ICE CUTTING IS TO START WITH TODAY

Big Gangs to Be Put to Work on the Local Fields Unless it Warms Too Much.

ICE IS TEN INCHES THICK

Northwestern is Already Cutting at Valentine and the Union Pacific Has Men at Work at North Platte.

Ice harvest will be in full swing here this morning, provided the cold weather continues. Just how many will be given employment on the fields is uncertain, but the number will be not far from 1,000.

The Omaha Ice and Cold Storage company, the largest of the local ice packing concerns, reports the ice on Carter lake and the reservoirs close to ten inches in thickness, and it is figured that nearly another inch will be added by morning with moderately cold weather.

The packing companies all sent men out to clear the snow from the fields where they will harvest the ice. This morning they will start cutting with full forces at Seymour park, Memphis and Ashland.

At Mesoway the Rock Island is clearing the snow from the lakes and today they will start cutting ten-inch ice. At Valentine the Northwestern has started cutting twelve-inch ice, something like 100 men being given employment, most of them being farmers residing near by.

The Pacific Fruit Express company has started its ice cutting gangs at North Platte and Gothenburg, where the ice is twelve to fourteen inches in thickness. On the ice fields and at the houses close to 300 men are being given employment. Some of them have been sent out from Omaha, but the majority are picked up in nearby towns and gathered from off the farms along the Union Pacific, the company for which the ice harvesting is being done.

TO ABOLISH WELFARE BOARD

Ryder Suggests it Be Done Away With if New Board is Named.

STURGES' RESIGNATION IS IN

Hanson of Topeka is Now Here in the Interest of a Public Welfare Commission with Additional Authority.

"Why not abolish the social service board?" suggested City Commissioner J. J. Ryder, at a meeting of the council in committee of the whole, when the ordinance providing for the creation of a "recreation commission" of five was being discussed.

"What's that—social service board?" asked Chairman Dan B. Butler of the committee of the whole. "Oh, yes, what has become of it?"

Ryder's suggestion was taken under consideration and the ordinance laid over for two weeks until Dr. C. H. Stimson, playground expert, who suggested the commission, will return to Omaha.

Almost Forgotten. The social service board has been almost forgotten by the council. Chairman T. F. Sturges of the board sent his resignation to the mayor several weeks ago, but the mayor would not accept it.

The Omaha Public Welfare association, headed by Harry Frederick Cobb, is planning to secure an ordinance creating a welfare commission for the city, to superintend all recreations and amusements.

Theodore Hanson of Topeka, Kan., field secretary of an association of similar welfare commissioners of several cities belonging to the Omaha Public Welfare association to help make preliminary arrangements for a big campaign, if necessary, to secure the creation of a welfare commission with authority.

HATRED OF AUSTRIA IS SHOWN IN ITALY

Police and Troops Kept Busy to Maintain Order at Celebrations in Country.

REMEMBER OBERDANK, IS CRY

Anniversary of Man Who Organized Fattile Plot to Slay Francis Joseph in 1882 and Who Was Put to Death Observed.

ROME, Dec. 21.—The troops and police at many places in Italy were called upon today to keep down riots against Austria at celebrations of the anniversary of the death of the irredential leader, Oberdank, who organized the unsuccessful plot to assassinate Emperor Francis Joseph in Trieste in 1882 and was put to death for it.

During the night of Saturday, although they had been forbidden by the authorities to do so, parties to the movement placarded the streets with posters referring to Oberdank and also distributed leaflets, some of them with mourning borders, bearing the inscription, "Remember the Sacrifice of Oberdank." Several were arrested and some demonstrators were slightly injured in clashes with the police.

Republican Deputy Talks. The republican deputy, Cola Anni, delivered a speech to a sympathetic audience, which frequently broke into applause as the speaker recited the history of the Trieste martyr, and his ideals, and declared it was necessary to realize them.

The demonstration reached its climax when Ricciotti Garibaldi, son of the Italian patriot, Garibaldi, leaning on his crutches arose and said: "A voice is still ringing from Capraia island, where my father is buried. It asks for acts, not words from the committee promoting the enlistment of volunteers."

As Garibaldi ceased there was a tremendous outburst of applause and cries of "Long live Italy!" "Long live Trieste!" and "Long live Oberdank!" Several crowds of the demonstrators attempted to invade the center of the city, but were prevented from doing so by the police and troops.

This afternoon the republican association held a procession and later unveiled a marble tablet in the Republican club in honor of Oberdank.
