets, but hundreds of thousands as well.

Just think! One ingredient contained in Stuart's Dyspepsia Tablets will digest 2,000 times its weight in food.

Doesn't this tell you that such aid to your body means relieving your distress from food?

What the thousands are daily doing you can surely do. Every condition of stomach and digestive troubles has been relieved by Stuart's Dyspepsia Tablets. They have been tested and tried for years. They are this nation's greatest dyspepsia remedy. They are sold wherever drugs are sold. Surely this manner of proof is all you need to know what course to pursue.

If any man can prepare a better remedy than Stuart's Dyspepsia Tablets he can make millions of dollars. Is there a better one?

If you do not use the hint to awaken your common sense and make you go to your druggist today and buy a box to try, you are washing a free trial of these tablets please address F. A. Stuart Co., 169 Stuart Bldg., Marshall, Mich., and a small sample package will be mailed free.
