

ENLARGED BANK IN NEW LOCATION

State Bank of Omaha is Now Doing Business in Its New Quarters in City National Building.

DEBORD MAKES A STATEMENT

The State Bank of Omaha opened business in its new location Monday morning in the quarters which Saturday were the City National bank at Sixteenth and Harney streets. The announcement of the consolidation of the two banks under the name of the State Bank of Omaha was made Saturday afternoon, the vaults and records were moved over, and Monday morning, as if nothing had taken place, business went on normally at the new location.

The president's chair is being occupied by Albert L. Schantz instead of Dr. Fred R. Baker, who was president of the City National.

Dr. Baker says he has no definite plans at present, but will in all probability make his home in Omaha permanently.

Public Approves.
Speaking of the consolidation of the two banks under the State Bank of Omaha, President Schantz said: "The public has approved this move. The banks have approved it; and it is only a question of time when Omaha will have a great big state bank here. I want to say, too, that the bankers of Omaha have treated us extremely courteously."

"All the deposits in this bank now, both those that were deposited under the City National and those of the State Bank of Omaha, are now protected by the depositors' guarantee fund of the state of Nebraska."

"To those cashing checks at the new location this morning, the tellers issued State Bank check books for future use, although checks written on the old books labeled 'City National Bank' are honored just the same."

State Banks Work Together.

W. A. DeBord, attorney for the State Bank of Omaha, and member of its board of directors, said: "There is as much room for a big state bank in Omaha as there is for a big national bank. State banks from all over the state may carry their reserve in this bank and have it credited to them as reserve. Also there is the advantage that every depositor, whether it be a state bank or an individual depositor, has his deposits protected by the guarantee law. That is a great thing. It makes all the state banks of the state work together and co-operate. It cements them together into a co-operating whole. And with that established, a big state bank in Omaha is a vital necessity."

"The State Bank of Omaha has maintained a very conservative policy. It has always carried a large reserve—twice the legal requirement. Its policy has been not to load up to the handle, and this has been carried out beautifully, and the bank merits the confidence of the public for that reason."

Receives Maps of Boulevard Links

Commissioner Hummel of the park and boulevard department has received from the city engineer maps of routes of new boulevard links from Thirty-sixth and Woolworth avenues to Elmwood park and from the north side of Fontanelle park to Miller park. The distance of the former link is about four miles and of the latter three miles.

The southwest link will extend from Thirty-sixth and Woolworth over to Forty-second street and thence in a southeasterly direction to Lincoln avenue, south to Grover street and west to Sixtieth street and north to Elmwood park. It is proposed to develop a sunken garden between Forty-second and Woolworth avenues and Forty-fifth and Lincoln avenues.

THELANDER DECLINES CALL TO DEACONESSES' INSTITUTE

Rev. Philip Thelander of Batavia, Ill., has declined the call to become superintendent of the Immanuel Deaconess Institute, 434 Meredith avenue, Omaha, at the request of the parishoners of his church in Batavia.

The position became vacant when Rev. J. McLandry died August 12. The institute has forty-six students and 22 brothers. The young women prepare here to enter the Sisterhood of Deaconesses and devote their lives to hospital, mission and charity work. Twelve of the sisters are connected with the institute and out on missions away from Omaha. Two are in the China mission field, two doing work in Chicago, two in Minneapolis, one in Denver, who is taking special courses of study at Rock Island, Ill.; one a parish visitor at Rock Island and three are nurses in Immanuel hospital, Portland Ore. The institute is twenty-five years old.

Rev. P. M. Lindberg said several other ministers are under consideration for the place, but no call will be extended before the meeting of the executive committee two weeks hence.

PERMANENT ORGANIZATION FOR MISS MILLER'S WORK

The work of Miss Frances Miller of the Sunday party, among the school and business college girls, is beginning to draw to the focus of permanent organization, which shall continue after the evangelists have left the city.

Tentative plans have been discussed and at a meeting next Saturday afternoon a permanent organization will be effected of a club in the Commercial High school, the Central High school, South Side High school and various business colleges, with a joint council connecting all.

It is expected that Miss Helen Laurance, secretary for social and girls' work of the Young Women's Christian association, will be made chairman of the joint council.

A Medicine of Merit.

A proprietary medicine, like everything else that comes before the public, has to prove its merits. The law of the survival of the fittest applies in this field as in others. The reason for the tremendous success of Lydia E. Pinkham's Vegetable Compound is because it has been fulfilling a real human need for forty years, so that today thousands of American women owe their health and happiness to the marvelous power of this famous medicine, made from roots and herb-nature's remedy for women's ills.—Advertisement.

PRESIDENT AND V. P. OF THE ENLARGED STATE BANK.

A. L. Schantz.

J. R. Cain Jr.

Lobeck Stands at Tab When Call is Made for the Drys

Congressman C. O. Lobeck, democratic representative of this district at Washington, was the object of considerable "personal work" at the Tabernacle Sunday afternoon. The "Billy" Sunday campaigners wanted him to hit the trail.

The congressman, who voted against prohibition when the issue was before congress, stood up with the others who Sunday called on those who would "do everything they could for prohibition" to rise. He was seated on the platform and was surrounded by men who belong to the dry faction. He did not shake "Billy" Sunday's hand with the trail hitters, however.

Indigestion and Stomach Misery Just Vanishes

The moment "Pape's Diapepsin" reaches the stomach all distress goes.

Instantly stops any sourness, gases, heartburn, acidity, dyspepsia.

"Really does" put had stomach in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that just makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with life and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of sick, sour, upset stomach during the day or night. It's the quickest, surest and most harmless stomach regulator in the world.

Pape's Diapepsin instantly neutralizes the acids in the stomach, stops food fermentation or souring, absorbs gases and starts the digestion. The relief is quick, sure, wonderful—stomach sufferers have a pleasant surprise awaiting them—Advertisement.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and stinging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

MOST OF THE CORN CROP IS MATURED

In South Platte District Fully 80 Per Cent of Crop Will Make Sound Grain.

SATISFACTORY YIELD IN NORTH

About 80 per cent of the corn crop in the South Platte district of Nebraska will make hard, sound grain, according to the official crop report for the week issued by the Burlington railroad.

In the North Platte country the percentage of good corn will not be quite so high, but will be satisfactory, since the small portion of the corn crop not matured before frost will be valuable for ensilage.

Estimates of corn yield, based on full crop, made by agents this week are as follows:

Division	This Week	Last Week
Omaha	100	100
Lincoln	86	100
Wymore	86	100
McCook	101	115

Effect of Frost.

In regard to the effect of frost on the corn in the Nebraska district the official crop report says:

"Some of the corn that was still growing when the first killing frost occurred, October 3, has no doubt been checked, but at the same time it may be said that by that time the growing season is practically over and corn that was not out of the way of frost could hardly have matured anyway."

"The limited amount of unmatured corn, if stored in silos, will be almost as valuable as ensilage as it would have been as matured corn."

General Conditions Good.

Soil conditions are entirely satisfactory, according to the official report. Wheat threshing has continued during the past week, and results do not change the big estimates previously made for a bumper crop of that grain.

Flowing is practically completed in the Burlington's Nebraska division, and from 50 to 80 per cent of the seeding has also been done. Pastures are yielding an unusual amount of feed and meadows are in excellent condition. The apple crop is reported good.

In the Wyoming district of the Burlington the condition of corn is not quite so good as in Nebraska, some damage having been done to the crop by heavy frost and a hard freeze during the past week. Winter wheat and small spring grains are all harvested, and soil, meadows and pastures are in fine condition, according to official reports.

Sugar beets will average fifteen tons

to the acre in the Wyoming district and potatoes will run as high as 400 bushels to the acre in some localities, both crops being in good condition.

Aged Doorkeeper of U. S. Senate Dies Here at Son's Home

Captain Peter Reilly, doorkeeper of the federal senate and pioneer resident of Iowa, died Sunday at the home of his son, W. D. Reilly, 236 California street. Death was caused by cancer of the stomach.

Captain Reilly was born at Rockford, N. Y., January 1, 1833. He removed to Wright county, Iowa, in 1856. From there he went to Blencoe, Ia., where he engaged in business as a merchant. During the last fourteen years he had been in the service of the federal government.

Captain Reilly leaves three sons, Ralph Washington, D. C.; George of Seattle, and W. D. Reilly of Omaha; three daughters, Mrs. John R. Brown, Webster City, Ia.; Mrs. L. J. Watts, Oregon, Mo.; and Mrs. F. L. Blair, Lytton, Ia., and eleven grandchildren.

Funeral services will be held Wednesday at Blencoe and burial will be in the cemetery there.

COUNCIL ADJOURNS WITHOUT TRANSACTIONING ANY BUSINESS

For the first time this year the city council committee of the whole met and adjourned without transacting one item of business. There was nothing "before the house."

The council will meet this morning to adjourn until Wednesday morning on account of Columbus day.

A Remedy For All Pain

"The efficiency of any drug" says Dr. C. P. Robbins, "is known to us by the results we obtain from its use. If we are able to control pain and disease by means of any preparation, we certainly are warranted in its use. One of the principal symptoms of all diseases is pain, and this is what the patient most often applies to us for, i. e. something to relieve his pain. If we can arrest this promptly, the patient is most liable to trust in us for other remedies which will effect a permanent cure. One remedy which I have used largely in my practice is Anti-kamnia Tablets. Many and varied are these uses. I have put them to the test on many occasions, and have never been disappointed. I found them especially valuable for headaches of malarial origin, where quinine was being taken. They appear to prevent the bad after-effects of the quinine. Anti-kamnia Tablets are also excellent for the headaches from improper digestion; also for headaches of a neuralgic origin, and especially for women subject to pains at certain times. Two Anti-kamnia Tablets give prompt relief, and in a short time the patient is able to go about as usual. These tablets may be obtained at all druggists. Ask for A. K. Tablets. They are also quenched for headaches, neuralgia and all pains."

WANTS TO KNOW IF HE IS HEIR TO SUPPOSED FORTUNE

John R. Johnson, 1215 Miami street, calling at the city clerk's office for further information concerning an alleged fortune awaiting "John R. Johnson," being sought by a Detroit legal firm. Mr. Johnson says he was adopted when an infant and does not know what became of his parents.

THE ONLY SUCCESSFUL TREATMENT FOR LIQUOR AND DRUG USING

The KEELEY TREATMENT removes the craving for liquor and drugs and leaves the man master of himself. IT IS THE ONLY TREATMENT THAT WILL DO THIS, and the only one that cures alcoholic and drug inebrity. This treatment has restored over 400,000 men and women who were addicted to liquor and drugs; among the number are over 20,000 physicians. It is the PIONEER in this work and has many imitators, but no rivals or competitors as far as RESULTS are concerned.

During the THIRD OF A CENTURY that this treatment has been continuously and successfully administered, nearly two thousand imitations, or alleged "cures" concerns have started out as our competitors; today scarcely a dozen survive. Some of them so closely imitate our claims, literature, etc., to such an extent, as to indicate a pre-determined intent to deceive.

They appear under almost every conceivable name, fool the people for a little while and pass on into oblivion, forgotten by the public, but not by the unfortunate whom they deluded and duped into trying their methods. The one regrettable feature is that they should be able to deceive any through false pretensions, or with their absurd and preposterous claims, for in many cases they drive all hope and confidence out of the lives of those whom they have thus misled.

If you need to take treatment for the Liquor and Drug addiction, investigate THE KEELEY TREATMENT a treatment that is known the world around and which is recognized by the public and the medical profession as the SUCCESSFUL TREATMENT for these addictions. Look up some of our former patients, whom you will find in every community. They are healthy, happy and prosperous; many of them will tell you that they would not be living today if it had not been for the KEELEY TREATMENT. All business and correspondence with us is strictly confidential and all inquiries answered in plain sealed envelope. THE KEELEY INSTITUTE, 25th and Cass Streets, Omaha, Neb.
