

WILSON MAY CALL ON POWERS TO AID

Mexico City Faces Starvation with Outside Relief Barred and Washington Worried.

CONDITIONS WORSE THAN EVER

WASHINGTON, March 6.—President Wilson was confronted tonight with one of the most serious and perplexing developments that has ever arisen in the Mexican situation. Mexico City is on the verge of starvation. General Obregon, the Carranza commander, refuses to permit an international relief committee composed of wealthy members of the foreign colony to succor the needy. "Mexico needs no foreign aid," the general is reported to have said.

Must Open Stores. All merchants who closed their stores have been ordered to reopen under threat of punishment. Three hundred of them, all Mexicans, have been imprisoned. The people of the city are living in terror of another evacuation since Obregon has announced that he will not prevent looting or pillaging for food or money.

The Brazilian, British, Spanish and Italian ambassadors called separately at the State department today bringing pessimistic reports of the situation which corresponded to reports already received by the American government. The foreign diplomats suggested no solution.

Bryan Sends Telegram. Secretary Bryan announced that he had sent an urgent telegram to American Consul Hillman with instructions to lay the situation earnestly before General Carranza, so that General Obregon might be directed to accept the proffered aid of the foreign residents. Freight service is suspended between Mexico City and Vera Cruz. Transportation facilities for relief purposes are being withheld by General Obregon on the ground of military necessity.

President Wilson was advised of all the facts late today as revealed in official messages and the reports from the foreign ambassadors. Tonight the president was reported to be studying the various phases of the question closely. Should General Obregon continue to refuse outside aid drastic measures might be necessary in view of the foreign diplomats.

More Terrible Than Ever. The situation is described by them as more intolerable than it ever has been since revolutionary troubles began in the southern republic. Talk of an allied expedition similar to the one that went to the relief of foreign legations at Peking during the Boxer uprising was again heard in official quarters, where it was generally admitted that a grave condition of affairs had arisen.

For the present the outcome of the telegraphic correspondence with General Carranza will be awaited. Hitherto he has been reported as standing by all the activities of General Obregon, whose purpose, according to official reports, seems to be to force the lower classes to enlist in the Carranza army or starve.

All sorts of wild rumors are afloat in Mexico City, due to the incendiary utterances of General Obregon, who, in newspaper interviews, has practically sanctioned plunder for food.

Carranza Appealed To. General Carranza has been asked by the American government to instruct General Obregon to take some measures to protect lives and property of foreigners, in the event of an evacuation. The people fear the water supply may be shut off and the electric light cables may be cut, thus leaving the city in darkness at night and permitting the irresponsible element to commit wanton depredations.

Just why the 300 merchants were imprisoned has not been revealed. They were reported to have appealed to Obregon for relief from a heavy tax, which he imposed on them. Secretary Bryan said that so far as the State department has been advised, all the Mexican priests arrested for failure to contribute funds demanded by Obregon, were still in prison.

The international relief committee, which raised about \$50,000 pesos, was not permitted to aid the people, according to official dispatches, because General Obregon declined to accept funds restricted to any definite use. He desired that the foreigners pay the tax, recently levied, but revoked on representations from foreign governments without questioning how it would be used.

Must Accept Money. The latest decree put into effect by Obregon provides that all merchants not only must open their places of business under threat of punishment, but that any person refusing to accept Carranza fiat money will be imprisoned.

Beyond saying that conditions were much worse than they had ever been in Mexico City, the various foreign diplomats, who called at the State department, did not discuss the situation or indicate the attitude of their governments. All of their ministers at Mexico City have instructions to withdraw from the capital at their own discretion, but in the circumstances they are desirous of remaining so as to exert what influence they can for the relief of the starving population.

Physicians' Lien In Damage Suits

(From a Staff Correspondent.) LINCOLN, March 6.—(Special.)—The senate committee of the whole this morning recommended for passage H. R. No. 26, which provides for the filing of a physicians' lien in damage suits, growing out of accidents.

The senate, however, tacked on an amendment, designed to appease the fears of Malley of Box Butte and others, that the measure would interfere with the complete operation of the workmen's compensation law as it now stands. The amendment exempts from the operation of the lien all such cases as might arise under the compensation act as passed by the last legislature.

BROOKLEY ANTI-DOPE BILL ADVANCED IN THE HOUSE

AFFAIRS AT SOUTH OMAHA

Some Local Office Holders Said to Have Won a Few Converts from Among the Corporations.

POSITION OF THESE INTERESTS

As a last resort local officeholders and anti leaders are said to have won a certain measure of corporation assistance in their fight against Greater Omaha. The corporations, as such, are said not to be for or against the measure, but corporation officials, as individuals distinguished from corporation rulers, are letting it be known that they are averse to the passage of the Greater Omaha bill, it is asserted by consolidationists.

One corporation official is quoted to the effect that: "It is a cold proposition with us. We know what we can do here, but in a Greater Omaha it might be different."

One well-known stockman asserted that he was advised not to make the trip in favor of the measure, although others have made the trip to lobby against the bill.

"Dad" Walker Dead. H. J. Walker, known for a decade here as "Dad," died Thursday at Wise Memorial Omaha hospital, following an operation, aged 69 years. He was a brother of W. H. Walker of the South Omaha Horse and Mule company. Deceased was well known in South Omaha live stock circles and especially on the horse market. He is survived by a mother and two sisters of Carlisle, Pa. The funeral will be held Sunday afternoon at 3:30 o'clock at Brewer's chapel, Rev. Robert L. Wheeler officiating. Interment will be in Graceland Park cemetery.

Cudaly Boring for Water. The Cudaly company will supply its own plants with well water after having concluded the well borings which it is understood are now going on. It is understood that the wells have been driven below a depth of 2,500 feet, but that the borings will continue to 4,000 feet. Already the flow of water from the new wells averages several hundred gallons a minute. It is said another plant will start a well in the near future.

EARS ARE IN STYLE AGAIN—LIFT UP YOUR HAIR

The new style of lifting the hair from the ears looks much nicer if the hair is soft so it drapes around the ears rather than being pulled up in straight, hard lines. To get the best effect in any style of hairdressing, every strand must be fluffy, lustrous and, of course, clean. In washing the hair it is not advisable to use a makeshift, but always use a preparation made for shampooing only. You can enjoy the best that is known for about three cents a shampoo by getting a package of canthrox from your drugist; dissolve a teaspoonful in a cup of hot water and your shampoo is ready. After its use the hair dries rapidly, with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.—Advertisement.

Five Hundred at University of Pennsylvania Denounce Faculty for Refusing Labor Chief Hall.

THEY DEMAND FREE SPEECH

PHILADELPHIA, March 6.—More than 500 University of Pennsylvania students formed a free speech society today and adopted resolutions denouncing the authorities of the institution and those in charge of the Pennsylvania, a daily student publication, because of the alleged attitude of the authorities and the Pennsylvania toward Samuel Gompers, president of the American Federation of Labor.

THEY DEMAND FREE SPEECH

PHILADELPHIA, March 6.—More than 500 University of Pennsylvania students formed a free speech society today and adopted resolutions denouncing the authorities of the institution and those in charge of the Pennsylvania, a daily student publication, because of the alleged attitude of the authorities and the Pennsylvania toward Samuel Gompers, president of the American Federation of Labor.

Address by Gompers. The action was taken at a meeting of the students held in Knights of Columbus hall, which was addressed by Mr. Gompers. The resolutions censured the members of the faculty for refusing to permit Mr. Gompers to speak in one of the halls of the university and criticized the editors of the student publication for refusing to

announce today's meeting in the columns of the Pennsylvania.

After effecting permanent organization the students announced that stated meetings would be held and speakers in all walks of life invited to deliver addresses.

Does Not Hear Heated Speeches. Mr. Gompers, although he denounced the university authorities for their action, made no attempt to urge the students to revolt. Most of his address was devoted to the evolution of organized labor and he left the hall before the heated addresses were made by students. The resolutions, which were adopted without discussion, also protest against any attempt to prevent the discussion of public issues at the university and demanded recognition of the newly formed organization.

A copy of the resolutions was sent to Provost Smith, the board of trustees, the secretary of the faculty and to the several student publications of the institution.

The bill had passed the senate and had been made a caucus measure by house democrats.

Worm Turns, Hanging Of Mexican Murderer In Texas is Protested

SAN ANTONIO, Tex., March 6.—Advices received here today by the constitutionalist camp say that General Carranza is sending to Washington a protest against the execution on Wednesday of Federico Sanchez at Oakville, Tex., for the murder of the killer.

Mexican authorities assert Sanchez was only 17 years of age and a native of Mexico, and a delegation of his countrymen appealed in person to Governor Ferguson to stay the hanging, but without result.

The message from Carranza, said to be based upon reports furnished him from Texas, alleges race discrimination and asks the Mexican representatives in Washington to "protest against the discrimination against our race, as men and in the name of humanity against this violation of the law."

Eat Less Meat If Back Hurts

Take glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Advertisement.

Does Your Little Girl Indulge in Dreams?

THINK back Grandmas; did you have dreams of possessing a real piano of your own? Of being able to entertain your friends even better than Susie Jones, who's possession of a piano you were inclined to envy?

Remember, Mother, how happy you were when Grandma, realizing what it meant to a little girl, induced Grandpa to buy you a piano of your own.

Why Not Make Her Dream Reality?

Don't say impossible; for from the impossible to the possible is only a step; and times have changed. What was virtually an impossibility for Grandfather is, by changed conditions, made very certainly easily possible for father.

What was an unusual luxury in Grandmother's time (except in the home of the rich) is now looked upon as really a necessity to the proper furnishing of even quite humble homes.
