

RUSSIA WILL SEND MEN TO GALLIPOLI

Cear is Fitting Vessels to Carry Troops from Vladivostok to the Dardanelles.

TURKS DRIVE AWAY CRUISER

MANILA, July 12.—Persons who have arrived here from Saigon, capital of French Cochinchina, report that all vessels belonging to the Messageries Maritimes, which have been engaged in far eastern traffic, are being transformed into transports to carry Russian troops to the Dardanelles. Whenever a vessel of the Messageries fleet reaches Saigon, it is said, the passengers are transferred and the freight unloaded, after which a large force of carpenters work at top speed to make the necessary alterations. The ships are then sent to Vladivostok to take on troops.

Russia probably would benefit more than any other nation from the forcing of the Dardanelles and the fall of Constantinople, but there have been no previous reports of an authoritative nature to the report that Russian troops would be sent to the Gallipoli peninsula to assist the allies in the operations there.

Turks Repulse Cruiser

CONSTANTINOPLE, July 12.—(Via Wireless to London.)—Bombardment of Turkish positions on the Gallipoli peninsula by a warship again has proved futile, according to a statement issued tonight at the Turkish war office. The communication follows:

Saturday afternoon an enemy cruiser of the Nelson type, protected by four torpedo boats, appeared before Cape Tepe (near the tip of the peninsula), and fired 20 shells at our position without success. The Turks lost one killed and two wounded. Several of our shells struck the ship and forced it to withdraw.

Armenians Are Massacred

YIPPIE, Transcaucasia, Monday, July 12.—(Via Petrograd July 12 and Via London, 12 a. m.)—Reports from the various fronts in the Russo-Turkish campaign indicate that lively fighting has occurred recently north and south of Van Lake, Turkish Armenia, and south of Oltu, in Transcaucasia, fifty-five miles west of Kars. All of these encounters are said to have resulted favorably for the Russians. According to these reports, a Turkish force of 30,000 men, which was concentrated to the east of Bitlis, near Van Lake, is being hard pressed by the Russians.

Organized massacre of Armenians in Bitlis is taken as an indication that the Turks intend to retreat from that point. The Turks distributed 40,000 rifles among Kurds in Mush valley for use against Armenians. Notwithstanding massacres and epidemics, the Armenians are resisting bravely. They have been joined recently by 100 Armenians volunteers from America.

made vigorous protest in the name of humanity. They made the trip from the liner Colorado in the admiral's barge. The time for the bombardment had been set for 8 o'clock Monday morning. The Guerrero commander agreed not to open fire upon the trains and Bonita at 5 o'clock Monday night.

The Guerrero arrived here Saturday and immediately a blockade was declared. A schooner which attempted to enter port soon afterward was stopped and ordered to put to sea after its passengers had been permitted to land. A protest against the blockade was made by Admiral Howard for the foreign consuls.

Peter Nelson, 222 South Sixteenth street, charged with keeping a disorderly house, was fined \$5 and costs in police court. Margaret Clark, 1502 North Sixteenth street, arrested on the same charge, forfeited \$50 bonds. Henry Gall, Eleventh and Dodge street, was found not guilty of a like offense and discharged.

Red Cross Supplies Turned Back

WASHINGTON, July 12.—How an American Red Cross agent, headed for Monclova, Mexico, with relief food supplies was turned back by the fighting and returned with wounded Mexicans and his food consignment, was told in a dispatch today to the American Red Cross headquarters. J. C. Weller, who started from Piedras Negras, telegraphed that in the battle of Barratoran, half way between Eagle Pass and Monclova, a Mexican commander had placed him in charge of wounded. He gave first aid on the field to twenty men and brought them back in a box car to the hospital at Piedras Negras.

Census General Hanna at Monterey reported that last Friday he furnished corn and American salt pork to 20,000 persons. Official reports giving details of the capture of Mexico City by Carranza forces had not reached the State department.

Repulse of 2,000 Carranza troops, who attacked the Villa garrison at Cabullena, Sonora, was announced today by the Villa agency. General Hernandez, Villa commander at Piedras Negras, telegraphed that Carranza forces, attacking Monclova, had been driven off toward Lampazos.

a draft of a reply to Germany, but has not given anyone the slightest inkling of his views. Such intimations, however, as have been received from the White House as well as the State department point to the framing of a policy which will express even more emphatically than before the views of the United States and the belief is growing that the next note may include some idea of the intentions of the American government if its demands are not met. The general comment in executive quarters today was that the next American note would define the position of the United States even more clearly, so that Germany's subsequent attitude would definitely determine whether diplomatic relations were to be continued.

Single Topic of Concern

In all quarters here the reply was the single topic of concern. What the action of the American government will be is doubtful largely in the sense that the means of expressing the ideas and purposes of the United States have not yet been decided. It was authoritatively indicated that obviously there will be no surrender of rights and no acceptance of the German proposal to guarantee immunity to American ships under arrangements to be agreed upon by the naval authorities of the two countries concerning the marking of the neutral ships.

There is no intention, from indications from official quarters, to force a crisis,

but in whatever policy is followed, the American endeavor will be to place full responsibility on Germany for any subsequent rupture in friendly relations. Since the Lusitania was sunk on May 7, there has been no violation of the principles for which the United States has contended, unless the mishap to the Nebraska can be included, and in that case the Washington government has not finally reached a conclusion as to whether a mine or torpedo caused the explosion.

Will Give Warning

In the view of many officials, should German submarine commanders, therefore, continue in practice to respect American rights, discussion could continue. There were intimations, however, that in the next communication the United States most likely would impress upon the German government the serious consequences which will ensue from any further violation of American rights as proclaimed in the notes already sent.

Count von Bernstorff, the German ambassador, does not believe a break between Germany and the United States is now probable and is satisfied that the suggestions carried by Dr. Meyer-Gardner to urge the German foreign office to adopt a friendly tone in its reply were followed. With the United States an active champion for the cause of neutral rights, German officials here say they foresee an amicable understanding eventually on the question of the freedom of the seas.

Wilson in Thoughtful Mood

COVINGTON, N. H., July 12.—President Wilson played golf near here this morning and sought relaxation from the press of official duties which have kept him busy for the last few days. On the way to the golf course he rode on the front

seat of the automobile with the driver and appeared absorbed in deep thought, but as soon as he reached the links he became interested in his game.

Britons Call It Shameless

LONDON, July 12.—The Manchester Guardian concludes an editorial on the German reply to the American note as follows:

"Since Germany cannot obey the laws of humanity while it uses submarines to do crueller work, it contends with characteristic logic that it is right for it to break them. It is the kind of logic which America has given ample proof that it will not tolerate; and, coupled as it now is with an attempt to make the United States participate in the German method by communicating to Berlin the names and sailing times of ships that may be safe and thereby implicitly consigning others to their fate, it will probably convince President Wilson of the folly of continuing diplomatic relations with a government so shameless."

SUFFRAGISTS WILL CAMPAIGN BY 'PHONE

NEW YORK, July 12.—The Empire state campaign committee has selected July 15 as "telephone day" for the suffragists and announce that on that day they plan to use the telephone almost exclusively in their effort to obtain the right to vote.

Appeals will be made from suffrage headquarters in New York and elsewhere to the governors of New York, New Jersey, Pennsylvania and Massachusetts to support the suffragist campaign. The mayors of New York and San Francisco will be asked to deliver short speeches by telephone. On that day every suffragist in this

state will be required to call up two men by telephone and urge them to vote for the suffrage amendment to the state constitution this fall.

are almost parallel. Hedrick was killed by the alleged Taylor county outlaws three years before Smith met his death.

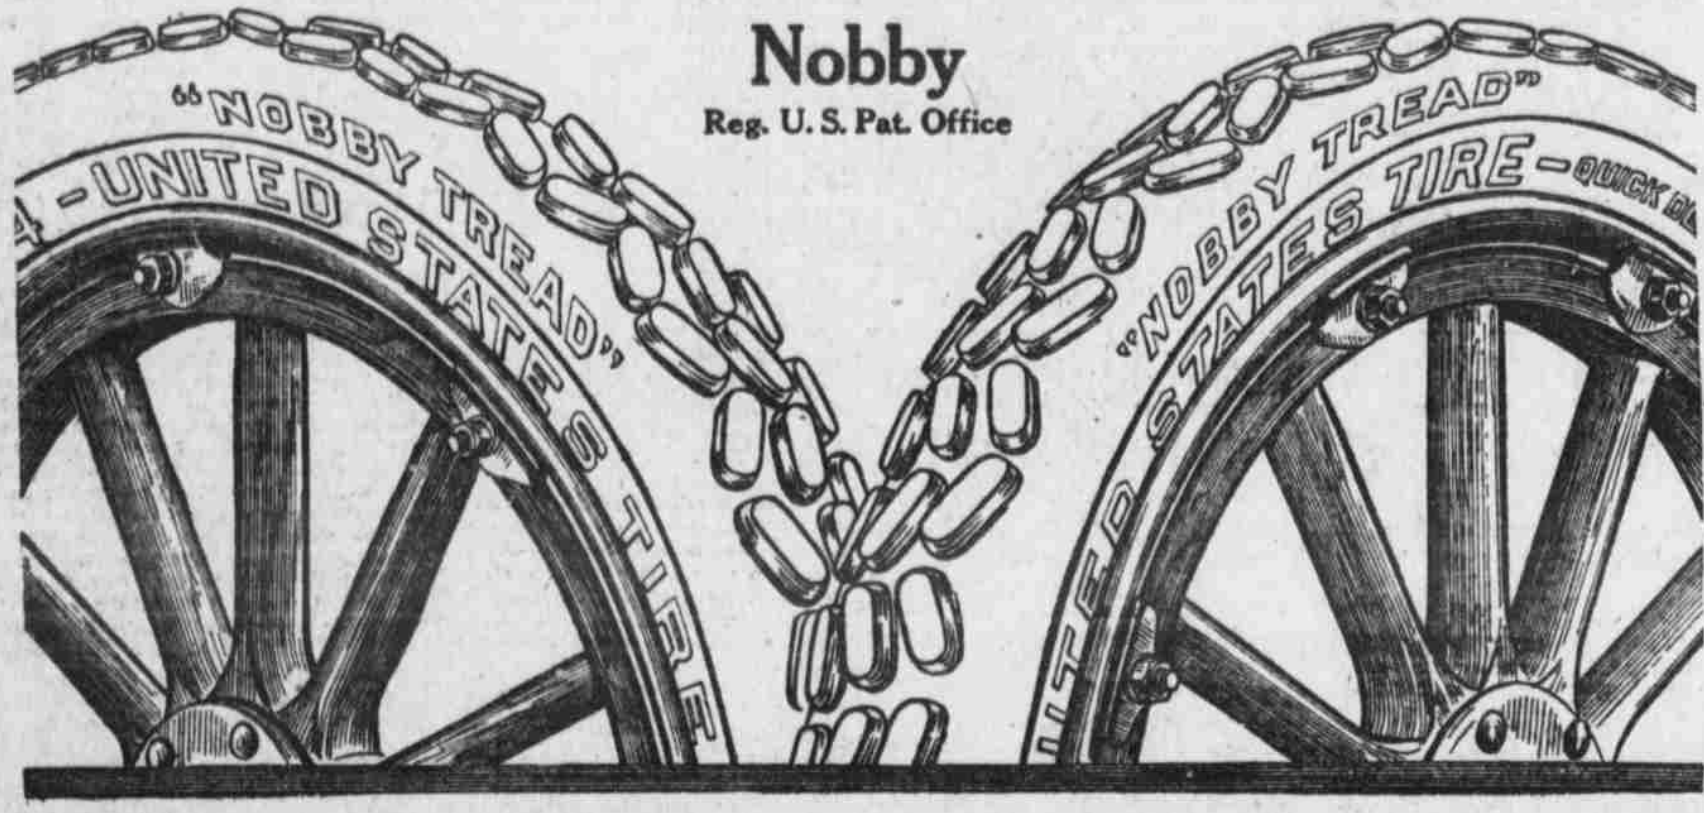

Son Not Killed. "Hedrick lived at Westboro, Mo.," said Mr. Bulman. "He had a son with him, just as had Smith, and he was a stockman. He had about \$2,000 when he was killed. His son was not killed, however, but was taken away by the gang and given \$25 in a buckskin belt and turned loose. The boy disappeared."

"We are continuing our investigation into the identity of the three men who were murdered and the circumstances of their death."

Attorney Bulman said the hearing would be held in Bedford tomorrow, despite reports that heavy rains in that section had made travel difficult and made a delay probable.

TSE NE GAT SWEARS HE DID NOT KILL CHACON

DENVER, July 12.—The Ne Gat, a Mexican Indian, on trial for his life, charged with murder, today took the stand in the United States district court and swore that he did not kill Chacon, the Mexican shepherd, whose body was found in Montezuma county in March, 1914.
