Golden Wedding Anniversary of Oastlers Observed

Mr. and Mrs. James Oastler, residents of Bellevue for thirty-two years, celebrated their golden wedding anniversary there Wednesday. Neighbors planned a party in observance of their fifty years of married life, but the aged couple's children are widely scattered and were unable to come, they did not want an elaborate celebration. Instead, Mrs. A. A. Tyler, wife of Dean Tyler of Bellevue college, prepared a dinner at the Tyler home for Mr. and Mrs. Oastler, and the day was spent with happy reminiscences and Scotch music.

They received many congratulatory letters, neighbors presented a handsome bouquet and relatives sent gifts. Mr. and Mrs. Oastler lived originally in Angus county, Back Muir, in the Strathmore valley of Scotland, where Mrs. Oastler was known as "the bonnie lassie in ten counties." After their marriage they moved to Dundee, came later to Canada and then to Iowa, and settled at Bellevue in 1883. Mr. Oastler is 75 years old, and formerly worked for the Union Pacific as a carpenter and cabinet maker. Mrs. Oastler is 73 years old. Their children are: Mrs. Joseph Garner, Neligh; John Oastler, Howells; Rev. David Oastler, Tacoma; Rev. James Oastler, Milwaukee.

Young Colored Lad Severely Injured

Floyd Smith, young colored lad living at 506 South Thirty-third street, lost his right foot and all the toes on his left one last night at Fifteenth and Webster streets when his foot caught in a "frog" on the Missouri Pacific railroad tracks. The boy was trying to get out of the way of a switch engine when his foot became entangled. Police surgeons took him to St. Joseph's hospital, where it was found necessary to take off his right leg at the knee and to remove part of the left foot. He will live, however.

Police Raid Cabaret Show and Get Many

Police raided a miniature cabaret show at 107 South Twelfth street, over Gus Wick's "Wheel" saloon. Linn Anderson, a chauffeur, was booked as the keeper of the place, and nearly a score of men and women were taken to jail as inmates. All were drinking or dancing. Many of the men were taken to jail were visitors from out in the state.

DRAGON'S BLOOD WOULD FIND MARKET, SAYS KELLY

Thomas J. Kelly intimated yesterday before the Story Teller's league of the Nebraska State Teachers' association in the ball room of the Fontenelle hotel that dragon's blood would be a useful commodity and much in demand and command a high price if someone would start a dragon ranch and put the blood on the market.

Mr. Kelly was telling the story of Siegfried and had come to the place where Siegfried, having tasted the dragon's blood, gained the faculty of hearing just what was in people's hearts when they spoke to him and not what was in their words.

On second thought Mr. Kelly decided that the placing of dragon's blood within the reach of people would be productive of more harm than good.

The meeting opened with the singing of several children's songs by Mrs. Charles A. Martin of Omaha.

Miss Katherine Martin of the University of Chicago spoke on "The Place of the Story in the Primary Grades," Miss Florence Wells of Fremont on "The Value of Kipling's Stories" and Miss Daisy Johnson of Weeping Water on "Folk Tales in Primary Grades." Miss Margaret Cleland of Lincoln gave a selected story.

CLUBS ASK FOR BLOCK WATCHMEN

Federated Improvers Ask Council to Employ Men from Private Companies.

ALSO FOR THE TRAINING SCHOOL

"What's the matter with the police force?" was the chief cause of worry which occupied much of the time of the Federated Improvement Clubs at the city hall last night, when eight clubs were represented.

S. Arion Lewis said a vigilance committee is the only solution. Another man grumbled that promiscuous gun toting by persons of "proven respectability" would help things. Somebody else suggested citizen volunteer police, and another member amended the suggestion by proposing that residents of each city block rotate their services nightly and patrol their districts with revolvers, shotguns, petards, "Big Berthas," "Fainting Berthas" or any other kind of field piece that can be found.

Finally F. W. Fitch presented the resolution printed below and put it to a vote. It was declared carried.

To Hire Block Watchmen. So the city council will consider the suggestion of the Federated Improvement Clubs to put private block watchmen to work, providing the citizenry will foot the bill. The resolution resolves that the city commissioners of Omaha to secure the services of some good reputable agency of police to furnish competent, efficient and bonded watchmen and officers who will act in harmony with the police force of the city of Omaha to patrol such districts in the residence portion of the city in the night time as may meet the exigencies of the city and to patrol such residence districts; such watchmen and patrolmen to keep in touch and harmony with the police force of the city of Omaha, and such watchmen and patrolmen to be approved and deputized by the chief of police and police commissioner of the city of Omaha and have the authority of police officers.

For Training School. At the suggestion of J. M. Gillan, former member of the Board of Education, the improvers resolved in favor of the recently abolished teachers' training school and asked for its reinstatement.

A committee from the federation will meet with a special committee from the Commercial club November 9 to discuss electric light and power rates.

Bellevue Alumni At University Club

Forty loyal Bellevue alumni who live in Omaha or have been drawn to the metropolis by the meetings of the State Teachers' association gathered around a purple and gold bedecked table at the University club last night. The watchword of the gathering, "good fellowship," helped each alumnus to drop all thoughts of present interests and hark back to old college days.

R. M. Crossman handled the affair dinner mint diversion, introducing the following speakers upon subjects relating to an automobile: Prof. J. E. Erickson, "The Whole Motor, the College;" Miss Avis Boyd, "The Spark;" W. A. Kearns, "The Clutch;" E. L. Puls, "Blow Your Own Horn;" Miss Alberta O'Kane, "The Muffler;" Miss Katherine Phelps, "Transmission."

Washington Affairs

The entire state of New York is freed of the foot and mouth disease quarantine by an order signed by the secretary of agriculture and effective today.

A small committee from the National Association Opposed to Woman Suffrage will maintain headquarters in Washington during the coming session of congress to watch pending legislation. Mrs. Arthur M. Dodge, the national president, will be one of the committee.

Meals Will Fit! No Indigestion, Gas or Acidity

Eat without fear of sourness, heartburn, belching or dyspepsia.

The moment "Pape's Diapepsin" reaches the stomach all distress goes.

If your meals don't fit comfortably, or you feel bloated after eating and you believe it is the food which fills you; if what little you eat lays like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something to stop food fermentation and cure indigestion.

To make every bit of food you eat add in the nourishment and strength of your body, you must rid your stomach of poisons, excessive acid and stomach gas which sour your entire meal—interferes with digestion and causes so many sufferers of dyspepsia, sick headaches, biliousness, constipation, griping, etc. Your case is no different—yours are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pape's Diapepsin will cost fifty cents at any pharmacy here, and will convince any stomach sufferer five minutes after taking a single dose that fermentation and sour stomach is causing the misery of indigestion.

No matter if you call your trouble catarrh of the stomach, nervousness or gastritis, or by any other name—always remember that instant relief is waiting at any drug store the moment you decide to begin its use.

Pape's Diapepsin will regulate any out of order stomach within five minutes, and digest promptly, without any fuss or discomfort all of any kind of food you eat.—Advertisement.
