

# ROURKE WILL TAKE IN FUSS AT 'FRISCO

### Omaha Magnate Will Leave Thursday for Western and National Meetings on Coast.

#### ERNIE KRUEGER TURNED BACK

W. A. Rourke, president of the Omaha Base Ball club, will leave for San Francisco Thursday night to attend the annual convention of the National Association of Professional Base Ball Leagues starting November 8, and the Western league meeting November 7.

Rourke is anticipating some big doings at the Western league meeting and at the convention in the first place the fight between the insurgent magnates and Tip O'Neil is expected to come to the head. It is thought probable O'Neil will appeal to the national board of arbitration on the matter, but according to Rourke, O'Neil's claim doesn't amount to much, as Tip was made praxie of the Western loop by resolution and not by contract.

Holland and Ibell are expected to start a big fuss in the Western league. Holland has been cutting loose with a lot of publicity lately and has applied a few harsh words to his brothers in misery. Both of these magnates declare they are still on the board of directors and assert they intend to fight for these jobs. Thus it can easily be seen an internal row within the Western league and an external row in the national association is scheduled to occur.

#### VILLA'S ARMY IS LEAVING BORDER

(Continued from Page One.)  
The desperate need of the Villa army for provisions was told by a deserter taken by American troops. He said that for fifteen days this is all that many of us have had to eat, he said. He dug into the pockets in his dirty khaki coat and pulled out a handful of raw corn and wheat. Two or three Villa officers who came to the slaughter house on the international line a short distance east of Douglas yesterday to fill their canteens with water, were kneeling at pieces of black, dried beef. A large supply of flour and corn is available for the Villa forces at Naco, Sonora. Some of this supply of provisions reached him last night, but not enough for all his men now surrounding Agua Prieta. Until this supply reaches him and his men have recuperated it is believed by American army officers that no attempt will be made to capture Agua Prieta.

Spectators Allowed Closer to Line. This was shown this morning when orders issued yesterday by General Funston to keep spectators back nearly half a mile from the international line were modified. They do not doubt that Villa, however, the moment his army is thoroughly provisioned and rested, will hurl it upon Agua Prieta. This may be tomorrow or it may be several days later.

American refugees ordered from the zone within a mile of the boundary yesterday crowded the homes north of Fifth street in this city today. Nobody was allowed to occupy their houses within the zone on account of the danger from Mexican fire.

Three troops of the Thirteenth cavalry left Columbus, N. M., for Douglas today.  
Americans May Cross Border.  
WASHINGTON, Nov. 3.—President Wilson and Secretary Garrison are considering whether to authorize Major General Funston to cross the Mexican border if he finds it necessary to do so to save Douglas from the Mexican gunfire.

Secretary Garrison today refused to confirm or deny that General Funston had asked for such authority and the White House was also silent. It was made clear at the War department that the American commander has already authority to return any fire from across the border.

The latest report from General Funston said there was an unconfirmed report that the Villa forces were withdrawing toward Nogales from the attack of Agua Prieta. The message was sent late last night. General Funston already has authority to dispose his troops as he deems best to protect American lives and property without reference to the War department. Should it be decided to permit him to cross the border, however, it will rest with President Wilson whether any change in orders will be made public.

Pursue Fleeing Villistas.  
DOUGLAS, Ariz., Nov. 3.—Major Louis Block of General Cañales' staff announced today that 1,000 cavalry with ten machine guns and some mountain guns would be sent at once to harass Villa's columns moving southwest. The cavalry, Block said, would be followed by 1,000 infantry.

Brigadier General James Parker arrived today from San Antonio, Tex., to assume command of the cavalry stationed here.

Villa soldiers who came to the border pleading for food and water, said Gen-

### PRINCETON'S FAST HALFBACK IS A WONDER

"Speedy" Rush, the Princeton coach, has a couple of plays on tap which he will use against Harvard on November 8 and these same plays are built around Eddie Shea, the speediest halfback seen on the Tiger field in several years. Shea has astonished even the coaches by his wonderful running in practice. He is particularly fast in starting, carries the ball well and is the best dodger that Princeton has.

eral San Ramon, a former Zapatista, was killed Monday at a waterhole southwest of Agua Prieta.

Villa troops camped there today after being unsuccessfully attacked by the Calles cavalry detachment.

Members of the Villa party are famished, and, though United States soldiers are strictly forbidden to give them food and water, many Mexicans rejoined their former comrades with pills of both food and water while the Americans turned their backs.

Agua Prieta officials reported that 300 Villa cavalry are negotiating for their surrender to Calles.

### KENTUCKY TRESULT IS STILL IN DOUBT

Democrats Have the Lead, with Several Strong Republican Counties to Hear From.

TWO AMENDMENTS ADOPTED

LOUISVILLE, Ky., Nov. 3.—Former Congressman A. O. Stanley, democrat, of Henderson, in the face of incomplete returns from all districts of the state except the Tenth, and estimated returns from that district, apparently has a majority of 4,667 over Edwin P. Morrow, republican, of Somerset, for governor.

LOUISVILLE, Ky., Nov. 3.—Both democrats and republicans today claimed victory in yesterday's gubernatorial contest by approximately 10,000 votes. Complete returns from 111 of the 120 counties in the state, however, gave former Congressman August O. Stanley, a democrat, a lead of 9,029 votes over Edwin P. Morrow of Somerset, his republican opponent. The count was: Stanley, 167,223; Morrow, 128,194.

Of the nine counties yet unheard from, four in the state election of 1911 returned democratic majorities, while the others are republican strongholds.

The vote for all state officials virtually paralleled that of the ticket headed by Stanley. The one exception was in the race for lieutenant governor. Unofficial returns indicate that Judge James D. Black of Bourbonville led the democratic ticket. The vote of the progressive, prohibitionist and socialist parties was negligible.

Republicans made a net gain of eleven seats in the state legislature. The complexion of that body, however, will remain unchanged, with the democrats retaining a majority of more than eighty votes on joint ballot.

The republican vote throughout the state showed an appreciable gain over that of 1911.

Two proposed constitutional amendments, one looking to a revision of the tax system in Kentucky and the other abolishing the present prison contract system and permitting employment of convicts on state roads, met with but little opposition and unofficial returns showed that the voters acted favorably on them.

### DANES TO MINE MORE COAL IN GREENLAND

(Correspondence of The Associated Press.)  
COPENHAGEN, Oct. 2.—The Danish government is taking steps to mine coal in Greenland more intensively. This is due to the fact that it is difficult now to buy English coal in Denmark. The coal famine, in fact, is so serious here that the government is planning to relieve the situation in part by cutting wood from the government forests. Steps are also being taken to increase the production of peat.

Coal has heretofore been mined in Greenland only in an experimental way, but the deposits there, in the opinion of experts, are very extensive. The heating qualities of Greenland coal, however, are not regarded as equal to the English variety.

The government is also taking a new interest in the copper mines of this far northern colony, thinking that the mines are capable of more extensive development which would be profitable at the present time.

### Back in Grade School Carrying a String of College Degrees with Him

David Spence Hill, B. A., Ph. D., fellow A. A. S., noted psychologist, monographer and a few other things, is "going to school" again, sitting side by side with Tommy Jones and Willie Smith in the lowest grades in the New Orleans public schools and spelling "cat" and "dog" like the rest of the little fellows just embarking upon the sea of education.

DAVID SPENCE HILL

Of course Mr Hill's purpose in going into the lower grades as a student is not primarily to learn how to spell "cat" and "dog" and "rat," but he is seeking to learn just how the 1,800 New Orleans teachers instill knowledge into the youngsters in their care.

He is a Harvard man and former professor of psychology at Tulane university, New Orleans, but now he is the head of the New Orleans Department of Educational Research. He adopted the method of being a student in the grades in order to gather first hand information which he hopes will lead to improvement in teaching methods.

While attending school Dr. Hill is observing all the rules—reporting at 9 a. m. promptly, reciting his lessons when called upon, and taking his turn at the three R's in the various classes. If he is tardy he has to render an excuse just like the other pupils.

### EIGHT DROWNED AND EIGHT MISSING

#### Passenger Steamship Santa Clara is Wrecked Off Coos Bay Spit, Coast of Oregon.

#### SIX BODIES ARE IDENTIFIED

MARSHFIELD, Ore., Nov. 3.—Revised reports from the scene of wreck of the steamer Santa Clara, which went ashore on the south spit near the entrance to Coos Bay, late yesterday, show that only eight bodies have been recovered. Of these, two are unidentified. Two members of the crew are missing and the fate of several passengers unaccounted for is still uncertain. It is believed that the dead will total sixteen or eighteen, as there is small chance that those who are missing reached shore alive.

The revised list of those whose bodies have been recovered follows:

MRS. M. J. DUNN, Buite, Mont.  
MRS. D. H. THORNE, Hood River, Ore.  
EUGENE GILLINWATER, aged 7 years  
DELMAR BOGUE, Gold Hill, Ore., aged 3 years  
HARRY ANDRADE, older of Santa Clara  
THIRTEEN-MONTH-OLD SON OF J. C. COOK, Mill City, Ore.  
UNIDENTIFIED WOMAN, rather heavy in build and about 40 years old.  
UNIDENTIFIED WOMAN, elderly, wearing gold ring on left hand.

Madeline Rodney, and Mrs. Hale, both of South Bend, Ind., and Gals Gerbaum, of Portland, Ore., who were previously reported dead, are said to have been accounted for among the survivors.

Captain Finally Reaches Shore.  
Captain Lofstedt, who was at first reported dead, succeeded in reaching the Santa Clara again after his lifeboat had been capsized and was rescued with six or eight members of the crew later, by the Coos Bay life-saving crew.

The Santa Clara at daybreak was holding an even keel, and it is believed it will not be a complete wreck.

The beaches for several miles are being combed for bodies from the wreck or for survivors.

The work during the night was made difficult by the darkness and heavy downpour of rain.

The Santa Clara left Portland Monday, carrying forty-eight passengers and a crew of forty-two.

E. Edwards, one of the crew, carried twenty-seven to safety in the lifeboat which he was in charge. There were still eight or ten persons reported aboard the Santa Clara early today.

The Santa Clara struck a shoal entering Coos Bay and was swerved to the spit by a heavy swell which was running.

After striking the spit lifeboats immediately were lowered. Two boats overturned in the surf. One contained mostly passengers, while the other carried the captain and most of the crew. Most of those in the latter boat managed to swim ashore.

The Santa Clara was a wooden vessel 225 feet long and registered 1,200 net tons. It was built at Everett, Wash., in 1909 and was owned by the North Pacific Steamship line. It operated between Portland and San Francisco via Coos Bay and Eureka.

Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative, because they love its pleasant taste and its thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember a good "inside cleanser" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of cheap imitations, yours do not be fooled. Get the genuine, made by "California Fig Syrup Company,"—Advertisement.

### Germany Wants Belgium and Huge Sum to Make Peace

LONDON, Nov. 2.—"It has been learned from trustworthy, but unofficial sources," says a dispatch to Reuter's Telegram company from The Hague.

"that at a recent conference in Amsterdam which was attended by several members of the Reichstag, one of the members stated that Dr. von Bethmann-Hollweg, the imperial German chancellor, had declared that Germany was inclined to conclude peace on the basis of the cessation to Germany of Belgium and the Meuse line, the cession of Courland and the payment of an indemnity of 20,000,000,000 marks (\$7,500,000,000).

#### Department Orders.

WASHINGTON, Nov. 3.—(Special Telegram)—Nebraska pensions granted: Lydia J. Patterman, Lincoln, 32; Mary Jane Clark, Hubbard, 32; Sarahett O'Castock, Comstock, 38; Margaret Barry, Lithonia, 33.

The Live Stock National bank of Omaha has been approved as reserve agent for the First National bank of Ada, Ia.

Upon the recommendation of Senator Johnson, Dr. F. O. Miller has been appointed a pension surgeon at Aberdeen, S. D.

Mrs. Ines G. Jones has been appointed postmaster at Oelrichs, Hall River county, S. D., vice Elmer H. Houston, resigned.

A postoffice has been established at Plum Creek, Frazer county, S. D., with Albert O'Neill as postmaster.

Tri-weekly rural mail service will be established on January 3 at Edgelyville (Dawson county, Neb.); length of route twenty-one miles.

### A Spoonful of Salts Relieves Aching Kidneys

We eat too much meat, which clogs kidneys, says noted authority.

If back hurts or Bladder bothers, stop all meat for a while.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and lazy.

When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water acids and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, which he neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.—Advertisement.

### TO Avoid Common Colds

Of all so-called slight ailments, none is more common, and few are more troublesome, than a common "cold." Some persons, it is true, do not "catch" cold under conditions where another certainly would, and this we have been accustomed to explain is due to lowered vitality and lessened resistance in some people, as compared to increased vitality and greater resisting power in others. Duffy's Pure Malt Whiskey, if taken as directed, invariably gives the system power to throw off and resist coughs, colds, grip, bronchitis and lung troubles. It keeps the body in good general health because it is a predigested liquid food which requires little labor of the digestive organs. Duffy's adds to the power of endurance and is of great assistance in destroying the cold breeding germs so prevalent at this season. That's why so many people who "Get Duffy's and Keep Well" are seldom, if ever, troubled with coughs and colds—it's a medicine for all mankind which should be do not to your family medicine chest today. See that it is—Advertisement.

### TRADE COMMISSION INVESTIGATING OIL

#### Charges Made that Standard Oil is Attempting to Throttle Independents of Missouri.

#### GASOLINE HIGHER IN NEBRASKA

WASHINGTON, Nov. 3.—The Federal Trade commission announced today that it had undertaken a "careful and complete investigation of nearly every phase of the production, transportation, refining and marketing of crude petroleum and its refined products in this country." The announcement said the inquiry was in response to the Owen and Gore resolution passed by the senate.

The scope of the investigation is indicated by the commission's outline of the complaints upon which it is based. "Some of the complaints, and the announcement, allege unfair practices by former subsidiary companies of the Standard Oil company, and others are directed against various of the so-called independents. The commission has received complaints from persons engaged in producing oil from wells; from companies engaged in buying and transporting crude oil from oil refiners, from oil jobbers, retail and from consumers. These complaints come from all parts of the country and are often of a conflicting nature."

ination in the sale of gasoline, the commission said, had come from various localities.  
Charge Seiffing Competition.  
ST. LOUIS, Mo., Nov. 2.—A protest against alleged price discrimination by the Standard Oil company in the sale of gasoline in St. Louis was filed with the Federal Trade commission recently by Congressman William L. Igoe of Missouri.  
This complaint, according to F. C. Bretznyder, one of the local independent oil dealers, was filed on behalf of the Western Oil Jobbers' association, whose membership includes independent dealers in Missouri, Kansas, Oklahoma, Illinois, Michigan and Iowa. The complaint, according to Bretznyder, accused the Standard Oil company of violating the federal anti-trust laws by attempting to stifle competition.  
It was pointed out, Bretznyder said, that while the Standard Oil company was selling gasoline in New York for 20 cents a gallon, it was retailing the same product in Missouri for about 30 cents a gallon, although the cost of transportation from the oil fields to New York was only about 1 cent a gallon more than the cost of transportation to St. Louis.  
While Standard Oil gasoline was selling in Missouri for 30 cents, Bretznyder said, it was sold for 15 cents a gallon in Arkansas, and for about 17 cents in Nebraska, both neighboring states to Missouri.  
Use The Bee's "Swapper" Column.

## Cleanse the Blood Banish Rheumatism

### Rheumatism Due to Bad Blood. S. S. S. Your Remedy

Thousands have been made well. People in the poorest health, suffering from Rheumatism, with whom pain was constant. Who believed that their vitality was capped beyond repair. It was proven to them that the cause of their trouble was the blood, that Uric Acid, the most faithful ally of Rheumatism, had gripped them. The poison in the blood had sapped its strength. The weakened blood had allowed poison and impurities to accumulate, and all energy was gone. They felt "poorly," were listless, pain was ever present, with poor digestion and dyspepsia. They tried S. S. S.—nature's blood tonic. They gave up drugs. This compound of nature's remedies of roots and herbs did what drugs failed to do. It literally washed the blood free from poison, and with the flow of pure blood came back health, strength, vigor and happiness. Get S. S. S. from your druggist. Insist upon S. S. S. If yours is a long standing case, write for special advice to S. S. S. Co., Atlanta, Ga., but begin taking S. S. S. at once.

# W. L. DOUGLAS

## \$3.00 \$3.50 \$4.00 \$4.50 & \$5.00 SHOES

YOU CAN SAVE MONEY BY WEARING W. L. DOUGLAS SHOES VALUE GUARANTEED

FOR MEN AND WOMEN

For 32 years W. L. Douglas name has stood for shoes of the highest standard of quality for the price. His name and the price stamped on the bottom guarantees full value. They are the best known shoes in the world.

W. L. Douglas shoes are made of the most carefully selected leathers, after the latest models, in a well equipped factory at Brockton, Mass., under the direction and personal inspection of a most perfect organization and the highest paid skilled shoemakers; all working with an honest determination to make the best shoes in the world.

W. L. Douglas \$3.00 and \$3.50 shoes are the best that can be produced for the price.

W. L. Douglas \$4.00, \$4.50 and \$5.00 shoes are just as good for style, fit and wear as other makes costing \$6.00 to \$8.00, the only perceptible difference is the price.

None genuine unless W. L. Douglas name and the retail price is stamped on the bottom.

If your local dealer cannot supply you, write for illustrated Catalog showing how to order by mail.
