SOCIETY GIRLS TO BE RELEASED SOON

Scarlet Fever Patients Pass Critical Stages and Will Soon Be Free.

LEARNS TO COOK IN QUARANTINE

By MELLIFICIA.—February 18.

It would seem that Miss Harriet Metz will be the first of the interned members of the younger set to get out of quarantine. Miss Metz expects to be out next week.

The doctor has promised Miss Frances Hochstetler that she may sit up next Sunday week. While Miss Hochstetler has had a light form of the fever she has suffered a thorough attack and all the various symptoms of the disease. The outdoor life led by the patient has stood

her well and she comes through the fever without the least indication of after results.

Miss Ida Darlow has been very ill with a severe case that went its course without any sudden turns. She may sit up next week.

Harry Burkley is now at the stage where the fever is gone. He is still very weak from the ravages of the illness upon his strength and youth, but has gone through the suffering without any of the consequences so feared in scarlet fever. Mrs. Burkley is now ill from anxiety and exertion during the crisis of her son's illness.

Fred Nash, Jr., has been sitting up for the last week in bed and shows no after results of the fever.

Miss Wynne Palfield is keeping her family in quarantine two weeks longer than the prescribed period of six weeks. She can sit on the balcony and probably will be given liberty next week.

One mother of a quarantined patient has learned to cook during her internment and read George Bernard Shaw's dramatic criticisms between times. She

comes out of the experience saying she has had the most interesting time of her life and would not have missed it.

On the Calendar.

The music section of the Association of Collegiate Alumnae will give the open program following the meeting of the organization Saturday at 2:30 o'clock in the Central High school auditorium.

born and educated through the high school. Mrs. Strauss is the daughter of Mr. A. Heller, 2412 St. Mary's avenue, and has been a widow for some years, while Dr. Goetz is well known among Omaha's leading physicians, and the son of the late Simon Goetz, Mrs. Strauss returned only this week from an extended visit with her sister, Mrs. David Degen, now residing in New York.

Fashion Hint.

By LA RAUFTEUSE.

Hats are large or small this season and veils are very elaborate. A very fine square meshed veil is shown here, with a cluster of chenille grapes and outline of the grape leaf. It is worn close at the throat and extends over the hat, which is trimmed with glazed grapes and flowers. The colors range from grape green to soft gold tones.

CREIGHTON GLEE CLUB MAKES HIT

Singers Aply Assisted by Orchestra and the Band in Gallery Fills In.

THEATER COMPLETELY FILLED

Creighton university enthusiasm filled the Brandeis theater Thursday evening, the occasion being the sixth annual concert of the Creighton University Glee club.

The audience was big, but the enthusiasm was bigger, and the music, both mirthful and serious, was all that could be desired.

The college yell was roared out by the leather-lugged students a number of times and up in the gallery the college band made its presence known in some lusty selections. The festive occasion was further added to by balloons and stringers which were released by some of those in the upper balcony.

Many of the seats had been sold in blocks to classes and clubs. The Dental school had a big block of seats, numbering seventy-five.

In the faculty box sat Rev. F. X. McMenamy, S. J., president of the university; Rev. F. J. Kinsler, S. J.; Mr. Colaneri and Rev. Father McCarthy, Sinn, Harrington, Stinson, Algren and Gannon.

The participants in the splendid entertainment included the Glee club, consisting of thirty-two singers; the university orchestra of twenty-three skilled musicians, and there were a number of features in the form of solos, quartets and comedy numbers. Henry Book was the leader.

It was a real college glee club performance with all the good natured, not too serious, melody; all the lightness and verve and vigor of youth, the rejuvenating admixture of serious, romantic and comic that is characteristic of youthful spirits.

The audience responded splendidly to the various numbers and the young performers had to "come back with more" after nearly every number.

The orchestra presented several interesting numbers, notably "Sleeping Beauty," by Tschalkowsky, and "Liebeslied," by Kreisler. The work of the orchestra also earned high praise both for the players and the conductor.

A Complimentary Bridge.

A very pretty affair was given this afternoon by Miss Dorothy Weller for one of the visiting girls, Miss Ellen Weart of Cherokee, Ia. Miss Weart is cousin to Miss Weller and her mother is the house guest of Mr. and Mrs. H. S. Weller until next Wednesday, when they return home. Today's affair was an afternoon bridge of five tables. The rooms were decorated in pink roses and hyacinths. The guests were:

- Mesdames—
 Walter Pratt,
 Misses—
 Ellen Weart,
 Helen Garvin,
 Ruth McDonald,
 Louise Bedwell,
 Marjorie Foote,
 Louise White,
 Alice Duvall,
 Marion Towle,
 Gertrude Aikin,
 Grace Slabush,
 Florence Heggblade,
 Charlotte Badwell.
- Mesdames—
 Robert Fisher,
 Ellen Pougue,
 Helen Pearce,
 Katharine Davenport,
 Louise Dennis,
 Anne Russell,
 Pauline Frost,
 Virginia Waller,
 Angela Schugart,
 of Council Bluffs,
 Elizabeth Finley,
 Elizabeth Finley.

Among the future affairs planned for Miss Weart will be a dinner Saturday evening, given by Mr. and Mrs. Lee Hoff at their home. Mrs. James Conrad and Miss Katharine Conrad give a matinee Monday afternoon, and Tuesday afternoon Miss Helen Garvin gives a luncheon and matinee party for Miss Weart.

Postponement.

The meeting of the Amateur Musical club has been postponed until next Friday. Mrs. George Barker, Jr., will be hostess.

Theater Party.

Miss Marion Brown gives a theater party at the Orpheum Saturday evening for Mr. Don Woodward, who leaves Sunday for Montana. There will be sixteen guests.

Two More Paintings Exhibited Here Will Remain in Omaha

Two more paintings of the art exhibit held at Hotel Fontenelle last week were purchased and will remain in Omaha. The Fine Arts society, under whose auspices the exhibit was held, purchased Edward W. Redfield's "The Road to the River," listed at \$200.

Dr. B. B. Davis bought Mary Butler's "Beeches at Buckross Abbey," a painting pronounced particularly strong by Raymond Weyer in his talks here.

Great satisfaction is expressed at the Fine Arts society purchase, which adds one more to the valuable collection which hangs in the public library. Redfield stands high with contemporary American artists for the type of landscape such as "The Road to the River."

Woman and Invention

Miss Jane Anderson has three inventions on the market and she has also invented a home fire extinguisher and an open-work metal slipper rack which is fastened to the side of the bed to hold one's slippers.

An investigation concerning the constantly growing number of women in various fields of work reveals the fact that women are taking their place side by side with men in the field of invention—a field which, it has been claimed, would never to any extent be entered by women.

The woman inventor who has been longest in the field and has accomplished the most is Miss Margaret E. Knight of Frammingham, Mass. Miss Knight is still at work in her shop many hours a day, constantly adding to her eighty-nine patents. Her first invention, completed at the age of 12, was a covered shuttle, which is in general use today in cotton mills, where it is a great protection to the operators. Her invention of the square paper bag, now in universal use, brought to her in 1871 the decoration of the Royal Legion of Honor from the queen of England. Among the many labor-saving devices she has invented for cotton and woolen mills, rubber and shoe factories, her latest is a motor for driving the mangle.
