SHORT SUPPLY IN EUROPE

OMAHA, Jan. 4, 1915.

According to reports received from nearly every country across the watera, breadstuff supplies are short, and it believes those nations to secure available wheat and flour, as well as corn and oats, no matter what the price may be. These are the actual conditions now to be seen. The average speculator was never placed in a position where he was enabled to see ahead for at least a few months so well as at present.

It is only necessary to look backward a few months to see the certainty on the bull side of grain. The average producer of wheat in Kansas, as well as the other states, has been quick to see that it was suicidal to dispose of the surplus now held on the farms, as it will be only a matter of time until the buying pressure will naturally force values higher. It is only a question of a short time until huyers and sellers will strike a price, which is sure to favor the seller.

One of the best posted authorities in England says that conditions in some of the importing nations are becoming alarming because of the short supplies of breadstuffs. The fact that mines have been distributed through the waters which were formerly open has temporarily blockaded the sea lanes. For a time it has been an easy matter for Great Britain to take breadstuffs to its shores, but it is now said that more caution is being used and the passage of vessels slower. A great help to the corn market has been the acts of Canadian railways in reducing the rate on this grain 5 cents between Minneapelis and all points in western Canada.

There is a better demand for oats on export account and the price will probably hold around present level if it does not savance.

Wheat was 2c to 2½e higher.

ot advance. Wheat was 2c to 215c higher.

Wheat was 2c to 2%c higher.

Wheat was 2c to 1c higher.

Corn was ½c to 1c higher.

Oats were ½c higher.

Liverpool clossed nominal; wheat not quoted; corn, 2%c higher.

Frimary wheat receipts were 1,484,000 hushels, against receipts of 96,000 hushels and shipments of 355,000 hushels last year.

Primary corn receipts were 1,625,600 hushels and shipments of 365,000 hushels last year.

Primary corn receipts were 1,625,600 hushels and shipments of \$45,000 hushels last year.

Primary oats receipts were 746,000 hushels and shipments of \$45,000 hushels last year.

Primary oats receipts were 746,000 hushels of 783,000 hushels last year.

Features of the Trading and Closing
Prices on Board of Trade.

CHICAGO, Jan. 4.—For the first time, wheat today source, above the high price level that was made September 5 at the most exciting crisis of the German advance on Faris.

On European buying that seemed nearly regardless of cost, wheat today touched stages of the apex of the famous James A. Patten corner, May 25, 1809, 1

were said to be giving signs of keen anxiety about supplies

Strength of corn and oats came in the main from the wheat buige. The only conspicuous seller of oats was a firm prominent in the export wheat trade. It was surmised this firm might be more anxious to ship wheat abroad than oats, for which vessel-room had been obtained. Provisions were kept down by the large increase in the warehouse stocks of pork and ribs and by the big receipts of hogs. Lard, however, reflected the upturn in grain.

CATTLE—Receipts were liberal this morning, being larger than the corresponding day's year ago by a few hundred bead. They were, however, smaller than a week ago by 1,700 head. The quality on an average was very poor, the yards being filied with trash, while there was a general scarcity of strictly good kinds. there was a general scarcity of strictly good kinds.

Desirable fat cattle were in very fair demand and market generally steady with last week. The quality, however, was so poor that prices do not show up well on paper. The trade was reasonably active and the offerings of desirable kinds generally changed hands in fair season. Trash and all inferior grades were a little hard to unload.

hard to unibad.

Cows and helfers were in large supply, with the result that the trade was slow, while prices were anywhere from weak to as much as 16c or more lower. It was late before a clearance was effected. There was a fair showing of stock cat-tle and feeders, and the demand was quite brisk, fully steady prices being maintained. The better grades in fact sold around 19c higher than last week, but inferior and common stockers were a little slow.

Various Causes Tend to Run Prices of Leading Shares Up Above Level.

OTHER FEATURES OF INTEREST

NEW YORK, Jan. 4.—Reopening of the London Stock exchange, peace rumors from abroad which met with prompt denial so far as they affected this government, auccessful flotation of the 35,000,000 Argentine loan by United States bankers and some evidence of January religious programment decomps or tess. bankers and some evidence of January reinvestment demand exercised more or less
influence over today's moderately active
and strong market for securities. Leading shares, especially the international
division, rose from 1 to 3 points, with
sains of almost as much in less promitient
stocks. Incidentally the three-year 8 per
cent New York City notes rose to a new
record price, while exchange on London
receded to within a fraction of its bettom figure of the previous year.

record price, while exchange on London recorded to within a fraction of its bettom figure of the previous year.

General news of the day included an unofficial estimate pointing to a substantial increase in December tennage of the United States Steel corporation, further inquiries for equipment by leading railway systems and resumption of operations at a number of mills and manufacturing plants after varying pariods of enforced inactivity.

Other features of interest were a new high record for wheat and a western freight movement partly in excess of this period last year. Trade advices from the middle west suggested definite improvement in general husiness. Railroads in the west and south made more adverse reports of earnings for November, St. Paul showing a net decrease of \$184,000 and Louisville & Nashville a loss of \$200,000.

Time loans for all dates were quotably unchanged, but actually lower where high-class collateral was affered. Interior banks loaned considerable amounts and renewed their recent buying of marcantile paper. Mystery attended the removal of E,00,000 bar gold from the assay office, the place of destination being withheld. London's dealings in Americans were necessarily limited under the many restrictions imposed, New York Central being the only issue to manifest marked strength.

Metal Market.

KANSAS CITY, Mo., Jan. 4.-The fourth trial of Dr. B. Clarke Hyde, charged with the murder of Colonel Thomas H. Swope in the criminal court here today. The prosecutor asked for the continuance because, he said, the funds to pay necessary expert witnesses are not available at this time. Frank P. Walsh, attorney for 1 Dr. Hyde opposed the postponement on the ground that it was depriving

NEW YORK STOCK MARKET STOCK EXCHANGE IN LONDON REOPENS

> out Serious Disturbance. TRADING UNDER RESTRICTIONS

British Securities Market Appar-

ently Passes Crisis of War With-

LONDON, Jan. 4 .- The London Stock exchange reopened for business today after having been closed on account of the war since July 30. Severe restrictions were placed upon trading in order to prevent anything approaching panic selling 'or the unloading of securities by hostile holders.

The session opened with a round of ringing cheers and to the strains of the national anthem, heartifly sung by a rather smaller attendance than usual. A number of British and French members vere absent on account of the war, while the exclusion of aliena who were unable to satisfy the committee that they had severed all connection with foreign countries reduced somewhat the foreign at-

Crisis Safety Passed. The single fact that business has been

resumed even on a limited scale and under restrictions is taken to indicate that the greatest crisis in the history of the exchange has been safely negotiated through the combined efforts of the treasury and the stock exchange committee.

The house had been redecorated during the prolonged recess, and today it presented a cheerful appearance. Several English members appeared in khakt. There was no shouting of bids across the house and business was on a strictly cash ing the only issue to manifest that see the constraint of the street of the constraint of the constrai basis. The committee decided to allow

American Red Cross Unit Does Effective Work Near Belgrade

NEW YORK, Jan. 4 .- Work of the American Red Cross hospital unit in Servia, under direction of Dr. Edward Ryan of Scranton, Pa., has saved many lives in and around Belgrade, according to Miss Emily Simmonds, a British Red Cross nurse, who arrived here today on the steamship St. Paul. Miss Simmonds was sent with the first British expeditionary force into France and from there

"With seven young English girls I have worked in the trenches 400 yards from the firing line for forty-eight hours at a time," she said. "The coming of the American unit with Dr. Edward Ryan was a Godsend to the Servians, for at the time we were down to our last bits of bandages and dressings and were living on short rations. Up to the arrival of Dr. Ryan and his American nurses the hospital was constantly in danger of artillery fire. Dr. Ryan's first act was to unfurl the American flag over the building. It was instantly respected and con-

ditions rapidly improved." The St. Paul brought six Belgian families, consisting of twenty-one persons, the advance contingent of between seventy-five and 100 families who expect to settle in the southwestern part of the United States.

La Veta Murder Cases Called for Trial at Puebla

PUEBLO, Colo., Jan. 4.-Trial of the percentages of change from this week La Veta murder cases, so-called, an outgrowth of the recent Colorado coal strike and in which nine members of the United Mine Workers of America stand charged with killing three mine guards and a chauffeur and wounding a mine official, began in the district court here today. The alleged murders took place near La Veta on November 8, 1913. A special venire of 200 jurors has been summoned and the selection of twelve

men to try the cases is expected to occupy considerable time, The men who stand accused are Charles Sheppard, Frank Kroupa, Daniel Richards, Edward Richards, Charles Richards, Peter Rich, George Zehmlers, Marcus

Martinelich and John Flockhart. The men killed were Harry Bryan, E. G. Adams and Walter Whitten, mine guards, and Luke Terry, a chauffeur. William H. Gambling, foreman of the Oakdale mine, was badly wounded.

French Aviators Damage Zeppelin Shed With Bombs

LONDON, Jan. 4.-According to an Amsterdam dispatch of the Exchange Telegraph company. French aviators dropped several bombs in the vicinity of Brussels Saturday, partly destroying a Zeppelin shed under construction and killing several German soldiers.
