HOGS—Yesterday's storm and the severe cold following it resulted in a light run of hogs today. Only some seventy-three cars, or 5400 head, were reported in, and of these twenty leads were consigned direct to a packer from another market. Total for the week to date is 49,601 head, being 21,600 smaller than last week and slightly smaller than two weeks ago, but larger than for the same days a year ago by nearly 10,000 head.

There really were not enough hogs on saie to make a market, and packers were naturally none too anxious to pay higher prices for the few here. Shippers started in good season, buying nearly everything

Sellers tried hard to get the packers to fall in line with the shipper trade, but were only partly successful. Starting in with steady bids killer buyers gradually raised offers to a nickel higher basis. Here most of them stuck, and while an occasional sale locked libe higher, big end of the packer purchases were no more than a nickel up. One train that was a little late getting in found things slow, and while shippers picked out a load or two and paid its higher prices for them, anything left for packers would not bring more than a nickel advence, and a few sellers thought their last sales to packers little better than steady.

General trade was a big 5@10c higher. Shippers bought a good share of the offerings fully 19c higher, while packers paid all of 5c higher money for most of their hogs and gave a 10c advance on a few occasions. Bulk of sales was made at a spread of \$6.80 to \$7.00, with tops at \$7.00. Generi trade was the highest since the early days of November, sales reaching \$7.00 for the first time in over two months.

Will Soon Be Busy

Local ice men are in high giee over the cold weather, they anticipating that with its continuance for a few days they will be able to harvest an abundant crop. The packing companies all have large forces of men at work on the fields and they are putting up ice that has a thickness of eight to ten inches. Cudahy is | cutting on Seymour park lake, Armour at Memphis and Swift at Carter lake. With the continuance of cold weather the Omaha Ice and Cold Storage company will commence cutting on the reservoirs as early as next Monday morning. Prior to the coming of the present cold spell the ice on the reservoirs was about

BOOST FOR PHILLIPPI IN MO. PAC. SERVICE

Friends of J. O. Phillippi are pleased with the announcement contained in the orders for the new year, appointing him commercial freight agent for the Missouri Pacific, with beadquarters here. Mr. Phillippi started with the company twenty-two years ago and has creditably filled various responsible positions in its service, for which the new appointment is a recognition. He also was for a term a member of the Omaha school board.

Effort to Lift it Out of Depression

DULL AND PROFESSIONAL

NEW YORK, Jan. 12.—Efforts to lift the market out of its present slough of depression by a concerted drive against the increasing support interest its special stocks, proved abortive in today's dull and professional market. A few of the war order shares made sharp recoveries from the low prices of sesterday, particularly Crucible Steel, which was helped by the command of the property of the command of the co by the company's favorable statemen of earnings for December. Another en couraging development in that quarte was the report that the administration at Washington had registered its opposition to any legislation aimed at an embargo at exports of munitions.

There were numerous advantable calls

embargo at exports of munitions.

There were numerous substantial gains in high priced specialities, coppers for a time displaying a better tone on unconfirmed rumors of export orders at the new high price of 24%c.

During the mid-session the rise gathered further impetus from a demand for high class rails, including some of the Pacifics.

Gains were largely, if not wholly, wiped out in the final hour when heavy selling out in the final hour when heavy selling of Mexican issues was resumed. Mexican
