

UNION BRICKLAYERS ASK HIGHER WAGES

Building Trades Conference Asks that Only Union Labor Be Employed

EMPLOYERS REFUSE DEMANDS

A controversy is in progress between union bricklayers and other members of the building trades in Omaha and employers of labor.

The union bricklayers want 75 cents an hour beginning with May 1, while the contractors want to give them 75 cents beginning July 1. They are getting 70 cents an hour now.

Allied Trades Conference. There is also another issue. Five trades unions in the city have organized the "Allied Building Trades conference."

In a letter signed by David Conita, secretary of the conference, the Builders' exchange and the Real Estate exchange have been notified of this ruling and have been asked to take cognizance of it to save themselves inconvenience and embarrassment.

Hotelling Engineers in Issue. Builders and contractors object to the demand that union hotelling engineers must be employed. They maintain that almost anyone with a few hours of practice can run a hotelling engine on a building job, and that there is no occasion for classifying this job as highly skilled labor to be graded on a union scale.

So the Builders' exchange has asked the allied conference to drop this request. With this condition they have offered to give the bricklayers 75 cents an hour beginning with July 1. The bricklayers have not yet accepted the proposition.

State Maccabees Elect Officers in Convention Tuesday

Willis Rowlett of Lincoln was elected state commander of the Maccabees at their state convention at the Hotel Home Tuesday afternoon. G. K. Grosvener of Syracuse is state past commander. U. M. Patterson of Blue Springs was elected lieutenant state commander; E. J. Anderson of Lincoln, state record keeper; W. F. Brunton, of Blair, chaplain; E. A. Dainster of Des Moines, secretary; Otto L. Matthe of Grand Island, sergeant; C. M. Newton of North Platte, first master of guards; Lem Tibbets of Hastings, second master of guards; John T. Connelley, South Omaha, sentinel; W. F. Bauser of Hooper, speaker; Dr. J. G. Muir of Milford, state medical examiner; Thomas E. Gevin of Omaha, representative to national convention; alternate, Dr. J. G. Muir of Milford.

A large number of the delegates that would otherwise have attended the convention in Omaha were unable to be here on account of their activities in politics at home in various parts of the state where important municipal elections were in progress.

Woodmen Fair On All Week at New Hall

The second evening of the Woodmen of the World fair, which is continuing all this week in the handsome new building of Druid camp, No. 54, was even a greater success than the first. It was Modern Woodmen of America and Royal Neighbor night.

The many booths did a thriving business. Amusing cards helped to get the crowd in good humor, such as this: "Druid camp first, safety second, Billy Sunday third and July Fourth."

Last night was Ancient Order of United Workmen and Degree of Honor night. Tonight will be Royal Arcanum and Knights and Ladies of the Maccabees night. Friday is scheduled as Elks, Moose, Eagles, Badmen and Omaha & Council Bluffs street railway employees' night, and Saturday general Woodmen of the World and Woodmen circle night and grand finale, when the prizes will be awarded.

Druid camp's famous orchestra is dispensing the music for the dancing, which takes place every evening.

Furniture for the many rooms of the spacious building, which will be in effect a club house for members of this big camp, will be installed by the first of next week.

Tells Rotary Club of Nebraska Autos

Lee Huff was the principal speaker before the Rotary club of Omaha at its weekly luncheon in the Hensley restaurant. He was announced by the raucous tones of an automobile horn and introduced by Dr. W. K. Fouts.

Mr. Huff gave some interesting statistics regarding the automobiles owned in Nebraska.

"There are 34 different makes used in this state according to the 1914 registration," he said. "Of these only three have more than 1,000 cars each in operation in Nebraska, five others have over 500, seven others have over 300, thirteen besides have over 100, another twelve makes have over ninety, and seven other makes have over twenty-five cars in operation in Nebraska."

"Of the 24 different cars registered in Nebraska, more than half are no longer manufactured."

"Nearly all automobiles are assembled," that is the company that produces them buys most of the parts and simply puts them together. I could count on the fingers of my two hands the cars that are actually manufactured in their own several factories."

"In the last few years there has been the most remarkable advance in what a dollar will buy in an automobile. Seven years ago I sold a certain car for \$2,750, and it was very good value for the money. Today \$750 will buy that much automobile value."

NEGRO SCHOOL HEAD HERE

Major R. H. Moton of Government Military College Visiting with Friends in Omaha.

MAKES PLEA FOR HIS RACE

Major Robert H. Moton, head of the military and discipline department of the government school for colored boys and girls at Hampton, Va., is in the city, the guest of Rev. W. T. Osborn, pastor of St. John's African Methodist church, and is also being entertained by Rev. John Albest Williams, rector of the Church of St. Philip the Deacon.

Major Moton has been with the Hampton school twenty-five years, having graduated there. This is his first visit to Omaha and he expressed himself as delighted with the city and this part of the west. Relative to the school at Hampton, Major Moton said: "We have an attendance of 1,400 boys and girls, but our facilities are altogether too limited to take care of those who are desirous of attending. Last year, for instance, we had 900 applicants whom we could not take. It seems sad to think of the large number of colored boys and girls who are seeking higher education and then realize that the opportunity cannot be afforded that they fit themselves to go out and compete with their more fortunate brothers and sisters."

Over a Thousand Pupils.

"Of the children we have 600 in the boarding and 400 in the primary school. In the school we teach the agriculture and the useful trades, and as a result there is always a good demand for our graduates. Many of them after graduation buy farms and engage in business for themselves, while others are employed in demonstration work. All through the agricultural sections, particularly in the south, you will find our boys giving instructions and teaching the farmers the modern methods of carrying on the farms."

"Our course up to the time of commencing to teach the trades and the science of farming is very similar to that of the grade school. After that it is academic work to a very large degree."

"In the girls' department we teach the regular grade work, supplementing this with a knowledge of domestic economy and teaching. Everywhere through the south, our girl graduates are sought as school teachers and we could place double the number if we had them for the places."

"In the school, which at one time years ago was exclusively a school for Indians, we still have some forty Indians, some of them coming from the reservations of the west. We employ 200 teachers and feel that we are doing a good work."

Ak-Sar-Ben Road Show Title of the Big Scream at Den

The "Ak-Sar-Ben Road Show," is the official name decided upon for its initiation show at the den this year. This has just been decided. When one speaks of the Orpheum "road show" it is always understood to mean the best show on the circuit for that year. It is understood to be a compilation of all the best features in the various companies out that year. So Sanson has decided to select that name for his show this year, since he is to have all the best things that were ever put on at this old den since the founding of the realm.

Applications for places on the initiation crew are already pouring into the office of the secretary. To a large extent the old members of the crew are again putting in their applications. The first call for the crew is to go out for April 19 when they are to receive preliminary instructions. To be a member of the crew one must be a paid up member.

Making Good Work Possible. As long as one is on his feet, he can work after a fashion, no matter how badly he feels. But you cannot do good work—have ambition and energy, fall that life is worth living—with sluggish bowels or torpid liver. Foley Cathartic Tablets do away with that growly, dull, tired feeling. They never gripe or cause nausea. They're wholesome, cleansing and healthful. Most satisfactory for stout persons. Sold everywhere.—Advertisement.

STORZ FAMOUS BOCK BEER

On draught throughout the city now. A genuine old mellow Bock and the best brewed in Omaha. Watch for the "Storz" sign. Have a case sent home. Phone Chas. Storz, Web 1280.

Single Tax Proposition Defeated. COLORADO SPRINGS, Colo., April 7.—A charter amendment providing for the single tax in municipal affairs was defeated in the city election here yesterday. The voters also defeated an amendment permitting Sunday amusements.

Smile With Me! Take "Cascarets"

Feel bulky! Don't stay bilious, sick, headachy, constipated.

Spend 10 cents! Remove winter's poison from your liver and bowels.

Enjoy life! Spring is here and your system is filled with the winter's accumulation of bile and bowel poisons which keeps you bilious, headachy, dazed, tongue coated, breath bad and stomach sour. Why don't you get a 10-cent box of Cascarets at the drug store and feel fine—Take Cascarets tonight and enjoy the most, gentlest liver and bowel cleansing you ever experienced—Give Cascarets to

DAHLMAN'S VOTE IS SURPRISE TO SELF

Says He Ran Even Stronger Than He Expected—To Boost for Auditorium

GOSSIP OF THE HANDICAP

"I ran stronger Tuesday than I believed I would. I take this vote of myself and associates as indicative of what will happen on May 4. I am thankful to those who supported me. It shows the people of Omaha endorse my administration," declared Mayor Dahlman, who also said he intended to make a campaign in favor of buying the Auditorium.

The mayor's office was crowded all morning with people who called to congratulate him. The chief executive will take a rest before entering upon the campaign for re-election.

"I feel that my work along lines of playgrounds and other park features won me many votes," declared Commissioner Hummel, who ran next to the mayor in the primary race.

Picture How It Happened. The politicians and others are busy today figuring out how it all happened. The vote shows that the mayor was endorsed in nearly every ward. The second ward gave the mayor nearly 1,000 votes, which was the strongest expression of the wards for the chief executive of the city. Ryder was severely cut in the Twelfth, his own ward. Simon ran two to one against Zimman in the Third ward.

In the Sixth Butler was cut, particularly in the First precinct. M. L. Wilson and Gene Howard, colored janitors in the city hall, were against Butler in this precinct until they were called out at 6 p. m. by an influential colored politician.

The fight between Zimman and Simon in the Eighth ward, thickly populated by Jews, was very keen, Zimman carrying this ward by a strong lead over Simon. One of the features of the primary is the expression of many who are surprised at the comparative weak showing made by Ed Howell. There were many who felt sure he would be within the first group of fourteen.

St. Joseph Hospital Laboratory is Badly Damaged by Fire

Quick work by an internist at St. Joseph's hospital early yesterday probably saved one wing of the big building from destruction by fire.

The blaze started, it is thought, from spontaneous combustion of chemicals. The internist discovered it before it had much start and he fell to work with a bucket. In spite of his efforts, the laboratory, containing valuable equipment, was badly damaged.

Cold Blasts Cause Scurvy. Sloan's Liniment will help your scurvy. Get a 50c bottle now. It penetrates, kills the pain, stops itchy aches. All drug stores.—Advertisement.

BRAMBLETT FUNERAL IS TO BE HELD THURSDAY

Funeral services for W. R. Bramblett, 1621 Evans street, who died Tuesday at the age of 65, will be held Thursday afternoon at 2 o'clock. Burial will be in West Lawn cemetery. Mr. Bramblett is survived by his wife and one daughter, Mrs. E. M. Kent. The deceased was president of the Bramblett Engraving company, which concern he established nine years ago, when he came to this city from St. Paul, Minn.

Rain Causes a Drop in Market Wheat Quotations

On account of reports of large quantities of wheat being taken for export the market opened strong, several cars being sold at \$1.11 per bushel, the top for the day, but shortly after 11 o'clock it commenced to fall off and closed near the bottom, \$1.03.

The Omaha decline in wheat prices started when the report of heavy rains over all of the wheat growing sections of Nebraska, Kansas, Iowa and Missouri came in. This decline was given another impetus when the government report the first of the year was received from Washington. This report indicated that in Ohio, Indiana and Illinois the winter wheat is beginning to show the effect of a lack of rain and that some anxiety is felt over the future of the crop.

Wherever, however, the Washington report indicated the prospects the best in years. The Department of Agriculture in summing up places the condition of winter wheat in Nebraska April 1 at 80 and Kansas 77 per cent on a basis of 100, these two states raising practically one-third of the winter wheat grown in the United States.

April 1 the Department of Agriculture estimated the condition of Ohio wheat at 90; Indiana, 84; Illinois, 84; Iowa, 85; Oklahoma, 84 per cent.

Figuring on the basis of the ten-year average April 1 the condition of winter wheat should be a little better than 77 per cent, but this April it is 82.3 per cent. Corn failed to follow the lead of wheat, and instead of dropping it advanced 1/4 of a cent per bushel over Monday, selling at \$1.07 1/2.

Oats were steady to unchanged from Monday, prices being 53 1/2 cents per bushel. Omaha receipts were: Wheat, 19; corn, 6; oats, 18 carloads.

HAMPTON INSTITUTE WORK TOLD AT LOCAL Y. M. C. A.

The good work accomplished by Hampton Institute, a colored educational institution, was presented at the Young Women's Christian association Tuesday evening by representatives from that school, headed by Major Robert H. Moton. Motion pictures depicting the life of the negro of the south before and after the application of Hampton principles, a talk by Major Moton and musical selections by a colored quartet made up the evening's program. A goodly sum was contributed toward the support of the school. "Hampton has sown the seed of development of possibilities for the negro. It encourages race pride, race confidence and race integrity. We do not ask for sympathy because we are black. We ask only a fair chance to make ourselves worthy a place in the world," said Major Moton.

Dandruff Soon Ruins The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Advertisement.

County Assessor Wants Automobile

County Assessor Cavanaugh will ask the county commissioners for an automobile with which to make the rounds of the county during the months after the County Board of Equalization shall have completed its labors this summer.

ALLEGED PURSE SNATCHER CAUGHT AFTER HARD CHASE

Tom Sullivan, winner, E. D., is being held by the police as a purse snatcher. According to J. E. Stephens, 219 North Fourteenth street, and H. White, 2319 California street, they saw him seize a woman's handbag at Nineteenth and Hurst streets last night. They pursued him to Sixteenth and Cass streets, where Sullivan ran into the arms of Officers McDonald and Piotts.

Big Eaters Get Kidney Trouble

Take a glass of Salts before Breakfast if your back hurts or Bladder bothers you.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative system clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizziness, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine; so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advertisement.

DEMOCRATIC LEAGUE OF CALIFORNIA SECRETARY READY FOR CAMPAIGNS

Ralph Starke of Petaluma, Cal., Now Well After Using Akoz Mineral for Rheumatism

"I looked for a while that rheumatism was going to keep me out of the stirring political campaigns last year, but thanks to Akoz I was as well as ever and able to go into the fight for the party I represent," so spoke Ralph Starke, secretary of the Democratic League of California, for two campaigns private secretary to Theodore A. Bell, Democratic leader of the state. Mr. Starke has his office in the Holbrook Bldg., San Francisco. Continuing in discussing his case, and the wonderful results obtained from Akoz, he has this to say:

"For over a year I had inflammatory rheumatism in its worst form. The pains were all over me. At times I would have to go to bed and remain helpless for days at a time. Nothing helped me until I tried Akoz, which I saw advertised so extensively. I used both the external and internal preparations with the result that in a month's time I felt as well as ever. The Akoz compound applied over the body where the pain was greatest relieved my suffering in a short time. The water seemed to act quickly in driving the uric acid out of my system. While I feel completely recovered, I am going to make sure by drinking the Akoz mineral water for three months."

As Xmas gift for an ailing friend or relative you could not choose a more suitable present than a treatment of this wonderful remedy. Akoz is now being introduced in Omaha at Sherman & McConnell's 15th and Dodge St. drug store. Visit, phone or write the Akoz man for further information regarding this advertisement.

Hupmobile

Ask the Garage Man. The garage is a motor car clinic. All kinds of cars with all kinds of symptoms and diseases come there to be cured.

Ask the surgeon in overalls about the Hupmobile. He will tell you that many of them come for gas and oil.

"But mighty few," he will add, "for repairs."

"I have no reason to 'boost' Hupmobiles," he will say with a grin. "They don't particularly help my business."

After that admission, listen to what he has to say. He knows cars.

He will tell you that the Hupmobile is a wonder. He will confirm what you already have come to believe—that the Hupmobile stands up under conditions that would kill a car less sturdy.

He will tell you that the Hupmobile motor is a wonder—a glutton for hard work.

The garage man is the friend of the Hupmobile in spite of the fact that it does not swell his income.

He is its friend because he loves a good car—and he can't help saying so. He is always a Hupmobile booster.

Let us add to his testimony with a Hupmobile demonstration.
