MEANS SERVICE TO THE PUBLIC

(From a Staff Correspondent.) WASHINGTON, D. C., Jan. 22,-(Special.)-Congressman C. F. Reavis has appointed Charles C. Hartman of 2438 W street, Lincoln, cadet to the Naval acadamy at Annapolis and Carl W. Hoffman of Nebraska City and Lyman Bell of Tecomseh as alternates.

Mr. Reavis is not at all satisfied with the manner in which cadets to West Point are appointed and by the same token he is dissatisfied with the way congrossmen designate young men to enter either military school.. Congressman believes we should utilize the military and naval academies to the fullest cutoni, of their equipment and to take from congressmen the power to recommend cadets.

Outlining the purposes of a bill which he proposes to introduce, Mr. Reavis

States are notoriously more deficient in the number of officers than any similar organizations in the world. What officers we have are very efficient, but we have too few.

"The naval academy has at present a students at slight additional expense. The military academy presents the same condition only less in degree.
"The citizenship of the United States

"The academies are national institutions dependent for their support upon the nation contributes to their existence. The object of these schools is the production of trained professional soldiers and sailors, whose services are to be national in character. I see no reason why nstitutions so maintained and with such purpose should not be opened to all

"My bill will provide that each state shall be entitled to the same proportion and will complete his course at the South of the student body which now obtains and that any young man who is physic ally and mentally competent may enter the competition and be given the examination. In this way I believe the personnel of the student body will be im proved and the whole subject matter removed from the domain of politics."

EL PASO, Tex., Jan. 22.—Bernardo and Frederico Duran, the Mexican cattle thieves involved in the killing of Bert Akers, an American, yesterday at San Lorenzo Chihuahua, Juarez, below the boundary line, will be executed tomorrow morning at 5 o'clock, according to an announcement made tonight by Andrew Garcia, Mexican consul here.

"The Durans confessed their crime and were sentenced to death today," said Mr. Garcia, "and a firing squad will execute the penalty."

EL PASO, Tex., Jan. 22.-The tense situation at this border point produced by the Santa Ysabel massacre more than a week ago early today was considered to have been complicated, when details of the killing of Bert Akers, an American rancher from Ysleta, Tex., became known. Akera was slain by Bernardo Duran, a Mexican cattle rustler, in a battle that occurred yesterday afternoon at San Lorenzo, Chihuahua, a village a short distance below the border. With a companion, Douglas Downs, and a Mexican police official, Akers sought to recover cattle stolen last Monday from Mrs. Murphy, a neighbor, at Ysleta, when Duran, with his brother Federico, opened fire from the roof of their house.

General Gabriel Gavira, commandant at Juarez, from headquarters early today, gave out a carefully dictated statement. "The Duran brothers have not satisfled the authorities as to how they obtained the cows. It is my opinion the men were thieves and that the cows were
