THE MAGIC CITY Young Man Arrested on Charge of

Attempting Assault on Child.

MOTHER WITNESSES ATTACK

Caught while struggling with little Lona Heniszyn, 6-year-old daughter of Mr. and Mrs. H. Heniszyn, proprietors of the Roosevelt hotel at 255 N street, Stephen Frank was later arrested by Detectives Gillen and Allen of the local force on complaint of the mother of the child and charged with attempted assault.

While Mrs. Heniszyn, who was home alone with her three children, went out in the back yard to gather some kindling for the kitchen fire, Frank, who is a boarder at the hotel entered the kitchen and engaged the children in a conversation. When the mother of the child returned, she was horrified to find the boarder attacking the innocent child.

tured the only strong features of the measion which lapsed into complete stag-mation and lowest prices in the final hour. Total sales amounted to 375,000 shares. A development of broad financial in-terest was the decline in exchange on Germany to 7%, the lowest rate quoted alnoe the outbreak of the war and prob-shly in the history of bank relations be-tween this conter and Berlin. All other forms of foreign remittances were lower. Cables announcing the attention of the British chancellor of the exchequer to purchase American securities, paying for them in flue year 5 per cent transury bonds confirmed recent reports of a general "mobilisation" of such secur-lities now held in Great Britain. Anglo-French bonds repeated last weeks low price of 9% for future de-livery while cash trades were affected at 96 and "regular way" 96%. The gen-eral bond list was under constant pres-sure. Total sales per value aggregated \$2,980,003. United State registered fours advanced half per cent on call. Number of maise and leading quotations on stocks were as follows: American Ber Sugar. 1,000 55% 55% 55% American Ber Sugar. 1,000 55% 55% 55% American Ber Sugar. 1,000 15% 15% 15% American Ber Sugar. 5,000 7% 96% 57% American Ber Sugar. 5,000 116% 115% 115% American Ber Suga Frank hurriedly fled when Mrs Henissyn appeared. The woman immediately called the police and thirty minutes later, Detectives Gillen and Allen had the man under arrest at the police, station. The child, the oldest of the three, was taken to the office of Dr. E. F. Shanahan, who found that she required immediate attantion.

Two Overcosts Stolen.

At the Stock Yards' Employes dance at twenty-fourth and J streets, Saturday evening, two overcoats belonging to permanagement of the dance has succeeded in detecting who the parties who stole the property are and has given warning that unless they are handed over at the yards office today they will be arrested and prosecuted. It is the intention of the yards company to avoid prosecution of

the thieves. Prefers Husband No. 2.

Defiantly asserting that she will not return to her former husband, Constantino Hernandes, Maxican resident of Grand Island, Mrs. Samonia Hernandes is being held under arrest at the local police station charged as a suspicious character. When the news came by messenger from Grand Island Saturday that her real husband whom she married while living in Mexico a year back, had sent for her, thinking that she was being enslaved as the wife of Guadalaye Eredia, local Maxican railroad hand, local police headed by Sergeant James Sheahan made the arrest.

Mrs. Hernandes told local police that her marriage to her first husband in Mexico is not binding. She said that she was perfectly contented with her present husband and would rather continue to live with him. She has three children by her first husband, while Eredia, who is said to have a wife in Mexico, is the father of two more. The couple have been living in a boxcar in Albright. They will probably be turned over to Grand Island police awaiting investigation.

Features of the Trading and Closing Delors of Board of Trade.

The close, although unsettled, was 154 to 254 of the trade of the trade of the trade may at \$1.17460.1754. of 13%c. Wheat traders ran into a genuine sur-prize in the visible supply figures. It had been predicted that the report would show a good enlargment of stocks, but instead the augregate was more than 5. 0.000 bushels less than last week's total. Hulls were further encouraged by talk of lessening of receipts in the northwest and by an improved export demand at the put. Big clearances at the castern ses-board which were mostly of domestic crigin, tended also to handicap the bears. Explanations that the decrease in the United States visible total was the re-will of the nonreport of wheat afford at Buffalo where the same condition has existed in previous years at the close of navigation, led to something of a setback from the top prices of the day. — Torable weather eased corn. Export inquiries and the upturn in wheat brought a rally, but not of a lasting sort. On substant the season for last week fair export busines was under way at the seaboard. Trading in future de-liver es here, however, was light. Generous exports shown for last week ighter. Shipments of dressed hogs to Canada were said to be bulky.
