CORN AND OATS MAKE GAINS SOME RAIL SHARES ARE STRONG

OMAHA, Jan. 8, 1915. Competition for cash wheat yesterday on export account overbalanced all else in the market and gave the bulls a new told on the situation. It will be remembered by those who gave the wheat marberied by those who gave the wheat market close attention that in 1800, when James A. Patten conducted a big deal in May wheat, the price reached \$1.35\(\text{i}\) as a high level, but with the finishing of the Patten deal and after the smoke of battle had cleared away cash wheat sold as high as \$1.60 at Chicago and \$1.65 in the southwest. This was caused by depleted wheat reserves in the hands of farmers of the country, and those who held this stain demanded much higher prices and millers were obliged to meet with their ideas.

sales were made principally by Chicago concerns.

Fairly Large Volume of

Business.

NEW YORK, Jan. 8.—On a fairly large volue of business today's atock market continued to move forward, although gains were mainly in the speculative issues. Taking the session's high range as a basis of reckoning, leading stocks, with few exceptions, were within two or three points of the top level attained early in December last, when trading in the full list was renewed. In the final hour, however, much of the early advantage was lost on resilizing for profits.

Among the better known railway stocks, Great Northern preferred and Northern Pacific were consistently strong, while Loulsville & Nashville and Baltimore & Ohlo preferred recovered a considerable

wheat reserves in the hands of farmers of the country, and those who held this grain demanded much higher prices and millers were obliged to meet with their ideas.

Some of the importing nations have held back for a time, refusing to buy wheat and flour, but yesterday those commodities were in most urgent demand and the strength was quite pronounced. Good sales of flour were reported at thicago, as well as at other points, with the exception of Minneapolis, where a trade journal complained of a lack of export business.

Farmers of Kanass have gained their point in the matter of wheat prices as it was said that interior points in that state sold wheat delivered 3 cents over the May price; that hard turkey wheat was sold at 5 cents over the Kanass City May price; that hard turkey wheat was sold at Minneapolis at 5c ever the May price and held the first of their recent declines. Reading, Union Paclitic and Pennsylvania were sold more of their recent declines. Reading, Union Paclitic and Pennsylvania were solding. Union Paclitic and Pennsylvania were sold more of the advance. Copper recorded more or less material gains on an advance in the goups rose one to almost three points. Other interesting features of the day were a new high price ior May wheat and to their recent declines. Reading, Union Paclitic and Pennsylvania were sold more of the areas were fire the more downward and Pennsylvania were sold and the asken for exception of the importance of the day price in that interior points in that state of the manual complained of a lack of exception of wheat had the price as it was said that interior points in that state sold wheat delivered 3 cents over the May price that hard turkey wheat was a limit of the strength in wheat was the fact that No. 1 northern sold at Minneapolis at 5c ever the May price in that market yescerday.
