

Nebraska CLARKE COMES OUT FOR COMMISSIONER

Chairman of Railway Board Will
Make the Race to Succeed Himself.

SANDALL ENTERS THE FRAY

(From a Staff Correspondent.)
LINCOLN, Jan. 5.—(Special.)—Chairman Henry T. Clarke has decided to file for the republican nomination for railway commissioner to succeed himself. Mr. Clarke has been a member of the board from its very beginning, when the board was created by a majority vote of the people in 1906. Mr. Clarke was appointed by Governor George L. Sheldon as one of the three commissioners. Being a lawyer, he was able to handle the complicated legal controversies which have come up before the board and advise his associates in a way which has been of immense value to the state.

While Mr. Clarke has made some enemies because of his determination to new to the line, yet most of them are big enough to give him credit for honesty of purpose even though his opinion have been against them. His association with men connected with national affairs and the interest to Commerce commission has been responsible for the mention of his name as one of the men to be appointed to the Interstate Commerce commission in its enlarged form.

Sandall Files.
Senator C. A. Sandall of York has filed for the republican nomination for attorney general. It has been known for some time that Senator Sandall was considering the matter. The York man was considered one of the shining lights of the last senate. He is a good speaker, forcible and eloquent, a good attorney, has a good law practice and a good partner to whom he can turn over the business without much loss and return to it when his terms of office expire.

Another well-known citizen who announced this morning that he had been unable to withstand the onslaughts of the political bug is Senator I. L. Albert of Columbus. Senator Albert served in the 1911 state senate and was a leading member. He has also served as district judge of the Columbus district and was a supreme court commissioner from 1901 to 1904. He is a democrat and filed for senator in the Eleventh district to succeed Senator Krumbach.

STATE HOUSE IS COLD PLACE ON A COLD DAY

(From a Staff Correspondent.)
LINCOLN, Jan. 5.—(Special.)—The pneumonia wing of the state house was doing business at the old stand this morning and many of the clerks were unable to work in the shivery atmosphere caused by the cold wind which came through the side of the building as it used to do in the old barn down on the farm.

In one office the clerks were obliged occasionally to go to other offices in order to get warm, one of them having suffered last winter from a severe attack of pneumonia because of the refrigerator like conditions.

Walter Thorgromson, chief clerk to Commercial Manager Mattison, steps into the shoes of Mr. Cook and George Farwell of the treasury department takes the place made vacant by the promotion of Mr. Thorgromson.

FISH AND GAME LICENSE REMITTANCES ARE MADE

(From a Staff Correspondent.)
LINCOLN, Jan. 5.—(Special.)—Acting Deputy Game Warden Whelan was busy this morning taking care of remittances coming in from different counties on game and fish licenses. The largest remittance came from the county clerk of Douglas county, in the sum of \$1,888. In the report it was shown that twenty-four licenses had been sold to non-residents for fishing and the same number for hunting and fishing combined. The rest were the usual resident licenses.

Nebraska Father Who Brought Daughter's Body Back Home is Dead

KHARNEY, Neb., Jan. 5.—(Special.)—A record of death, illness and misfortune covering a little over a week in which a Hall county pioneer is the victim, was brought to light yesterday when James Salter, for years a resident of near Shelton, passed away from pneumonia. Two years ago he went to Oregon with his family. He had come to Nebraska in the '70s. A week ago his daughter died in the western state. She had wanted to be buried in her old home. The aged father brought the body of his daughter here for burial. The feeble wife could not make the trip. After the daughter was buried at Shelton, Mr. Salter, weakened by the long trip and grieving over his misfortune, was taken with pneumonia. The day he was stricken a telegram from Oregon urged him to come home immediately if he would see his wife alive. He could not go and succumbed at Shelton on Sunday. He was buried there yesterday. No word has been received as to the wife's condition since the husband's death, but a second telegram, which arrived before the death of Mr. Salter, said she was dying.

Notes from Beatrice And Gage County

BEATRICE, Neb., Jan. 5.—L. L. Casa of Waterloo, Ia., representing the bondholders of the Kansas City & Northwestern railway; C. R. Berry of St. Joseph, and S. E. Bentley of Waterloo, were in the city making an investigation of the physical condition of the road and the value of the tributary territory from a commercial viewpoint, in order to make a report to the bondholders. While in the city they conferred with the traffic committee of the Commercial club, and it is reported that the company is making plans to build its lines on through from Virginia to Beatrice, a distance of fifteen miles, making Beatrice on a direct line to Kansas City.

Frank Smith, who has been employed with the Rock Island at this point for the last twenty-five years, has been appointed commercial agent for the Rock Island road, to succeed G. P. Linton, who died in this city a few weeks ago. Mrs. E. E. Clancy of Sheridan, Wyo., formerly of this city, has been appointed head of the state hospital at Sheridan to fill the vacancy caused by the death of her husband, which occurred November 11.

Frank Wilson, the 15-year-old son of J. R. Wilson of Pickrell, had the fingers on both hands torn and lacerated Tuesday by the accidental discharge of a shotgun. A. H. Kidd has been selected as toastmaster for the banquet at the reopening of the Paddock hotel on January 17. Among those who will speak are H. H. Johnson, E. L. Hevelone, H. E. Sackett, J. W. Burgess, Samuel Rimaker, E. L. May and Dr. R. P. Gaitther.

DOBBS ELEVATOR AT BEATRICE IS BURNED

BEATRICE, Neb., Jan. 5.—(Special.)—The elevator of the Dobbs Grain company in the Union Pacific yards was destroyed by fire at 2 o'clock Thursday morning, together with 2,000 bushels of corn, 2,000 bushels of wheat and 1,000 bushels of oats. The fire is supposed to have been caused from spontaneous combustion, as the building was a mass of flames when the firemen reached the scene. The loss is placed at about \$7,000, partially covered by insurance. The elevator is one of the oldest in the county, having been built thirty years ago.

HOW TO PILE UP THE YEARS

Throw Away Salt and Meat and Eat Turnips and Eggs Raw.

It is quite possible to live to be 150 to 200 years, according to George Hartner.

who gave this information free to a small, but select audience at Detroit. All you have to do is to throw away your salt cellars, drink only distilled water, avoid all kinds of meats and confine yourself to a diet of raw vegetables and eggs, he said.

steak, go out and eat two turnips and drink a glass of water and you will be satisfied," said Mr. Hartner. "If you will train it properly. Even fruits are to be eaten carefully. The juices are good, but the pulp should not be eaten. "Wise people will breakfast on the juice of two oranges diluted with enough dis-

tilled water to make two glasses full. Eggs should be eaten raw. I eat two dozen a day. Why, my system has been so well trained to a sane diet that a piece of real two inches square would make me deathly sick.

"When people have learned to eat right there will be no sickness, and that

time is coming. I have absolutely no sympathy for a big, strong man who says he is sick. And there is no need to be fatigued. On Sundays when I am at home I always take a twenty-mile walk before my afternoon lecture.—Detroit Free Press.
