UNIVERSITY OF NEBRASKA

The coming of ninety high school basket ball teams to play in the anurual tournament for the state championship will bring. It is thought, approximately 750 high school atudents to Lincoln and the university this week end. The university will have open house from Wednesday on, and will be at its best for the inspection of the visitors. The basket ball tournament and the annual fete day in May are probably more responsible than any two other factors in getting the high school students acquainted with their state university, so

that they come to Idncoln for their higher education rather than to go to the east. The entertainment of the visitors will devolve upon the fraternities, for the most part, with the University Young Men's Christian association doing as "Tiz" for Sore, much as possible to make them feel at home. The Young Men's Christian assoclation will have men to meet incoming trains, and most of the fraternities will take care of a man or two from towns from which their members come. The

entry list for the tournament is the largest in the history of the school, and there will be almost continuous playing from Wednesday noon until the whistle is slown for the final game Saturday night. Last week the university entertained.

the Achoth secority, which held its national conclave Thursday, Friday and Saturday. An especially cordial welcome was extended to the Achoth delegates for the Nebraska chapter is the mother chapter of the organization. Achoth originated in Lincoln in 1910, a number of students who were also members of the Order of the Eastern Star founding the sorority. Only members of the Order of the Eastern Star can be admitted to membership in Achoth. The sorority has spread since 1910 to the Universities of Kansas, Iowa, Illinois and Washington and Northwestern universities.

GENTLEMAN

Most farmers regularly devote part of their time and thought to the breeding, feeding, care, buying and selling of livestock. So The Country Gentleman devotes a regular weekly department to these same problems. This department contains short articles of suggestion and advice, written by farmers, stockmen, experimenters, breeders, feeders, and is called

LIVE ITEMS ABOUT LIVESTOCK

The Country Gentleman is planned and published for the farm family-with always six to ten special articles on agricultural subjects-with always the regular departments that correspond to the regular interests of the farmer and his wife: crops, field methods, farm power, farm buildings, dairying, poultry, market gardening, fruit growing, cooking, sewing, community activities, etc.

All this in addition to the regular livestock department and special livestock articles.
