feel that the situation is critical and delicate and that to oppose the president would be politically dangerous to the party.

Senator Gore's statement contends that there is a fundamental difference between an armed and an unarmed ship.

Public Opinion Against It. "I doubt if Germany will consent to vouchsafe immunity to armed merchant vessels," he said.

public opinion in the United States would justify a refusal with Germany on account of its refusal to grant a safe conduct to such ships.

The statement declares guns aboard merchant ships are a survival of the times when pirates and privateers roamed the seas, and that at that time when travel upon such ships jeopardized the nation's peace there is no real sacrifice of national honor and dignity by warning Americans to avoid such ships.

"Instead of being a breach of national honor to permit this republic to dive headlong into the bloody whirlpool of war in order to protect the unessential right of a citizen to travel on an armed belligerent vessel to neglect by any honorable means to avert such a catastrophe would be a crime against civilization," says the statement.

Something Good. Those who hate nasty medicine should try Chamberlain's Tablets for constipation. They are pleasant to take and their effect is so agreeable and so natural that you will not realize that it has been produced by a medicine.

Anti-American Party Stronger. Private advices from Germany tell how the civilian element at court, headed by the Chancellor Von Bethmann-Hollweg, which has contended for preserving friendly relations with the United States, has been overshadowed by a newly risen political force headed by General Von Falkenhayn.

Reds Will Keep Wingo. The Cincinnati club has withdrawn Catcher Wingo from the market, notwithstanding a big bid by Boston.

Bryan May Be Back of It. It was pointed out that such action would be quite different from legislation prohibiting Americans from taking passage on such ships and could not be viewed as a surrender of rights.

The extent to which the political element enters into the present situation has not been disclosed. Administration supporters, however, recall that former secretary of State Bryan broke with the president and left the cabinet over the question of warning Americans off belligerent ships.

It is to get from any pharmacy about four ounces of Jod Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jod Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.—Advertisement.

ITALIAN WINS BATTLE IN AIR

Colonel Salomone Fights Craft Alone After Companions Are Killed and Delays Austrian Fleet.

OTHER PLANES BOMBARD CITY

MILAN, Feb. 23.—(Via Paris.)—Details are now published of the raid carried on last Friday by an Italian air squadron on Libach, and it is declared to have been eminently successful, chiefly on account of the heroism of Captain Salomone, who piloted a large machine, carrying four men. The task entrusted to this machine was to engage adversary air craft, in order to allow the other Italian machines to accomplish their mission of bombardment.

Colonel Salomone attacked several Austrian aeroplanes, and in the battles two of his companions were killed and he himself wounded. He continued, however, to handle his machine so skillfully that his observer, Colonel Barbieri, was able to keep up a steady machine gun fire on the Austrians.

Bullets rained on the Italian aeroplane from all sides and Colonel Barbieri was killed. The pilot remained alone with the bodies of his companions blundering the manipulation of the levers, that of Colonel Barbieri lying across one of the steering wires. Wiping the blood from his eyes, for he was wounded in the forehead, Captain Salomone managed to move the body and that of another man so that he could steer more easily, and having sufficiently delayed the pursuers to enable his fellow aviators to reach their goal, he finally landed at Palma Nova and was taken from his machine in a fainting condition. King Victor Emmanuel has awarded him the medal for valor.

The Italian official communication of February 19 said that the air raid, carried out on Libach on the preceding day, was in retaliation for numerous violations of international law by the Austrians and that the raiding squadron dropped several dozens of grenade mines and bombs on the city. It added that one of the Italian machines had been forced to descend on Austrian territory. The Austrian official statement, referring to the same raid, said that it was "a lamentable failure."

Libach, a city of 30,000 population, lies about forty-five miles east of Cortina. It has been stated that it is the headquarters of the Austrian army operating against the Italians.

SOCIETY NIGHT ACTS AS MAGNET FOR AUTO SHOW

manifestly evident by the competition among the exhibitors to see who could get the largest number of pretty girls to occupy the seats of the cars in the displays. During the busiest hours of the evening there wasn't a car in the building—and there are over 300 cars, remember—that wasn't totally occupied by a bevy of feminine beauty.

Nebbia's Symphony orchestra and the La Salle quartet put a few extra finishing touches to the musical program last night. Especially the orchestra. Altra that carry a jingle and that inspire a shuffling of the feet made up the greater part of the program and it was all some of the more sympathetic could do to keep the shoulders from aching.

Number of Sales Large. But for all that it was society night and therefore the night for pleasure, the automobile men didn't let the primary object of the show, the sale of cars, escape them. They were just as much business bent as ever and sales were numerous.

The afternoon attendance was remarkably large yesterday, too. There was a crowd on the floor every minute of the time, even larger than Wednesday afternoon, which broke all previous records. Business was brisk in the afternoon and many sales were recorded.

Charges Harvester Sent Witness Out Of United States

WASHINGTON, Feb. 24.—Charges that representatives of the International Harvester company, who could testify on the accusation that the company financed a revolution, had suddenly left this country to avoid testifying in the senate trial investigation, were made today before the senate agricultural committee by counsel for senate growers and denied by counsel for the company.

A statement was read into the record that Aveline Montes, said to be the international company's Tucson agent; M. J. Smith, Monte's New York agent, and H. L. Daniels, manager of the fiber department of the company, had sailed Saturday from New York after the resolution calling for the investigation had been passed.

Senator Hansell confirmed a statement by Walter L. Fisher, counsel for the Harvester company, that Daniels had sailed with the permission of the committee and had promised to return when his testimony was desired. Mr. Fisher assured the committee that Cyrus H. McCormick, president of the Harvester company, and other officials whose testimony was wanted would come whenever the committee wanted them.
