Professional Selling Provokes Fresh Selling of Securities on Resumption of Operations.

ACCUMULATION OF OPERATIONS

NEW YORK, Feb. E.-Professional selling prompted mainly by further unfavorable foreign developments, provoked frush selling of securities on the resumption of operations today. There was a compartively large accumulation of orders over the double holiday. European offerings were most noticeable in the bond department, where numerous sales for foture delivery at concessions were effected.

future delivery at concessions were effected.

The overhanging fear of international complications was plainly reflected in the several markets for exchange, most of which were again demoralized and in favor of this country. Exchange on Paris, Berlin, Rome and Geneva were quoted at unprecedented figures.

The selling in this market began at the cutset and was maintained except for irregular periods of extreme duliness, for the greater part of the session. Many of the principal shores made their lowest prices for the current movement and a number of new minimums were made. Baitimore & Ohio common and preferred, Seaboard Air Line preferred, Southern Railway preferred, New Haven, and Chesapeake & Ohio were among the stocks to fall to latest established quotations.
