When I was assistant secretary of the Young Men's Christian association in Chicago I had H. L. Hastings, who edited an anti-in-fidel paper, send ms 3,500 copies of it. Every day at noon while Ingersoll was locturing Hastings would go to old Farwell hall and answer Ingersoll's stateits of the night before. One night Ingersoll painted one of those wonderfu word pictures for which he was justly famous. He was a master of the use of words. Men and women would applaud and cheer and wave their hats and handkerchiefs and the waves of sound would rise and fall like great waves of the sea. As two men were going home from his lecture one of them said to the other "Bob certainly cleaned 'em up tonight." The other man said, "There's one thing he didn't clean up. He didn't clean up the religion of my old mother.'
