

BRITISH GUNBOAT SINKS IN DOWNS

Niger Torpedoed by Submarine and Founders, But All Officers and Crew Held Saved.

FOUR PERSONS ARE INJURED

Dispatch from Athens Announces that English Destroyer Has Captured Two Turkish Sailing Vessels.

VALPARAISO, Chile, Nov. 12.—A rumor has been circulated here to the effect that the British battleship, Canopus, has sunk off Coronel. This report is officially denied by the Chilean admiralty.

Gunboat Sunk.
LONDON, Nov. 12.—The little British torpedo gunboat Niger, which was built twenty-two years ago and has been used as a tender, is the latest victim of a German submarine. It was torpedoed yesterday morning in the Downs, north of the Straits of Dover, and foundered immediately. The officers and crew were saved.

The admiralty in announcing the loss of the ship says:
"The Niger, Lieutenant Commander Arthur T. Muir, was torpedoed this morning (November 11) in the Downs. All the officers and seventy-seven of the crew were saved.

"Four men were injured. It is thought that there was no loss of life."
The Niger has been employed in anti-combatant duties.
Sunk Off Deal River.
A dispatch to the Exchange Telegraph company from Deal says:
"The Niger was sunk off Deal pier. An explosion was heard and the vessel disappeared within fifteen minutes. Boats were immediately sent out to search for the crew, one reaching the spot in time to rescue forty men, while the Niger was sinking. Other boats rescued the remainder of the crew and landed them on Deal beach."

The Niger carried a complement of eighty-five men. The gunboat was built in 1892. It had a displacement of 810 tons and was 230 feet long. Its armament consisted of two 4.7-inch guns, four three-pounders, one machine gun, and three eighteen-inch torpedo tubes. Its speed, when it was built, was 12 knots per hour.

Turkish Ships Taken.
PARIS, Nov. 12.—The following dispatch has been received by the Havas agency from Athens:
"It is announced that a British destroyer has captured two Turkish sailing ships near Tenedos."

The town of Berat, Albania, has been pillaged and completely destroyed. Anarchy reigns at Avlona, Albania. Partisans of Kemal Bey to the number of 1,500 forced the governor to haul down the Turkish flag and hoist the Albanian colors. Eesad Pasha sent 600 soldiers to Avlona and they disarmed the inhabitants and restored the Turkish flag."

Gold Production of Black Hills Exceeds Seven Millions

PIERRE, S. D., Nov. 12.—(Special.)—Two hundred million dollars of gold production from the Black Hills is the showing of the annual report of State Mine Inspector Ellerman. While gold production for the year 1914 was less by \$71,500 than in 1913, the output for the year was \$7,325,510.33. The total output of recorded gold production since miners were admitted to that county being \$191,779,270. Most of the ore handled in that section is a low grade ore, the average for the year being \$3.58 per ton, and as some of the ore shipped for smelting was up to near \$5 a ton, the average was below the \$3.58 for much of it.

The report shows 3,900 employees in the mining industries of the Black Hills, with 1,344 underground workers, the lowest wage scale being \$3 for eight hours' work. There were fourteen accidents in the mines for the year of which four proved fatal.

Kaiser Orders All Captured Moslems Sent to Turkey

LONDON, Nov. 12.—(7:40 a. m.)—An Amsterdam dispatch to the Central News says:
"The Kaiser has ordered that all Mohammedans captured from the allied armies be sent to Constantinople to serve in the Turkish army."

"A telegram from Bucharest, Rumania, says that Halli Bey, uncle of Enver Bey, the leader of the young Turks, has arrived there on a special mission in behalf of Turkey."

FORMER STATE LAWMAKER ANSWERS LAST CALL

DENVER, Colo., Nov. 12.—(Special Telegram.)—Judge Hiram P. Bennett, for fifty-five years one of Denver's most prominent citizens and Colorado's first congressman, died today from angina pectoris, with which he had been ill for several days.
Judge Bennett was 88 years old, and before his coming to Colorado in 1859, he had served in the Nebraska territorial legislature several times. He is survived by five children, H. P. Bennett, Jr., and Robert A. Bennett of Denver; Major J. Bennett, now of Texas City, Tex.; Mrs. L. D. Sharp of Fort Benton, Mont.; and Mrs. J. G. Hughes of Greeley.

Admitted to the bar in 1861, he practiced at Glenwood, Ia., and served a term as county judge in 1866. He was elected to Nebraska City, Neb., and the same year was sent to the territorial senate.
In 1865 he was the free soil candidate for delegate to congress from Nebraska, was elected by a small majority, but the seat was given to his democratic opponent after a contest in the house of representatives. In 1868 he was again elected to the Nebraska legislature and became speaker of the house for two sessions.

JAPANESE PAPERS INSULT WHITE MEN

Leave no Doubt Nipponese Fighting Teutons While Allies Cringe in Background.

GUNS BEING SENT OVER ASIA

Heavy Artillery Being Shipped Across Siberia to Poland, According to Story of London Correspondent.

LONDON, Nov. 12.—(Special Cablegram LONDON, Nov. 12.—(Special Cablegram to New York World and Omaha Bee.)—A Daily News correspondent, who has just arrived in London from Port Arthur, says:
"This war is greatly regretted by foreigners, as it has resulted in a flood of scurrilous Japanese cartoons and denunciations showing the lowest respect for white men. The Japanese newspapers leave no doubt in the minds of their readers that Japan is waging and fighting war against the Teutons, while Britain, Russia and France cringe thankfully in the background."

"In Vladivostok there was a great uproar over the dispatch of 20,000 soldiers to the westward. Every German of the extensive Teutonic colony already had been shipped west to the prison camps."
Japanese Guns Cross Asia.
"I have obtained corroborations from two persons of an account given me of the passage of a quantity of Japanese heavy artillery in charge of Japanese officers over the trans-Siberian railway to Poland. Considerable secrecy was observed. At least two and possibly more long trains of Japanese guns have gone to the front.
"One passenger train, consisting of half a mile of cars, left daily for the west, being hauled at a snail's pace by an antiquated locomotive, all the good locomotives in Siberia having been requisitioned for service in Russian Poland and an extraordinary collection of Belgian, German, Russian and American locomotives is attempting to cope with the traffic."
Extraordinary Precautions.
"Extraordinary precautions are taken to safeguard the enormous supplies of troops, horses and guns that have been sweeping over the line day and night since early in August and that as yet show no sign of abating. Every bridge over Vladivostok to Petrograd is picketed by troops and the tunnels are lined with sentries.
"In spite of the strict official reticence I learned that many attempts have been made by German agents to blow up the long many spanned bridges over the great rivers of northern Russia. Every passenger train nearing a multi-spanned bridge is boarded by a squad of Cossacks armed with rifles, bayonets and revolvers.
Must Have Hands Folded.
"The passengers are roughly told to move away from the windows and sit with their hands visibly folded in their laps. I saw a man vigorously prodded with a bayonet for sleepily rubbing his eyes in contravention of orders, when he had been suddenly awakened at 3 o'clock in the morning for a bridge crossing.
"The efforts have been made to blow up the great Sengari bridge at Harbin. A train attendant told me that an attempt made by Germans to blow up the Kama river bridge near Perm had been narrowly frustrated."

JOHN SUTEN SENTENCED TO THE PENITENTIARY
John Suten, convicted of manslaughter for the slaying of Tony Operita in South Omaha, has been given an indeterminate sentence of from one to ten years in the state penitentiary.

A SPLENDID REGULATOR PURELY VEGETABLE—NOT NARCOTIC

RHEUMASALTS IS FINE FOR TORPID LIVER
Learn How to Secure Quick, Safe Relief
The liver is the largest gland in the body, weighing nearly four pounds. Its main purpose is to aid digestion and make glycogen for the blood. So it is important to keep it working right.
If your liver is lazy and your kidneys throb with a dull ache, you need the scientific blend of chemical and pure carbonated lithia drink called Rheumasalts.
Lame back, shooting pains, tired feeling, dizziness and nervousness simply mean that your liver and kidneys are clogged with impurities and that poisonous uric acid is retarding their work of aiding the digestive functions and filtering the blood.
If your liver needs flushing and your kidneys are not working right, ask your druggist for about five ounces of Rheumasalts. Take two teaspoonfuls in a glass of water before breakfast each morning and in a few days all the pains in your back will be gone and you will feel as "fine as a fiddle."
Rheumasalts is a delightful carbonated drink that cleans out the stomach and intestines, eliminates toxins and poisons and leaves the intestinal canal clean and sweet. It is a natural laxative. Acts quickly without griping or nausea. Fine for growing children.
If your druggist cannot supply you,
