Patrons will be surprised at the radical changes that have already taken place.

Galvanized Tank Makers Meeting Here This Week—The cost of raw material for the manufacture of galvanized tanks is higher than it was before the European war. It costs more to make a loaf of bread also, and the bread makers have reduced the size of their loaves.

Well, a dozen manufacturers of galvanized tanks are in Omaha holding a convention at the Hotel Castle. What will they do? They do not say. If they decide to raise the price of tanks or reduce the size of them as was done with the loaf of bread they will tell no one about it until he learns by stern experience of trying to buy a tank.

The convention is the fifth annual of the National Association of Galvanized Tank Manufacturers.

A. N. Eaton of Omaha is president. Among others present are C. B. Riggan, Bradley, Ill., first vice president; E. W. Korrbard, Red Oak, Ia., laid vice president, and H. B. Kelly of Kansas City assistant secretary.

The convention is to hold over today when it is expected the attendance will be larger. The delegates lunched at the Commercial club at noon and last evening they were entertained by the Nebraska Tank Manufacturers at Orpheum party.

Gets Card Mailed Score of Years Ago—Deputy City Clerk Primeau received from the legislative postoffice at Des Moines a postal card mailed twenty-one years ago by his maternal grandfather, D. F. Miller, to the latter's daughter, Mrs. Josephine Primeau, 2116 California street.

A note explained that the card was found by workmen who were tearing out old boxes of the postoffice in the state house.

Mr. Miller was a member of the legislature. Mrs. Primeau, to whom the card was addressed, died thirteen years ago.

BRINGS BODY OF WIFE FROM PANAMA FOR INTERMENT—The body of Mrs. Grace J. Peterson, wife of C. J. Peterson, has been received from Colon, Panama canal zone. Burial will be this afternoon at Forest Lawn cemetery, with services at Jackson's chapel. Mr. Peterson was a member of the Omaha fire department before he went to the canal zone to engage in similar work. His wife was 33 years of age.

Two Children Had Croup. The two children of J. W. Nix, merchant, Cleveland, Ga., had croup last winter. One was a boy of 6, the other a girl of 3 years. Mr. Nix writes: "Both got so choked up they could hardly breathe and couldn't talk. I gave them Foley's Honey and Tar and nothing else and it entirely cured them." This reliable medicine should be in every home, for it gives immediate relief from colds, coughs and croup, breaks up inflamed throat and loosens phlegm. Sold everywhere.—Advertisement.

PROSPERITY NOT BY SELLING ALONE

W. F. Baxter Tells the Philosophical Society How to Give Labor a Chance.

ELIMINATE ALL THE IDLERS

"The buyer must be taken into consideration as well as the seller," W. F. Baxter pointed out in his talk on "Prosperity," before the Philosophical society Sunday afternoon, when he touched on the great balance of trade that is now our bane because of the European war.

"Our much mooted and greatly venerated balance of trade has become a serious problem," he said. "It has reached the point of which political prophets have dreamed, and Lo, a mess of pottage is produced. It is against the simplest economic law that prosperity can be produced by selling alone.

"If this startling example is taken advantage of and I trust it will be, we will begin to achieve in the legislation of this country some consideration for the buyer, for the consumer, for the user of things produced, and to reach a belated realization that prosperity is more accurately defined by the quantity and quality of the good things of life available for the use of all the people, and not by ability to mark up the price of something and squeeze it forcibly from an unwilling and meagerly supplied buyer."

Eliminate the idlers. Going over some figures on imports and commenting further on the balance of trade fallacy, as he termed it, Mr. Baxter said:

"I believe that the primary step in any change toward better conditions must come in a study of welfare of the industries. The problem is clearly defined. 'Eliminate the idlers.

"Use the power of government to give all a chance to labor."

RENEW FIGHT AFTER DISCHARGE AND GO TO JAIL

Ish Foster, Milton Benjamin and Milton Washington defendants were brought before Judge Foster Monday morning charged with fighting, and were dismissed on their promise to remain peaceful and

leave town. Twenty minutes later they were brought before him on a similar charge and sentenced to fifteen days in the county jail.

WELL KNOWN MAN MUCH IMPROVED Says "Master Medicine" Certainly Has Done the Work.

Conductor Tells How Relief Came.

The strongest evidence in the world that a medicine is all that is claimed for it is the statement of people you know, who have actually tested and have been benefited by it. E. W. Burt, well known conductor, residing at 301 S. street, Lincoln, made the following statement regarding his condition and the use of Tanlac.

Mr. Burt said: "I have been an unfortunate sufferer from indigestion, constipation, and occasional attacks of dizziness for some time. My work keeps me on my feet quite a number of hours each day, and my suffering often becomes intense. I haven't quite finished taking the first bottle of Tanlac, and I must admit, it certainly has done the work."

"Above all, my digestion has been greatly improved, and I can now relish most any food without fear of bad after-effects. The attacks of dizziness, which I am sure were due to constipation, and a general weakened constitution, caused by excessive physical and mental exertion, have completely disappeared, and I feel entirely different in every way."

"I am indeed very glad to recommend this wonderful preparation to anyone suffering as I did."

Mr. Dornhauser, who is personally directing the introduction of Tanlac in Omaha, said, in commenting upon Mr. Burt's statement:

"Many are now using Tanlac, and in each case the preparation is accomplishing surprising results. I am receiving testimonials from those who have been benefited by the medicine, and these statements come from men and women of unquestioned honesty and integrity, who feel grateful as a result of having, at least, found something that will do the work."

Tanlac can now be had at the Sherman-McConnell Company's stores, who feel highly honored in having obtained the exclusive agency in this vicinity for the "Master Medicine." Representatives are meeting the public and explaining Tanlac at the 16th and Dodge street store.—Advertisement.

TODAY'S BEAUTY HELPS Nothing excites more criticism than a woman with her face all daubed with face powder in her desire to hide a faulty or aging skin. Instead of using powder, which clogs and enlarges the pores, it is far better to use a good face lotion that will improve and permanently benefit the skin. By dissolving four ounces of sprinmax in a half pint of hot water you can make an inexpensive lotion that will do wonders as a skin whitener and complexion beautifier. It removes all shininess, sallowness and roughness, and gives the skin a smooth, velvety tone, while it does not rub off easily like powder, nor does it show on the skin. By washing the hair with a teaspoonful of canthrox dissolved in a cup of hot water, afterward rinsing thoroughly with clear water, one finds that it dries quickly and evenly, is unstrained, bright, soft and very fluffy, so fluffy, in fact, that it looks more abundant than it is and so soft that arranging it becomes a pleasure. This simple, inexpensive shampoo cleanses the hair and scalp thoroughly of all dandruff and dirt, and leaves a clean, wholesome feeling. As scalp irritation will disappear, and the hair will be brighter and glossier than ever before.—Advertisement.

RECEPTION LAST NIGHT FOR NEW BENSON PASTOR.

Rev. John Calvert

Members of the Benson Methodist church gave a reception in the church parlors last evening to welcome the Rev. John Calvert, who comes to Benson from Crete, Neb., to fill the vacancy made by the Rev. Arthur Atack, who after six years' pastorate here was sent to Gothenburg, Neb.

An address of welcome was made by Mr. Charles Haffke, superintendent of the Sunday school, and a response by the Rev. Mr. Calvert.

While attempting to cross the street at Twenty-first and Leavenworth, Mrs. L. C. Delaplain, 206 Leavenworth, was knocked down by a street car and seriously hurt.

She was taken to the Clarkson hospital, where Dr. C. B. Foltz found that she had sustained a fractured skull and badly lacerated leg.

Campaign to Start The Labor Forward Movement on Way

The Labor Forward movement has been started in Omaha and the campaign will continue ten weeks. Its purpose is to interest the members of the trades in organized labor and secure memberships in unions.

At Labor temple Sunday morning the first meeting of the campaign was held, fifteen organizations being represented by sixty delegates. Members of committees will call upon the skilled laborers and if they are not allied with some union will ask that they join. They will be invited to the Labor temple, where the benefits to be derived from belonging to a union will be explained. It is the purpose to district the city and send organizers among the wage workers.

RALPH NORTHRUP, ASSOCIATE EDITOR OF EXCELSIOR, DEAD

Ralph Northrup, aged 23 years, associate editor of the Excelsior, died Sunday noon at the home of his parents, 613 Florence boulevard, after a long illness. The immediate cause of death was heart failure. The funeral will be at the family residence Tuesday afternoon at 2:30 o'clock, with burial in Forest Lawn cemetery, Rev. T. J. Mackay officiating.

Mr. Northrup is survived by his father and mother and a sister, Miss Grace. He was graduated from the University of Nebraska last June and most of the time had been connected with the Excelsior in an editorial capacity.

Time to Cut Out the Street Fair

In all earnestness The Bee wishes to impress the Ak-Sar-Ben governors that it is TIME TO CUT OUT THE STREET FAIR.

Whatever demand there once was for this feature of Ak-Sar-Ben festivities have been outlived, and it is no longer A CREDIT TO OMAHA. We are aware that the governors have hesitated to discontinue the street fair only for financial reasons and would like to substitute something more suitable and less offensive. A different kind of entertainment that will supply the exchequer with less hazard though not quite as well, and without outraging the community's sense of decency, can surely be devised.

Let THIS YEAR street fair be THE LAST in Omaha—The Bee promises its generous support to whatever amusement scheme may be adopted to take its place.

CARRIES REVOLVER. DRAWS FIVE AND COSTS

H. Stepenek, J. H. Lobeck and Ray M. Brown all of Gibson, were arraigned in police court, charged with fighting. When arrested a loaded revolver was taken from Brown's pocket, and for carrying concealed weapons he was fined \$5 and costs. The other two men were discharged.

Fire of undiscovered origin damaged the C. W. Hull Coal and Lumber company, Twenty-first and Izard streets, early Monday morning to the extent of several hundred dollars.

Several Robberies Reported to Police

The following robberies have been reported to the police: Melvin Robinson, 200 Grand avenue, was relieved of a valuable watch near Fifteenth and Howard streets. Mrs. D. Dowling, 206 Georgia avenue, went to the ice box Sunday morning to discover that a large portion of the Sunday dinner had been stolen therefrom. T. C. Bruner, 414 North Nineteenth street, asserts that his home was robbed of \$10 in cash and considerable jewelry.

BRITISH SUBMARINE SINKS GERMAN SHIP

LONDON, Oct. 11.—A Copenhagen dispatch to Reuter's Telegram company says the German steamer Lusia of Loebck has been torpedoed by the British submarine E-19 near Gledser lightship. The crew of twenty-one men was given time to enter the boats.

HOW TO REMOVE DANDRUFF

A Hair Tonic Which You Can Make At Home Removes It In A Few Applications.

Dandruff and scalp eruptions can be removed in from one to five nights by the following simple recipe, which you can mix at home or have put up by any druggist at very little cost. It does not color the hair and is perfectly harmless. Water..... One-half pint. Bay Rum..... One ounce. Texola Compound..... One-quarter ounce. Glycerine..... One-quarter ounce. A half-pint is all you will need. Rub it into the scalp well at night and after a few applications the dandruff and scalp eruptions will disappear, and the hair will stop falling out and become soft and glossy.—Advertisement.

The Joy of Motherhood.

There need be no apprehension of distress to mar the complete joy of expectation, for many women who know, advise the use of Mother's Friend, an external remedy of particular value designed to soothe the muscles and relieve the pressure reacting on many nerves so that the strain upon the cords, tendons and ligaments is not accompanied by severe pains that sometimes cause pauses, morning sickness and other local distresses.

Mother's Friend has been used successfully for two generations and can be had of any druggist.

WHY THROW GOOD MONEY INTO THE ASH PILE?

Are you satisfied to pay your good dollars for fuel that contains 200 to 500 pounds of ashes to every ton, or are you numbered among the friends of

PETROLEUM CARBON

The above diagrams show the foolish waste of money by using some coal. Why buy ashes? Why not buy Petroleum Carbon—the ashless fuel. It's your ideal fuel—no ashes, no soot, no gas, no clinkers—every lump a lump of heat.

"The Ashless Fuel" Petroleum Carbon burns like coal and is handled like coal, but it has none of the disadvantages of coal. It gives more heat than hard coal and costs less. For economy's sake, for comfort's sake, start using this fuel today.
