By MELLIFICIA. Monday, September 27, 1915.

"MY, my, what a lot of military ancestors were wished upon you! Small wonder if you grew up to be as warlike as the celebrated kaiser and being born in this warring day, too!" I could not help but exclaim when I learned of the birth of James Nixon Peale, Jr.

James junior was born to Lieutenant and Mrs. James Nixon Peale Wednesday at the residence of Colonel and Mrs. R. N. Getty at Fort Logan, Colo. Lieutenant Peale is of the Eleventh United States Infantry.

Mrs. Peale is the daughter of Colonel and Mrs. Getty, United States army, and granddaughter of General George Washington Getty, United States army.

Lieutenant Peale is the son of former Colonel James T. Peale, Fourth Pennsylvania cavalry, and Mrs. E. H. Djureen of this city.

This makes three generations of West Point graduates among the infant's ancestors: His father, his grandfather and his great-grandfather. Nor are these all the ancestors the youthful scion may boast, for two famous painters, Charles Wilson Peale and Rembrandt Peale, and the first Presbyterian minister of early Washington, the late Rev. James Lawrie, are among his forebears.

What will James junior choose to be? Soldier, painter or clergyman? It would be interesting to know.

### At the Orpheum Theater.

Society night at the Orpheum theater will be especially popular this evening because of Miss Ala Nixson's appearance in "War Brides." Mr. and Mrs. Henry F. Wynnan will entertain a box party, their guests being:

## CHARGES DEATH TO IMPURE WATER

Estate of H. O. Nilsson is Suing Water District and R. B. Howell for Damages.

### SAYS COMPLAINTS WERE MADE

Alleging that the Metropolitan Water district and R. Beecher Howell, its general manager, is responsible for the untimely death of Henry O. Nilsson, 32 years of age, by providing impure and germ-laden water which he drank, the administrator of his estate has brought suit against the water district for \$25,000 damages.

Mr. Nilsson was a member of a well-known Omaha family. He was living at the home of his brother, Dr. John R. Nilsson, 1225 North Thirty-third street, when he contracted the sickness which caused his death, April 24, of this year. Dr. Nilsson was absent from the city during his brother's illness.

The petition alleges that R. Beecher Howell received numerous complaints of the condition of the water, but failed to remedy it. It asserts that the water district failed to provide pure and wholesome water in accordance with its duty and failed to flush or clean the water pipes.

The water provided was "filthy and germ-laden," the petition alleges, and as the result of drinking the fluid which came from the faucet, Henry O. Nilsson was stricken with fever and sickness, which caused his death.

Mr. Nilsson was ignorant of the "impure, foul, germ-laden condition of the water" when he drank it, according to the petition.

### Magical Effect of New Face Peeler

To maintain a clear, white, youthful complexion there's nothing so simple to use and yet so effective as ordinary mercurized wax, which you can get at any drug store. Just apply the wax at night as you would cold cream. In the morning wash it off with warm water. If you've never tried it you can't imagine the magical effect of this harmless home treatment. It causes the old worn-out skin to come off in minute particles, a little at a time, and soon you have entirely shed the offensive outfit. The fresh young under skin now in evidence is so healthy and girlish looking, so free from any appearance of artificiality, you wonder why you had not heard of this marvelous complexion-renewing secret long ago. Equally magical in its action is a simple wrinkle-removing lotion made by dissolving an ounce of powdered salolite in a half pint of witch hazel. Bathing the face in this for two or three minutes immediately affects every line and furrow and improves facial contour wonderfully. —Advertisement.

## Jack Schall is Out of Hospital Again

John A. Schall, 715 South Thirtieth street, who sustained a compound fracture of the right foot February 12, when

he slipped on the icy pavement, has left St. Joseph's hospital. An amputation of the member was necessary, and this was followed by a second operation August 29. Despite his long siege of trouble, Schall asserts he is feeling fine and is in the best of spirits.

Frank Fisher, who was struck by a train several weeks ago near La. Platte, left St. Catherine's hospital this morning.

### PERSONAL PARAGRAPHS

Mr. and Mrs. D. W. Merrow are back from a 5,000-mile automobile trip that took them through the New England

states and up into Maine, their old home. They were absent since early in July, visiting in Boston, New York, Philadelphia and many of the coast cities.

Alfred Manger is spending a few days with his parents, Judge and Mrs. T. U. Munger of Lincoln.

Assistant Postmaster Woodard has returned from a business trip to Detroit. He brought back with him a bad cold.

# "30 Days Hath September, April, June and November"

Do you remember the rhyme of the months. We have a conviction that they miss something in the schools, where they omit these aids to memory. But this is not what we desired to impress upon your minds today. ### One, Two, Three Days More and Prices on Furs Go Up Also

Fur Coats, Scarfs, Muffs and so forth and so on. Not in years have we been able to make such wonderful contracts on furs. NOBODY HAS. Do you realize that your Uncle Samuel is the only one of the big fellers who has any money? Let it seep into your minds this is today the world market and for some time there won't be any other. Foreign furs had piled up, no demand at home—had to be sold. America had the money—America got the furs. Now we are not the only smart people in the country. Others bought of these furs also, at low prices. Perhaps not every one made so fortunate a selection—THAT'S WHERE EXPERIENCE COUNTS. Equally important—NO ONE MAKES LOWER PRICES. Nobody can—you pay for no frills in this store. We own the shop; no one can sell goods on a smaller margin.

KNOW, THEREFORE—In many cases Furs have advanced one hundred per cent from the prices we paid. Our New York office reported another advance last week on Beavers and Skunks of approximately 50 PER CENT.

October first our prices will advance—if you want furs, prepare to buy them now.

PURCHASES MADE NOW WILL GO ON YOUR OCTOBER BILL.

## What is "Good Value" Anyway?

"VALUE" implies the proper relation between PRICE and QUALITY.

"Value" is distinctive of Omaha-Made goods. Their makers are most willing to back them with their reputations. (And it takes a reputation to for "delivering the goods" when you deal with the exacting Omaha buyer.

When such merchandise is offered in conjunction with unusually low prices, "value" is most assuredly present. High quality at a low price is an argument no one can afford to overlook.

It is an argument that is presented to you from the shelves of your merchant every time you go in to make a purchase. It's there waiting to show you that it is just as good or better and can be bought at as low or lower price than the out-of-town article you are about to ask for.

And while the Omaha-Made article sells on its own merits, there is another side to this question: Every dollar you spend on Omaha-Made goods STAYS IN OMAHA AND REVERTS BACK TO YOUR OWN BENEFIT AS THE PROSPERITY OF THE CITY INCREASES.

Next time you open up your pocketbook, make each coin to more than its duty by spending it for Omaha-Made goods.
