ALLEGED CAR ROBBER SAWS WAY OUT OF TUCUMSEH JAIL

TUCUMSEH, Neb., June 5.—(Special.)—August Stange, in the county jail here to await trial on a charge of breaking into a Burlington merchandise car at Sturgis and stealing goods, made his escape from the prison some time during Thursday evening. At dusk Stange was in the out-of-door steel case, and later it was discovered he had sawed off a bar and made his getaway. At the time of the theft at Sturgis a companion was picked up with Stange here, and it is probable that he, after being given his freedom, passed the saw back to the prisoner. The men appeared at the express office here the day after the car had been robbed and had a box of merchandise they wished to send to St. Louis. In the box was some of the goods stolen. Stange wanted to go before the court and plead guilty to the theft, saying he found the goods on the platform at the Sterling depot, but would not plead guilty to breaking into the car.

Rumor Carranza and Villa May Agree to End Hostilities

EL PASO, Tex., June 5.—The possibility that President Wilson's recent note to Mexican leaders might result in a rapprochement between General Carranza and General Villa was being discussed in Mexican circles here today. It was stated authoritatively that at the suggestion of a high Villa official on the border a request has gone to El Paso Arrondissement, Carranza representative at Washington, to outline some basis for an understanding.

It was admitted that leaders of both factions here and in Juarez have discussed this subject informally, but none would venture a prediction as to what basis for an understanding eventually might be reached.

General Felipe Angeles at El Paso has wired Villa headquarters at Juarez that he approves the Wilson message and personally would be willing to cease fighting if a basis for an understanding could be reached, despite his contention that Villa forces have the advantage in the recent fighting at Silao.

No word had been received from Villa up to noon as to his views of President Wilson's note.

Pacific Mail Ships Restrict Booking of Freight and Passage

SAN FRANCISCO, June 5.—New restrictions on traffic because of the impending operation of the seaman's act, effective November 4, were announced today by officials of the Pacific Mail Steamship company.

Freight engagements from San Francisco are not being made beyond July 31, the sailing date of the steamer Manchuria, it was stated, and passenger bookings are being made subject to cancellation, both here and at Oriental ports.

The last sailing date on the schedule is that of the steamer Mongolia, November 2. It will omit calling at Honolulu, T. H., because it could not reach there in time to get clearance before the seaman's act would become effective November 4.

The trans-Pacific vessels of the Pacific Mail are manned almost entirely by Chinese. Compliance with the seaman's act would be ruinous. Pacific Mail officials announced some time ago. The act provides that crews shall understand the language of officers and specifies certain food and sanitary regulations which the company said would be onerous.

Widespread Opium Plot is Discovered

SAN FRANCISCO, Cal., June 5.—Revelations of an alleged protected opium traffic involving attorneys, employees of the state board of pharmacy, members of the San Francisco police department and a variety of underworld characters are made in a series of affidavits presented to John Francis Neelan, president of the

board of control, in an official hearing and made public today.

The affidavits were obtained by Chief Inspector Frederick A. Sutherland of the board of pharmacy. The hearing on them all will be resumed Monday. Sutherland charges that four members of the state board were remiss in not pressing accusations which he made to them.

Three inspectors of the board are charged with accepting bribes. William White, a brother of the chief of police, is one of them. White said he would prefer charges against Sutherland, who, he said, had accumulated much property. He and every other man named in the charges denied them.

Prosecution of Tom Toy, a Chinese investigator, after it became known that he was reporting to the board also is charged. The Chinese, it is asserted, was arrested repeatedly without cause, while a woman named in the affidavits as paying \$50 per week protection money is also declared to have suffered like persecution when she stopped doing so. Confiscated opium, the charges state, was sold after it had been used as evidence.

PRICE REDUCTIONS that mean an unprecedented sacrifice distinguish this sale from all previous similar events.

134 PIECES—Consisting of large and small KIRMANSHAHS, SARUKS, MUSHGABADS, KHIVAS, BOKARAS, KAZAKS, CABISTANS, etc., have been reduced in price away below cost for quick disposal.

THESE ARE GOOD RUGS—But for some reason or other have remained in stock longer than our policy of merchandising permits us to keep them, therefore these remarkable prices.

QUOTATIONS OF PRICES on Oriental rugs mean little to the prospective purchaser. To see the rug, its texture, colorings and design is essential. But to give you an idea of what these reductions amount to in dollars and cents and what some of the sizes are, we mention a very few individual items:

PERSIAN MAHAL, 12-2x8-10, formerly \$215, sale price \$132

ROYAL KIRMANSHAH, 14x9, formerly \$445, sale price \$325

PERSIAN BULUK, 12-2x8-9, formerly \$250, sale price \$128

KIRMANSHAHS, average size 6-6x4-6, selling regularly from \$85 to \$110, very special \$49.50

GUENJE, 6x3-6, formerly \$15, sale price. . . . \$6.50

SARUK rugs, average size 6-6x4-4, formerly \$100, sale price \$62

KHIVA BOKARA, 7x8-1, formerly \$90, sale price \$54

Because these prices are so extremely low we have decided all sales must be outright and absolute. These rugs may not be exchanged. They will not be sent on approval, but the closest examination and inspection will be encouraged on our floors.
