

SOCIETY "NEWSIES" HAVE "LOADS OF FUN"

Selling "College Hero" Extras of The Bee Found to Be Great Sport.

NETS NEAT SUM TO CHARITY

Child Saving Institute Fund Will Benefit to Extent of Hundred Fifty Dollars by Afternoon's Sales.

"Loads of fun," "Great sport" and "A regular circus" are a few of the ways Omaha society girls described their experiences Saturday afternoon while selling special "College Hero" extras of The Bee and other newspapers.

The extras contained many pictures of the leading participants and stories of the big musical comedy production which will be presented Monday, Tuesday and Wednesday at the Brandeis theater by 30 young women and men of the city for the benefit of the Child Saving Institute.

Thousands of the extras were easily sold by the amateur "newsies," for the combination of a winning smile, a worthy cause and an attractive paper could not be resisted.

Miss Harriet Metz, assisted by E. T. Campbell, who will be stage manager of "The College Hero," turned in over \$15 from papers sold at the wholesale houses.

Miss Marjorie Cavers afterward, although one of the most peppy of the "newsies," who was out at the wholesale houses, big armful of the illustrated extras. After selling a second and a third armful, she secured still more and found many purchasers among the crowd leaving the Orpheum after the matinee.

Miss Mary House, daughter of Rev. Frederick T. House of the First Congressional church, played "newsie" at the Bee building corner. She found a big demand for the extras, and soon discovered that although her voice prevented her from shouting like the regular "newsies," the "College Hero" extras sold anyway.

Miss Lenore Hise was the first of the society girls to report a \$1 sale. She made it at Sixteenth and Farnam streets. The man who gave her the big coin took a Bee and smilingly walked on without even saying, "Keep the change," for he knew he was helping a good cause and he was glad to do it.

Miss Jeannette Rutherford and Eleanor Slaughter had their "news stand" at Fifteenth and Farnam streets. "It certainly is nice to get nickels and dimes, and even quarters and larger coins for a paper," they said.

"W-hy, w-what do you want?" she asked him blankly. But another amateur newsie, who probably had become experienced in tag-day campaigns, grabbed the man's money, thrust an extra into his hand and hastened on to the next customer.

All Are Successful. Although their voices were much better suited to singing the pretty songs of "The College Hero," the society maids and high school girls proved to be very successful "newsies," and they made a big hit with the Saturday afternoon crowds.

HARD TASK FOR GOVERNOR Business of Making Appointments Proves Very Strenuous One.

THREE OCCUPY HIM CHIEFLY Naming Necessary to Judge Hollenbeck, Private Secretary Morrissey and State Chemist Redfern Most Important.

(From a Staff Correspondent.) LINCOLN, Nov. 29.—(Special.)—With three positions to fill, to fill vacancies caused by promotions, resignations and elections, Governor Morehead has a hard task before him between now and January. These, of course, are not all he has to fill. There are others.

However, the three now occupying his attention most are the appointment of a successor to Judge Conrad Hollenbeck in the Sixth judicial district, a successor to Private Secretary Morrissey, who goes to the legal department of the state and one to succeed State Chemist Redfern of the pure food department, who goes to Iowa at an advance in salary of \$600.

There is a peculiar situation in the Sixth judicial district, a situation which would give most any man in the position of Governor Morehead plenty of worry. Nance, Boone and Merrick, which are united in a request for the appointment of Judge Ross of Pullerton, have not had a strict judge for their convenience.

Dividing the district into two parts, Boone, Nance and Merrick have a combined area of 1,992 square miles, while the balance of the district, Platte, Dodge and Colfax, have a total area of 1,810 square miles more, so that from the standpoint of an even division of the district there is no difference.

Selection of Private Secretary. The selection of a private secretary to take the place of A. M. Morrissey when the latter takes up the duties of deputy attorney general is something which may or may not worry the governor, just as he looks at it.

State Chemist Problem. In the matter of the selection of a state chemist, Food Commissioner Harmon and the governor have their eyes on a man whom they want and no other will be considered until they know whether this one can be landed or not.

Toronto Editor, Dr. MacDonald, Says Germans' Plan for Attack on France Talked of Here.

PRUSSIAN GENERAL ON VISIT Visited Many American Cities and Made Known Schemes for Continuing Struggle, Is Canadian's Assertion.

CHICAGO, Nov. 29.—That Germany has long been preparing for the present war, and, in 1913, a retired general of the Prussian army made a secret visit to the United States and informed prominent Germans of detailed plans of the proposed attack, was the assertion tonight of Dr. J. A. MacDonald, editor of the Toronto Globe, who spoke at a reunion of the Toronto University Alumni association of Chicago.

He visited New York, Chicago and other cities west of the Mississippi and then went to the coast. On May 23, 1913, he held a secret meeting of some 300 Germans in San Francisco, called by the name of the "Lorraine" and it was there that the German general outlined the plans of the present war, which, he proclaimed, would begin with an attack along the border of Alsace Lorraine, from where a fleet would be made to get into France, the real intent, the German general said, would be to enter France through Belgium.

Rowden's Giving to Demo Fund Gets Him Into Trouble (From a Staff Correspondent.) LINCOLN, Nov. 29.—(Special.)—Colonel Dave Rowden, formerly of Omaha, a law breaker.

Colonel Dave is commandant of the soldiers home at Milford. Now in the eyes of the law Colonel Rowden is a law breaker. In the eyes of the State Board of Control he is a law breaker. But the board is democratic.

Because 14-year-old Walter Putter, office boy for the R. G. The kidneys do their utmost to free the blood of irritating uric acid, but it is a losing fight for them. They become weak from the overwork. They get sluggish; the eliminative tissues clog and the work of filtering the blood is performed very poorly and the waste is retained to poison the entire system.
