

Look at Child's Tongue, if Sick, Cross, Feverish

Hurry, Mother! Remove poisons from little stomach, liver, bowels.

Give "California Syrup of Figs" at once if bilious or constipated.

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad, has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul constipated waste, undigested food and sour bile gently moves out of the little bowels without straining, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle.

Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt—Advertisement.

MUSTEROLE QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting.

MUSTEROLE is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not burn it, either with a cloth. You simply rub it on—and usually the pain is gone!

Doctors and nurses use MUSTEROLE and recommend it to their patients.

They will gladly tell you what relief it gives from Sore Throat, Bronchitis, Croup, Stiff Neck, Asthma, Neuralgia, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chilblains, Frosted Feet, Colds of the Chest (it often prevents Pneumonia).

At your druggist's in 25c and 50c jars, and a special large hospital size for \$2.50. Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but powerful laxative, and their effect on the liver is almost instantaneous. They are a result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes causes havoc with the gums. So do strong liquids.

It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "billings" and watery feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. At 50c and 50c per box. All druggists.

The Olive Tablet Company, Columbus, Ohio.

RUPTURE

We have a successful treatment for Rupture without resorting to a painful and uncertain surgical operation. We will take such cases upon a guarantee to give satisfactory results. We have exclusive rights in this treatment. We have perfected the best treatment in existence or was, as it is dangerous, and we have no loss of time. COMMERCIAL CLUB FOR ARBITRATION

Advise Railroads and Trainers that They Do All Possible to Avoid Strike.

PASSED SUCH A RESOLUTION

Following the appearance of Ballard Dunn, special representative of the railroads, before the executive committee of the Commercial club Tuesday noon, the committee adopted the following resolution touching on the impending strike of engineers and trainmen throughout the country:

"Whereas, The Commercial club of Omaha is convinced that the differences now impending between the railroads of this country and certain of their employes, if not speedily adjusted will result eventually and may bring about an interruption to railroad transportation; and

"Whereas, A railroad strike, even of temporary duration, would be a calamity far-reaching in its effect, and bringing a loss to the public far more serious than the loss to the railroad companies and their employes; and

"Whereas, Arbitrary action on either side without the questions in dispute being submitted to a careful and unbiased investigation would bring about a grave condition, threatening the welfare of the public; therefore, be it

"Resolved, That it is the sense of the Commercial club of Omaha, if the parties to the controversy do not reach an early agreement through direct negotiation, that both parties to the controversy should submit their differences to an impartial board of arbitration for the adjustment of all causes of difference between them, with due regard to the interests of the public."

Postoffice Sleuth Finds Error Which Nets U. S. Thirty

Thirty dollars is the price the Wilson Steam Boiler company, Twentieth and Center streets, had to pay for being unfamiliar with the postoffice law governing third class matter.

Three thousand copies of a circular letter were mailed by the company.

Such letters, unsealed, go at the 1-cent postage rate, provided that they are identical (except for the name of the addressee) and that they are "reproductions or imitations of handwriting and typewriting obtained by means of the printing press, neolograph, multigraph or similar mechanical process."

Into each letter the words "Postage stamp is enclosed" had been written by this, having been forgotten when the letters were printed.

These four words cost \$30. For when "Pat" McClellan, the celebrated mail sleuth of the postoffice, opened some of the circular letters he discovered the writing. And he called up John L. McCague, Jr., the secretary of the company and he read the postal law to him and he pointed out that the insertion of these four words by pen made each letter a personal letter and subject to first-class postage.

If the four words had been inserted by rubber stamp, the 1-cent postage would have been all right.

Moorhead Will Not Remove Names from the Primary Ballot

Unless he receives special notice from Secretary of State Pool, Election Commissioner Moorhead will not remove names from the primary ballot as requested by candidates whose rigid pedal extremities hid them withdraw.

Moorhead asserts he cannot remove a name after the filings have closed, though several candidates have requested him to do so. Secretary of State Pool, Moorhead's superior, has removed the name of Vice President Marshall.

MRS. NORTON ENROUTE HOME FROM A TRIP TO PARIS

Charles H. Norton of Omaha, the oldest conductor in years of service in the employ of the Northwestern on the lines west of the Missouri river, started for New York, where he will meet Mrs. Norton, who is an incoming passenger from France on the steamer Espange.

Mrs. Norton has been in France a year, visiting her brother, who conducts a private school for girls in one of the suburbs of Paris.

How to Cure Colds. Avoid exposure and drafts. Eat right. Take Dr. King's New Discovery. It kills and destroys the cold germ. All druggists.—Advertisement.

Syracuse About Ruined by War

(Correspondence of The Associated Press) SYRACUSE, Island of Sicily, March 27.—The war, enriching so many ship-

owners and seaports of the Mediterranean, has all but completed the ruin of Syracuse, once the world's richest port and the center of its commerce.

So hard has the war hit this port that it became an important event recently when the six men of the crew of the little American schooner Albatra got up-

ber creaking anchor, broke out the stars and stripes and sailed away homeward. With the departure of this ship seemed to fade the last hope of the 25,000 people who live here, a pithy handful left from the 500,000 who once were proud to date their prosperity from 600 B. C.

While the war has brought activity to

other parts of these seas, made Corfu, Brindisi, Taranto, Saloniki, the two Gallipoli, supply stations for colossal fleets of war vessels and their accompanying transports, brought them and their inhabitants wealth, filled their hotels to overflowing, made beds worth far more than during convention time in Chicago.

Seven Gulls Sign. The contracts of seven members of the 1916 Mobile Gulls have been received by Manager Schmidt.

wrought the prosperity of market gardeners and farmers. It has not only passed by Syracuse but has taken away what little business it had.

Seven Gulls Sign. The contracts of seven members of the 1916 Mobile Gulls have been received by Manager Schmidt.
