NO INCREASED SERVICE ON U. P. TO THE COAST

Union Pacific officials are not inclined to take much stock in the report from Chicago to the effect that within a short time the company will add to its service two new through trains from Omaha to San Francisco.

Officials here assert that the only information they have with reference to the talked of increase in service is the Chicago report. Tuesday night, Director of Traffic Winchell passed through on his way to the coast and was met here by a number of the local officials and, while many matters were discussed, Mr. Winchell made no reference to any increased train service.

WITHINELL ORDERS TOP FLOORS DOWN

Two Upper Floors of the Board of Trade Building Condemned—Balance 50 Per Cent Loss.

BUILDING QUESTION IN DOUBT

City Commissioner C. H. Withnell has given orders that the two upper floors of the Board of Trade building must be torn down at once as a matter of public safety. He states that the damage beneath these two upper floors is about 50 per cent.

Owing to the new building laws, the building can only be repaired up to three floors in the event that the owners decide to repair rather than rebuild at this time.

The board of directors of the Board of Trade building are holding meetings formal and informal trying to decide whether to rebuild or to tear down and put up a new building where the fire Tuesday gutted the old one.

There is a complicated situation that makes it difficult to come to an agreement, said one of the members. The meeting was set for 9:30 at the Thomas Kilpatrick Company store.

"I can't see you now," was the hasty reply of E. M. Morsman Jr., when he was asked what was done. "We have nothing to announce yet."

C. E. Yost, a member of the board of directors, was asked when and where the meeting was to be held. "I haven't heard of any meeting," was the reply of the president of the Nebraska Telephone company.

Morsman Most Active. E. M. Morsman, who is one of the very active members of the board, has been busy calling on board members and stockholders individually. So the board is in a constant succession of little meetings between Morsman and individual members of the board and stockholders.

When Fred W. Kayser, member of the board, was asked about the meeting place and time, he replied: "I think it is better not to express any opinion, unless it comes from Mr. Morsman."

Incidentally, Mr. Morsman is one of four who some time ago gathered up fully 60 per cent of the stock of the company and who therefore rules the affairs of this company.

These four are E. M. Morsman, W. H. Koenig, Fred J. Adams and the Captain H. E. Palmer estate. The property is one that has been rapidly growing in value. In 1912 the ground was assessed at a \$400,000 valuation, and the building at \$3,000. It is said by real estate men to be worth a great deal more now in view of the development and promised development of Farnam street since that time, and in view of the general increase in values of Omaha business property in the last few years.

ORDERED FROM HOUSE. TRIES TO SET IT ON FIRE

Walter Crumley, Twelfth and Capitol avenue, grew so angry at being ordered away from the residence of Mrs. E. Phillips, 622 North Fourteenth street, because he quarreled with his sweetheart who lives with the Phillips family, that he attempted to set the house on fire.

He was discovered building a bonfire under the porch, directly beneath the girl's window, and was brought to police headquarters.

Judge Foster bound the offender over to the district court on a charge of attempted arson. Bonds were fixed at \$50.

"Every Picture Tells a Story."

"Will I ever get over this?" Don't say: "It's just a cold." It may turn into rheumatism, or dropsy, or gout, or other serious sickness that comes from weak kidneys. Because, colds are due to congestion. Congestion makes the kidneys over-work to filter the blood. Colds often leave the kidneys weak. First, break the cold; then use Doan's Kidney Pills to avert the kidney dangers. For backache they are especially well recommended.

An Omaha Man's Statement: Henry Netwig, retired farmer, 846 S. 24th St., Omaha, says: "Now and then my back ached and I could plainly tell from my kidneys acting irregularly that they were disordered. The secretions scalded in passage, too, and it was plain to be seen what kind of medicine I needed. Last, then, one box of Doan's Kidney Pills fixed me up in good shape."

ZANCHES DENIES PART IN MURDER

Third Mexican Declares He Has Not Heard from Gonzales for Some Time.

STOLEN GOODS FOUND ON HIM

Tomaz Zanches, better known as Reuben Trevino, alias Joe Contass, who was brought from Kansas City by Detective Frank Murphy, spent the greater part of Wednesday morning sorting over two trunks loaded with stolen property, which were brought here with him by the Omaha officer.

The contents of the trunk comprised wearing apparel, ornaments, pictures and other articles which had been stolen and sent to Zanches by the two Mexicans, who killed Detective Tom Ring. Among other articles in the trunk were three cartridge belts, one of which contained six .44-caliber shells of the same identical make and appearance as the one which killed the veteran detective.

Zanches denies absolutely any connection with the two other Mexicans, whom

he asserts he met in Kansas City when employed at St. Mary's hospital. He says he made the acquaintance of Gonzales when the latter was confined in the hospital with a broken right arm and also met Contass when he called upon the injured man. Becoming pretty good friends during Gonzales' confinement, they had their pictures taken together, but after his leaving the hospital Zanches denies hearing from Gonzales. That Zanches is lying from start to finish is apparent from letters in the hands of the police that he wrote to both of the other Mexicans.

The police have received further reports from Norfolk that a squarish completed individual had been seen heading toward the Black Hills on horseback. It is believed that Gonzales is making his getaway on the horse stolen from the Piller farmer as reported Tuesday night. Officers Johnny Holden and Arthur Cunningham have gone to Sioux City, where they will work with authorities there in search for the desperado and stand ready to relieve the Omaha officers farther north.
