AUTOMOBILE CLUB TRAVELS ON "HIGH"

Members Hear Reports of Big Things Accomplished at Annual Meet at Fontenelle.

MORE DOING COMING YEAR

The Omaha Automobile club is in a most flourishing condition, thank you.

It has increased its membership more than 200 per cent. President J. E. George announced amid applause at the annual meeting last evening at the headquarters in the Fontenelle hotel.

The membership last May was just 250. Then the club took a dose of vim, ginger and enthusiasm tablets, moved into its first permanent headquarters, in the Fontenelle, and started out to do things.

The members today number 75 and a number of them—both owners of automobiles and of Ford's—gave testimony last evening that they have received benefits far in excess of the \$5 dues.

Big Things Next Year. After the enthusiasms over Mr. George's announcement, Secretary Clarke Powell assured with his well known expression of "I will" determination and calmly announced:

"We will have 1,500 members by next year at this time." Nor was this a hollow boast, for Mr. Powell immediately remarked that he would consider it his duty as secretary of the club to deliver the goods, expecting, of course, reasonable assistance from the members. He had talked to one man living in a town twenty miles from Omaha who said he would get fifteen members in his town.

Goodly Diet, treasurer, gave a report that called forth more huzzahs, for he showed that the exchequer is in extremely healthy condition with gobs of money working day and night drawing interest.

The presence of the cash is not due to the fact that it's all been coming in and nothing going out. No, no. For the address of President George just bristled with things the club has done.

One Year's Work. Some of the things were these: Secured the present handsome headquarters.

Established an information bureau which has kept members informed about road conditions and numberless other things.

Engaged an assistant secretary who is at headquarters all the time.

Pushed through much legislation. Initiated steps for the bond issue which is to go to the voters next spring.

Placed more than 1,000 direction and "danger" signs on the roads of the country.

Marked road routes. President George said the club has followed up cases of automobile thefts and landed several thieves in the penitentiary under a law which it induced the legislature to place among the statutes.

Old Directors Put Back. William B. Check, chairman of the good roads committee, told of a number of good roads which have been secured by the efforts of the club.

With such a splendid showing, five of the club's directors whose terms had expired were almost unanimously re-elected. They are these:

Clark Powell, A. C. Kugel, William B. Check, C. L. Gould and P. A. Wells.

Discussion of the kind of paving to be recommended if the \$2,000,000 bond issue is authorized brought out enthusiastic endorsement of brick on a concrete base. The west Dodge street road was pointed to as a perfect example. This paving has been down twenty-two years without any repairs and is today practically as good as new.

Kugel May Give the Names of Saloon Men Who Have Tilted Lid

In connection with the forthcoming consideration of 1916 liquor license applications by the city council, Commissioner Hummel has this to say:

"Of course, this is a matter for the entire council to consider, but I believe it is up to Superintendent Kugel of the police department to submit any cases needing special consideration. His department should have knowledge of the situation and I look for him to present us a list of names, if there are any who need a little talking, as has been stated."

Commissioner Kugel stated he is preparing a list which he will submit to the council next week. He intimates there are several locations which may not be granted licenses, but does not want to disclose this information in advance of action by the council.

George Brandeis to Give Xmas Dinner to the Newsboys

For the third consecutive year, George Brandeis will have all the newsboys as his guests at the Rome hotel for their Christmas dinner Christmas day at 6 p. m. He has given a committee composed of Mike Barto of The Bee, Tony Costanzo of the World-Herald and Sam Zisman of the News and Mogy Bernstein, former probation officer, orders to spare no expense to see that the little lads who sell papers on the streets have all they can eat of the real things that go to make up a high-class Christmas dinner. R. C. Phelps of the candy department of the Brandeis Stores will see that each little lad is supplied with some candy.

HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.—Advertisement.

Four Burglaries During the Night Reported to Police

Four burglaries occurred Tuesday night. The aggregate amount of money and valuables taken totaled little if any over \$200.

Entering by a window burglars stole \$50 worth of cigars, wines and liquors from the saloon of T. C. Callison, 733 South Ninth street. James Kabout's saloon at 1302 South Sixth street was also entered by a front window, but nothing other than a large revolver was taken.

Ed Robbins of 1494 North Seventeenth street reports that someone pried a padlock off his back door and entered the house while he was asleep, making away with \$20 in cash and \$50 worth of jewelry.

L. W. Tower, 2302 Douglas street, says a sneak thief entered his home while he was away and took \$8 from a trunk.

CARPET STYLE SHOW IS BEING HELD THIS WEEK

INDICTED FOR NOT GIVING RIGHT NUMBER EGGS IN CAR

Railroad men here are now talking about another Wisconsin case wherein a firm was indicted for incorrect billing of the contents of a car. Following is the story:

"Special agents of the commerce commission charge the company is not reporting to the railroad company the correct number of cases of eggs covering their carload shipments. In other words, their billing to the railroad company did not represent the actual contents of the cars. The penalty for each offense under the interstate law is a fine not exceeding \$5,000, or imprisonment in the penitentiary for not exceeding two years, or both."

STEVE BRODIE WALKS ON BRIDGE AND IS PINCHED

Petition to Grade Dodge Hill is Found to Be Insufficient

The city legal department finds that the petition filed in connection with proposed change of grade on Dodge street, Seventeenth to Twenty-second streets, and intersecting portions of Eighteenth, Nineteenth and Twentieth streets, is insufficient.

The law requires that a majority petition must be filed for each street of an improvement district. In this instance the signers for Dodge street and Twentieth street do not represent a majority of the front footage, but there is a majority for Eighteenth and Nineteenth streets.

It is believed that a supplemental petition will be filed and that the proposed improvement will not be hindered.

Before going to the Electric Lighting company, Mr. Whitehorn was with the auditing department of the Pacific Express and also served as a member of the city council.
