### Is There Anything Appreciated More

than a Perfect Set of Teeth? Is there anything more appropriate or lasting than a Xmas gift to the loved ones, enabling them to go through life with a perfect set of teeth? Good teeth are conducive to health. Over sixty-six and two-thirds per cent of stomach troubles are caused by not being able to properly masticate. Why let your loved ones go through life in torment when you can prevent it so easily? It is better to pay a small dental bill than a large doctor bill.
