# **Grand Island Defeats** Kearney in a aHrd

GRAND ISLAND, Neb., Nov. 12-(Spe cial Telegram.)-In a most thrilling finish Grand Island High again held Kearney High school today, winning, 13 to 0. Early in the contest Grand Island's captain, Scott, was disabled by injured ligaments of the knee and had to leave his

men to fight it out alone. While Grand Island had at first made steady marches down the field with the fullback and captain out, the difference was noticeable and the quarter ended without a score. About the middle end of the second quarter, however, a good end run and a forward pass sent the ball over the line and Brown kicked goal.

In the third quarter Grand Island made another touchdown, but failed to kick goal. Both sides played harder and faster and Grand Island was frequently penalized.

Davies and a Kearney player mixed it more openly than usual and the Grand

Of secondary interest is the GeorgiaGeorgia Tech game here. Georgia was eliminated from the championship race by Auburn, but Tech followers still are making claims to a chance for the title.

A close game is expected at Washington, where Georgetown meets the North Carolina Aggies. Both have beaten the Navy. Virginia is anticipating little trouble with South Carolina.

WILL BE IN YALE GAME

NEW HAVEN, Conn., Nov. 12.—After a short signal drill in the bowl this afternoon, to be followed by individual instruction by nearly a dozen ceaches, the Tale foot ball warriors will then be ready to do battle with the Frinceton Tigers here tomorrow afternoon. Despite the evident strength of Princeton and notwithstanding the four defeats suffered by Yale the year, there is an air of confidence on the campus that the Blue is about to redeem itself. The Tigers are warm favorites in the betting, the most popular odds being 3 to 1.

There is a possibility of some eleventh-hours changes in the Yale lineup. It

Fat lambs made up the biggest end of the total offerings again today and sold at generally steady prices. Quality was nothing extra. Idano wheat fleed lambs of a pretty decent sort reached \$5.5, as did best cornfed stuff, while other comebacks from native feediots moved at \$8.60 \$8.65. No feeders of any sort were on offer, trade being nominally steady. Supplies of fat sheep consisted of odd packages that sold at fully steady prices. Best ewes reached \$5.60, with a few wethers out of the same consignment at \$8.00. Two lots of yearings brought \$8.50 and \$8.55.

Session Largely a Repetition of Those Immediately Preceding on Exchange.

TRADING AGAIN PROFESSIONAL

NEW YORK, Nov. 12—In its technical and speculative aspects today market was largely a repetition of the sessions immediately preceding. Trading again savored of the professional and was dult, except during the forenoon and in the final hour, when moderate activity ruled. Duliness in specialties, including war shares and like issues, were moved to higher levels, and copper, particularly American Smeiting, the second most active issue of the day, substantially supplemented recent gains. High-grade railways and kindred investment stocks were irregular when not actually reactionary. Overnight developments, so far as they touched upon home affairs, furnished ground for increased optimism, especially as applied to industrial conditions. Demand for iron and steel and other base metals in itself offered sufficient explagnation for the strength of industrial securities.

nation for the strength of industrial se-curities.

The operations of pools were seen in the additional advances scored by auto-mobile shares, the movement being ac-companied by further rumors of deals or combinations. Willis-Overland rose 12 points to 245, Studebaker 4% to 155% and Maxwell common 2% to 74. Other extreme advances embraced Baldwin Locomotive 7% to 123, New York Air Brake 8 to 145, Crucible Steel 4% to 78 and American Can 2% to 55%.

7% to 123, New York Air Brake 8 to 146, Crucible Steel 4% to 75 and American Can 27% to 63%.

United States Steel rose 1% to 85%, equaling its recent high quotations, and Anaconda I to 88, establishing a new record for that stock. There were 3 to 6 point gains in American Locomotive, Alils-Chaimers, Colorado Puel, Texas Company, Cuba American Sugar, South Porto Rico Sugar and Distillers' Securities, while United States Industrial Aloohol rose 7 to 117. These gains were materially shaded in late realizing. Union Pacific was among the few important railroad stocks to show a net gain on the day. Bethlehem Steel closed at 44%, up 8 points. Total sales of stocks amounted to 977,000 shares.

Foreign sales of stocks were in reduced volume, but sufficient to exercise an adverse influence. Exchange on London was a triffe higher, but continental rates were lower, with weakness in franca.

Aside from general strength the bond market was featureless. Total sales, par value, aggregated \$5,375,000. United States bonds were unchanged on call.

DUN'S REVIEW OF

No Slackening of Advance Fore shadowing Great Development. NEW YORK, Nov. 12.-Dun's Review morrow will say: In spite of the rapidity of the

ment there is no slackening of the advance that foreshadows the greatest commercial development in the history of the country. Following many months of gradual recovery and adjustment to new conditions progress has come with such a rush that reaction is feared in some quarters; yet the economic position steadily gains in strength and seldom if ever has the situation so favored con-

thuese expansion.

Business is no longer wholly dependent upon the war demand, the bumper crops the widespread increase in production, in the working force and in the power of the working force and in the power of the people to purchase having established the basis for an era of unexampled prosperity. There is, moreover, the further and highly significant influence of abundant supplies of money for all legitimate purposes, while the arrange-ments for supplementary foreign credits augur well for the maintenance of the phenomenal movements in overseas com-

merce.

Just how fully trade and industry have resumed to the unusual array of stimulating factors is clearly reflected in the statistical gauges that always tell which way the current is flowing. Some of these, such as the figures of merchandise exports, pig iron output, bank clearings and railroad earnings, bring to light schlevement without precedent and to the list of remarkable attainments have been added those of unfilled steel tonnage and commodity prices.

Weekly bank clearings \$4,01,41,794.

## NEW YORK STOCK MARKET PRINCETON AND YALE TODAY

Sons of Eli Not Certain Eleventh Hour Rally Will Be Strong" Enough to Win.

### PRINCETON TEAM IS CONFIDENT

NEW HAVEN, Conn., Nov. 11.-When the Princeton and Yale foot ball elevens meet on the gridiron here tomorrow it will be for the forty-first game between versities. The series dates back to 1873, but it has brought the Elis and Tigers together annually without interruption since 1876, when foot ball was adopted as an American college sport. Last year the battle was waged at Princeton and marked the opening of the Palmer memorial stadum there. This year the Tigers as a team will have their first glimpee of the vastness of the Yale bowli from the whitewashed lines in the center of the big field, which was dedicated a year ago when Harvard defeated the Eli

eleven, 26 to 0. With additional seating capacity furnished by temporary stands built around the top of the structure last year, it was estimated that nearly 69,000 persons saw the Harvard-Yale struggle, the receipts for which amounted to \$137,000. This year, however, there will be no extra stands erected, but judging from the advance sale and requests for reservations a 60,000 attendance is assured for tomorrow's battle.

Princeton Has Strong Team. The Princeton schedule brought one strong team after another to the Tiger lair and each in turn was sent away defeated in a most decisive manner. Georgetown, Rutgers, Syracuse, Lafayette and Dartmouth all fell before the charges of the Orange and Black, and it was not until Harvard was met last Saturday that the powerful Princeton eleven found an opponent worthy of its steel. Against the Crimson the Nassau team showed a strong defense and a powerful and brilliant offense, with the result that the adherents of the New Jersey university look forward with unusual confidence to the meeting with the Bulldog temorrow. In the Yale camp uncertainty reigns in place of the feeling of victory, which in past years has been the portion of the Blue. The Eli eleven is just completing one of the most disastrous seasons in the history of the gridiron game at Yale. Coaching difficulties upset the entire squad during the early period of training,

and defeat at the hands of the so-called minor college elevens swept away the traditional confidence which has always

been Yale's foot ball birthright. Vir-

ginia, Washington and Jefferson and Col-gate all defeated the Blue by one-sided Shakeup of Yale Squad. The situation finally became so unsatsfactory to the undergraduate and alumni bodies that drastic measures were taken to remedy the unsettled foot ball conditions. A hurry call was sent out to a number of former gridiron stars to come back and attempt the task of whipping the Blue into something like the old Yale foot ball form for the Princeton and With Tom Shevlin in the lead the graduates' took hold with a vim and the result of the first week of coaching under the new system was shown in the marked improvement of the eleven against the strong Brown

Whether this eleventh-hour rally has sufficient impetus to carry the Yale eleven to victory over Princeton remains to be demonstrated, but it is certain that the Bulldog will put up a stiff battle against the Tiger when the old rivals meet in the bowl this afternoon. Prince ton presents one of the best trained and the season records of the two teams are compared it is not strange that the compared to compare the compared to compared compa apparent defeat into victory at Prince-

ton's expense more than once. The records of the annual games since TRADE 1873 show that Yale has won twenty-out games to Princeton's ten, while nine contests have resulted in ties. In point sporing also, Yale leads, having amassed a total of 332 points to Princeton's 172.
