Gosa, Sheridan, Placer county, California.—o Florida Lands MAKING MONEY WHILE YOU WAIT

There will be planted in our section in Florida this month 10,000 to 15,000 acres of Irish potatoes. These potatoes will go to market about the time the northern farmer is planting and bring prices unhoped for by him. The pota-toes will be followed by a crop of corn or other field crops.

Our lands are equally adapted to trucking, small or large farming and stock raising. The largest cattle and hog farm in the United States is being developed in our locality. No one crop country can begin to compare with it. A place to live as well as to make money. The superb all year round cli-mate should add years to your life.
