A GLOVE SALE EXTRA-ORDINARY SATURDAY

Bringing almost 150 dozen kid gloves, worth to \$1.50 a pair, some worth even more, at..... 85c

Most of these gloves come from a shipment recently arrived from Europe, and while the majority of them is entirely perfect, a very few dozen, not more than perhaps 5 per cent of the total quantity, have very slight spots from moisture during ocean transit. We mention this fact rather in order to give you the reason why we sell these goods so cheap, than because the damage is worth while mentioning.

There is an excellent assortment of black and white, tan, brown and gray, also white with heavy embroidered black backs. These gloves should ordinarily sell up to \$1.50 a pair, some are worth even more.

This opportunity is so extraordinary that we expect to sell the total quantity within a very short time, therefore we advise you to be on hand promptly at 8:30 Saturday morning in order to share in this extraordinary sale of almost 150 dozen kid gloves, worth \$1.50 a pair, at..... 85c
