

CURTAIN-RAISER FOR SUNDAY GAME

All-Star Team from American League Will Battle Brown Parks in Preliminary.

DENNISON PERUSING DOPE

A preliminary game which promises to be a corker has been scheduled as a curtain raiser for the big Duluth-Omaha intercity series game at Bourke park Sunday.

Joe Steiger has chosen the all-star nine. He has selected the following players: C. Voss, B. Voss, McKeown, Feltman, Pitcher, Vernon, Price, Honack, Crown, Eggers and Smith.

This should make an interesting preliminary game for the main fray. This game will be started at 1:30 and the play will be stopped promptly at 3:15 so that the Luxus and Duluth champs can take the field at 3:20 sharp.

Johnny Dennison, manager of the Luxus crew, has been spending the week in studying up on the Duluth team. Johnny isn't afraid of the chaps from the north, but he admits it will be a tough battle.

Guy Holland and Ernie Rushenbers, the crack Luxus battery, have been working all week and Holland declares he will be in prime shape for the fray. "They won't make many runs," asserts Holland, "and if the boys make a few scores I'll pitch my port wing off to win."

800,000 MEN ON BALKAN BORDERS

Nearly Million German Troops Are Available for Attempt to Break Through to Aegean Sea.

FEELING OUT SERB POSITIONS

NISH, Serbia (Via Paris), Sept. 24.—The best information obtainable here indicates that there are 800,000 German troops available for an attempt to force a passage through Serbia. It is felt in Nish that this movement will be undertaken.

The operations thus far still are of a character which indicates that the Teutons are feeling out the Serbian positions.

Balkan Riddle Puzzles.

LONDON, Sept. 24.—"The riddle of the Balkans," as the London press terms the latest developments in the near eastern peninsula arising out of Bulgaria's order for mobilization, remains unsolved. The greatest uncertainty still exists even in official circles in London as to the intention of King Ferdinand and his advisers.

In fact, it is not yet certain that the mobilization has begun or that the date has been set for it. One report from Athens says the mobilization has been postponed.

It is known, however, that the entente representatives at Sofia and other Balkan capitals still are busy trying to reconstruct the Balkan league and thus prevent Rumania, Bulgaria, Greece and Serbia from fighting among themselves. As the Bulgarian government appears to have made up its mind, despite the opposition of some parties, it seems likely these diplomatic efforts will have many difficulties to overcome.

The central powers, however, have commenced their attempt to make their way through Serbia and one of the intervening neutral countries to the Aegean. With Russia more than holding its own against the Austro-Germans in Galicia and Volhynia it is believed here the Balkan powers would hesitate before going contrary to the wishes of their big neighbor and protector.

The Russians also are doing better on the northern end of their line and thus far have prevented Field Marshal von Hindenburg from reaching the Divina river, west of Lennawend, where for the second time battle has been joined, and are putting up a stubborn fight further down the river, west of Dvinsk, where the Germans claim to have penetrated their positions.

Southeast of Vilna, the Russian rear guard, which made possible the escape of the main Vistula army from the German net, are now falling back, and in doing so have left some prisoners in the hands of the Germans.

Havarian Advance Blocked. Prince Leopold of Bavaria has made a slight further advance, but Field Marshal von Mackensen and his Austrian colleagues in the south are at a standstill, or are even being pushed back by the Russian commander, General Ivanoff.

The big guns continue to boom along the western front and the men on both sides are finding plenty of employment.
