GRAIN AND PRODUCE MARKET | mark, cases included, 1401914c; ordinary

Trade in All Grains Light, There Being but Two Carloads of Wheat In.

DEMAND FOR OATS IS FAIR

OMAHA, July 8, 1915. Trade in all grains continued light to tionally light today, there being but two cars reported in. These were quickly taken up at an advance of one cent. Corn was firm and the market showed gains of a quarter to a cent over yesterday's prices. The receipts of this cereal were light and the demand was fair. Oats continued to soll very readily, the bulk of the sales today being in advance of a half to a cent over yesterday's quotations

Clearances were: Wheat and flour equal 487,00 bu.; corn, 248,000 bu.; cats, 56,000 bu.

Primary wheat receipts were 496,000 bu.
and shipments 337,000 bu., against receipts of 1,000,000 bu. and shipments of
643,000 bu. last year.

Primary corn receipts were 735,000 bu.
and shipments 428,000 bu. against receipts
of 379,000 bu. and shipments of 345,000 bu.
last year.

anst year.

Primary oats receipts were 711,000 bu.
and shipments 579,000 bu. against receipts of 469,000 bu. and shipments of
684,000 bu. last year.

Liverpool Grain Market. LIVERPOOL, July 8.—WHEAT—Spot 

mainly in August. In this connection a bull leader here went on record with the opinion that the maximum crop in this country had already been discounted and that sooner or later the transatiantic call would require American wheat running into hundreds of millions of bushels.

Unfavorable weather and active shipping demand kept the corn market on the upgrade. As a rule traders correctly assumed that the government report as to corn would prove to be of a buillish character. In the oats crowd the ruling influence was fear that serious damage had been done by storms. Well founded anticipation of bearish figures from Washington finally acted as something of an offset to the early advance.

Liverpool., July 8.—WHEAT—Spot, No. 2 Manitoba, 11s 6d; No. 2 hard winter, 11s 4d.

but larger than a year ago by about 3,000 head
Choice long-fed beeves were 10c higher this morning, the best on sale moving at \$16.10, the highest price paid on this market since December of last year. On the other hand the common to pretty good kinds of cattle were around 10c lower, closing slow and weak. There is a gradually widening spread between the common to pretty decent beeves and the choice, well finished cattle. Cows and helfers were fairly active at fully steady prices. The feeder trade did not show any new or interesting changes, prices remaining about steady.

### U.S. Government Is Resolved Armies Not Recruited Here

WASHINGTON, July 8.—Although De-partment of Justice officials are confident they have nipped in the bud a plan to ship large numbers of Montenegrins back to their native country to join the colors, it was said tonight there was no present intention of preventing the departure of Montenegrins who already have been induced to start for home.

Officials here, therefore, were not surprised to learn that 146 recruits held up in Portland, Ore., had been allowed to proceed. It is said the efforts of the government are to be directed chiefly toward the conviction on charges of violating the neutrality laws of the three or four representatives of the Montenegrin government charged with inducing their countrymen to enlist and return home. The cases probably will be laid before the federal grand jury at Chicago, where much of the evidence was obtained from recruits held up on a railroad train bound

for Canada. The activity of the department leading to these arrests is a part of a general effort to prevent enlistments in the United States for the armies of belligerent Eurorean nations.

Word was received today at the depart ment that indictments were expected in San Francisco against five men charged with securing recruits in the United States for the British army.

### Two Jitney Buses Collide at Corner

Two jitney buses, proceeding in opposite directions on Farnam street near Twenty-fifth, collided at 6 o'clock last night, damaging both machines and shaking up the passengers.

Rent rooms quick with a Bee Want Ad.

NEW YORK STOCK MARKET Shares Are Again Nervous and Un-

settled on Exchange.

NOT LIKE THE DAY BEFORE NEW YORK, July & Stocks were again negvous and unsettled today, but not to the same degree as yesterday. Dealings were on a much more contracted scale, the result in large part of some diminution in the volume of foreign offerings. Selling for Europe was sufficiently extensive, however, to cause more new low records.

tensive, however, to cause more new low records.

Louisville & Nashville declined to 1944; Southern railway, common and preferred, to 134, and 454, respectively, and Missour. Pacific fell to 34. Missouri, Kansas & Texas issues, Kansas City Southern and St. Louis & San Francisco second preferred also were weak.

Many of the standard railway stocks sold under yesterday's low level, especially in the last hour, on publication of the mixed crop report, while others seemed in process of readjustment to new conditions. Leaders like Reading. Union Pacific and United States Steel offered resistance to bear pressure, but the list as a whole was inclined to yield on moderate offerings. War specialities ranged from 1 to 2 points higher and coppers hardened on denial of reports that the metal is being sold under quoted prices. Total sales amounted to 355,00 shares.

shares.

Steadiness in the various markets for foreign exchange gave added point to the negotiations pending for the new British loan at this center. There was a fair demand for bills on London and continental remittances were firm, even reichmarks manifesting a harder tendency. This last condition might be ascribed to purchase of bills on Berlin and Hamburg against recent German sales of our securities.

of bills on Berlin and Hamburg against recent German sales of our securities.

Money brokers reported a better demand for mercantile loans, an indication of betterment in general lines of trade. Quoted rates show no change from recent easy monetary conditions.

The feature of the Bank of England's weekly statement was the further large decrease—almost \$5,000,000—in gold. The bank strengthened its liability reserves over the preceding week, but the decrease of \$68,000,000 in public deposits probably represented withdrawals for participation in the new war loan.

Japanese bonds bearing the German stamp figured in today's dealings. Total sales, par value, aggregated \$2,170,000. United States bonds were unchanged on call.

### Lloyd George Calls Colleague in Cabinet For Talking Too Much

LONDON, July 8.—David Lloyd George British minister of munitions, in an au thorized statement tonight takes issue with Viscount Haldane on the latter's version of what took place at a meeting of a committee of the cabinet in October to consider the supply of munitions of war. Mr. Lloyd George says that Viscount Haldane's version of what took place was "incomplete, in some respects inac-curate," and adds: "The very fact of this conflict of memory having arisen shows the unwisdom of these partial and unauthorized disclosures of decisions of highly confidential sessions of the cabi-

In a speech before the National Liberal club July 5, Viscount Haldane said that in October a committee, presided over by Lord Kitchener, assembled in the war office. David Lloyd George and other

ministers attended. It was decided, continued Viscount Haldane, that the output of munitions must be increased tenfold. Everyone was consulted. The necessary orders were given to manufacturers who undertook to execute them. If these orders had been executed, said he, the country would have been in "tremendous position," but labor difficulties confounded all the calculations of the manufacturers, and that explained the trouble of today.

### Krupps Put in Plant For Repairing Autos

PARIS, July 5.-Saint Quentin, suppos to be the general headquarters of Ger man armies operating in France and Be' gium, is the concentration point for damaged guns and rolling stock. The Krupps have installed in a motor-car works there a plant for the repair of cannon, machine guns, automobiles, gus carriages, etc. German workmen were imported from Essen to equip the plan: Barbed wire is also prepared for use and distribution from there.

The Saint Quentin works turns out an iron picket in the form of a corkscrew to replace the wooden pickets. They are thus able to stretch their barbed wire defense without revealing their work to the enemy by the noise of driving pickets into the ground. The Germans have also installed a chemical works at Saint Quentin,

American Telephone & Telegraph Co. A dividend of Two Dollars per share will be paid on Thursday, July 15, 1915, to stockholders of record at the close of business on Wednesday, June 16,
