Felix Newton Takes On Heavy Burden

(From a Staff Correspondent.) LINCOLN, March 14.—(Special.)—Felix Newton, czar of all the Russians around Lincoln, is having a serious time accumulating names on the petition of Vice President Marshall for the preferential primary ballot as a candidate for the democratic nomination for his present job.

Many democrats do not like the idea of anybody being filed against Governor Morehead for the vice presidency that whenever they walk with his little petition they wax wrath and smite the air in all directions, and hurt epithets of derision and other strong democratic language at the gentleman who, while being a candidate for the legislature, still desires to take a fall out of Governor Morehead.

Mr. Newton bears the distinction of taking on the job of beating Morehead for vice president, Hitchcock for senator and Bryan for governor, all democrats of his own political party.

Nearly Four Hundred Hit Trail at Wymore

WYMORE, Neb., March 14.—(Special.)—The great revival in the history of Wymore closed Sunday night, with a total of 387 "trail hitters." Every Sunday evening the "Old Glory Barn" has been filled, the crowd overflowing into the neighboring streets.

The Erwin Brothers Evangelistic party has been in charge of the meetings. Sunday evening a total of more than \$1,600 had been raised to pay the expenses of the meeting. Most of the converts have expressed a church preference; the Methodists receiving about 175, the Baptists 20, the Christians 52 and the remainder being distributed among the other churches of Wymore and Blue Springs.

The Erwins go from here to Loup City, Neb., for a series of meetings, which begin Sunday.

GRAND ISLAND, Neb., March 14.—(Special Telegram.)—The trial of Bert Ford, a negro, for the murder of Logan Boyd, also colored, on December 17 last, following a party at the home of one Kinkaid, in this city was started today, the work of securing a jury taking the greater part of the day.

HORDVILLE SHIPS FIFTEEN CARS OF LIVE STOCK

This section of the country raised an abundant crop of corn in 1915, and as some of it was corn that would not bring top market price, there has been an unusual amount of stock fed here this winter. This section has long been noted for its fine quality of live stock, and as today's shipment was composed of the cream of the stuff around here, it should bring some fancy prices on the market.

It is stated that Mr. Grimes, county superintendent of Cass county, and Attorney Frank Taylor of St. Paul were the names considered. SOLDIERS' HOME NOTES

Comrade Holden has returned from a furlough of thirty days. He visited with a brother and family at Central City. A good cheer society has been organized by a large number of the members of the Home, treating them like real friends. The committee has gone to work with his whole soul to beautify the Home surroundings and all inmates are feeling a pride in showing the place to strangers.

The fourth of April is general pension day, and if the weather is as fine as it promises to be, there will be a great exodus of members from the Home, leaving on footpaths. A large number are planning on leaving about that time. April and October are the two months during which the greatest number of furloughs are taken.

The ladies in the main building had the pleasure of partaking of a fine breakfast in their own dining room yesterday morning. The room has just been repainted and redecorated.

John Harrow has returned to the Home after a seventeen-day detention in the emergency hospital at Grand Island, where he was suffering with smallpox.

TODAY'S AID TO BEAUTY

An especially fine shampoo for this weather can be easily made at trifling expense by simply dissolving a teaspoonful of canthorin in a cup of hot water. Pour slowly on scalp and massage briskly. This creates a soothing, cooling lather that dissolves and removes all dandruff, excess oil and dirt. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on a glossy richness of natural color, also a fluffiness which makes it seem much heavier than it is. After a canthorin shampoo arranging the hair is a pleasure.—Advertisement.
