

GOV. CLARKE FOR ECONOMY

Iowa Executive Tells Legislature Appropriations Should Not Exceed \$950,000.

FAVORS SHORTER BALLOT LAW

(From a Staff Correspondent.) DES MOINES, Ia., Jan. 12.—(Special.)—Governor George W. Clarke in his biennial message to the thirty-sixth general assembly, delivered at 2 o'clock this afternoon, reviewed state affairs and made recommendations for a comprehensive program of important legislation, including the following:

Appropriations must be limited to about \$950,000 for the biennium, unless new sources of revenue are found. Millage taxes should be reduced because of the rise in valuation. Adoption of millage tax method for support of the state institutions and wiping out state tax levy. Constitutional amendment for state taxation of railroads and similar property directly. Handing of funds for the colleges and the highway commission through the state treasury instead of independently. Liberal appropriations for the colleges. Special provision for collection of collateral inheritance taxes.

Road Improvement Law Needed.

Authority for issuance of bonds by counties or special assessment districts for permanent road work. Commission to investigate on the lake beds and state to retain ownership of all drained lakes. Appropriation for aid to the San Francisco exposition, commission, also for celebration of negro centennial, and refund on Gettysburg celebration expenses. Removal of exemption as to taxation of bees. More legislation on habit-forming drugs. Organization of a public utilities commission. Provision for a county manager or other reform in county government. Medical department for the state library. Woman suffrage amendment to be submitted to vote. Prevention of pollution of streams. The shorter ballot to a limited extent. Repeal of the nonpartisan election of judges. A four-year term for the governor, with ineligibility. Reduction in expenses of the legislative session. Constitutional amendment to reduce membership in legislature more than half. Court reform, limiting appeals, easier methods of getting juries, no reversal of cases unless injury has been done. Right of judges to parole convicted persons before commitment. Establishment of custodial farms, industries for convicts, more road work by convicts. Finances of the State.

Germany's Airships Destroy War Base of Allies at Dunkirk

LONDON, Jan. 12.—A wireless dispatch from Berlin says that the military establishments in and near Dunkirk were completely destroyed by the German airship fleet which attacked that city on Sunday. The Dunkirk lighting plant also was destroyed. The dispatch says this information is contained in a message from Rotterdam.

Big Base Near Ghent.

GENEVA, Switzerland, Jan. 12.—(Via London)—Word has reached here from Friedrichshagen, where the Zeppelin works are located that the Germans have established a base for their aerial fighting craft near Ghent in Belgium. Four Zeppelins of the latest type and a number of aeroplanes have been assembled at the new aviation grounds. It is from this point that the Zeppelins made their recent raid over Britain.

Servia Wants Three Austrian Provinces as Share of Spoils

ROME, Jan. 12.—Contrary to statements that have appeared in the newspapers of London, Paris and Berlin that an understanding has practically been reached about a Serbian outlet to the Adriatic sea, it is stated in Serbian official quarters here that this will not satisfy Servia.

It is declared that such a concession would have been satisfactory two years ago, when the subject was discussed at the London conference, but that now, after a war in which its life and independence were risked, Servia could not accept a mere strip of coast. What it now claims, it is stated, are the Serbian regions possessed by Austria, including Bosnia, Herzegovina and Dalmatia, which must be assigned to us through the principle of neutrality.

Court Procedure Too Slow.

Important matters relating to court procedure are discussed by the governor at length. The administration of the law is slow, uncertain and unreasonably expensive. He would have a rule restricting the examination in selection of jurors, or have the judge conduct the examination. The time for taking appeals should be shortened. The law forbidding counsel to comment on the fact that a defendant in a criminal case fails to testify should be repealed. No new trial or reversal of a case should be made on technicalities, and only when it appears to the court that a substantial denial of the rights of litigants has been committed.

The highway law was declared to be rapidly growing in the favor of the people. For the first time has there been permanent progress in repair and road making. It may be necessary to amend the law in some particulars, but the essential principles and provisions have been found to be right and ought to remain. There are localities where the question of hard surfaced roads is receiving attention, and there should be provision that county may issue bonds to raise money for this purpose, or that there may be a special road district created for that purpose.

Drainage of Lakes.

With regard to the meandered lake problem the governor suggested a commission to investigate the whole matter. He would also have the legislature be more specific as to just what kind of lakes should be drained, and not leave it to the executive council, which cannot decide these matters. The ownership of lake beds after drainage should remain in the state, and some of them might be used for custodial farms.

On the subject of reform in the penal system of the state the governor urged

Belgium's Queen Writes a Letter of Appreciation to Women of America

"Like a ray of sunlight in the darkest hour of Belgium's history," is the way in which Queen Elizabeth, both, describes the food which America is daily providing to the women and children of her stricken country.

"It gives me great pleasure to become patroness of the woman's section of the Commission for Relief in Belgium," writes Queen Elizabeth to Mrs. Lindon W. Bates. "At the same time I wish to extend to the women of America the deep gratitude of the women of Belgium for the work which they are doing for my people. The Belgian women have fought a brave fight, and are still fighting for the common cause of human liberty so dear to every woman's heart."

With the letter from Belgium's queen also came one from King Albert's sister, Henriette.

I find it a great pleasure to accept the contribution which has been so graciously made to become patroness of the woman's section of the Commission for Relief in Belgium. I wish to extend to the women of America the deep gratitude of the women of Belgium for the work which they are doing for my people. The Belgian women have fought a brave fight, and are still fighting for the common cause of human liberty so dear to every woman's heart.

LAWMAKERS UNDER WAY

Iowa General Assembly in Both Branches Organizes for Business.

EFFORT TO CUT EXPENSES

(From a Staff Correspondent.) DES MOINES, Ia., Jan. 12.—(Special Telegram.)—The general assembly in joint session listened to the address of Governor Clarke today and afterwards started upon the consideration of the budget and the budget of the legislature. A second effort was made today in committee to reduce the number of extra employees of the legislature as a measure of economy. It is expected this will fall and there will be the usual expenses connected with the session.

Organization Effected.

The organization of the legislature was but partly effected at the morning session. Both houses were called together at 10 a. m. The preliminaries were easy. The only real incident of the day was when the senate committee on credentials was asked not to permit the seating of H. W. Groat, the republican member-elect from the Blackhawk-Grundy district. Ex-Senator De Wolf, democrat, appeared before the committee and demanded that he be left vacant. It has always been customary to give to the member having the certificate the right to sit until it is determined whether the contestant has any rights. The demand of the democratic candidate caused delay in organizing the senate.

Senate Committee Plans.

The situation as to the senate committee is demanding a great deal of attention. There is local demand here, not from within the membership of the senate, however, that the plan of having the lieutenant governor make up the senate committee be abandoned entirely and the matter be turned over to a small committee of the senate. The majority of the senators believe this would not be a better way to do the business of making committees. But a majority of the members are also of the opinion that the lieutenant governor should consult each and every member before making up the committee and should make a fair distribution of members to the effect that most of the big committee places were distributed some time ago and that only a few persons had been consulted caused the starting of an insurgent movement. Its present status is that the majority is waiting to see what Governor Harding does about his committee, and if he makes up a reasonably good list it will not be disturbed. Some of the radical prohibitionists are making much noise over the matter and say that they

will insist upon having the committee dealing with the temperance matters and amendments fixed their way or there will be an upheaval.

Barton Is Stricken; Quickly Recovers

WASHINGTON, Jan. 12.—Representative Elias Barton of Nebraska was stricken with acute indigestion today while standing in the republican cloak room off the floor of the house. He fell forward heavily, striking his head against the marble floor, and for a time it was feared that he was badly hurt. Upon recovering consciousness, however, he was able to go home. Tonight it was said his condition was not serious.

Drink Hot Tea For a Bad Cold

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable. Therefore harmless.—Advertisement.

Turkey Yields to All Italy Demands

LONDON, Jan. 12.—Special dispatches from Rome today say that Turkey has agreed to the demands of Italy in connection with the Hodeida incident. According to these advices, Turkey has ordered the release of British Vice Consul Richardson, who was arrested in the Italian consulate at Hodeida, and promised to punish the soldiers who broke into the consulate, as well as to salute the Italian flag when it is again hoisted over the building. Investigation of the circumstances attending the invasion of the Italian consulate is still in progress, and the incident will remain open until this inquiry has been completed. In view of the concessions, Turkey is reported to have made, however, satisfactory adjustment is expected.

Put Stomach in Fine Condition

Says Indigestion Results from an Excess of Hydrochloric Acid.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sour in the stomach much like garbage sores in a can, forming acrid fluids and gases which irritate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea. He tells us to lay aside all digestive aids, and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescing and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices. Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.—Advertisement.

Gas! Gas! Indigestion, Soreness, Sick Stomach—Pape's Diapepsin

If you feel bloated after eating and you believe it is food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating; eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you need Pape's Diapepsin to stop food fermentation and indigestion. It neutralizes excessive acid, stomach poison; absorbs that misery-making gas and stops fermentation which sours your entire meal and causes Diapepsin, Sick Headache, Bloating, Constipation, Griping, etc. Your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition. A case of Pape's Diapepsin will cost fifty cents at any pharmacy here, and will convince any stomach sufferer in five minutes that Fermentation and Sour Stomach is causing the misery of Indigestion. No matter if you call your trouble Catarrh of the Stomach, Nervousness or Gastritis, or by any other name—always remember that relief is waiting at any drug store the moment you decide to begin its use. Pape's Diapepsin will regulate any out-of-order stomach within five minutes, and digest promptly without any fuss or discomfort, all of any kind of food you eat.—Advertisement.
