PARALYSIS CASES FOUND IN NEBRASKA

One Child Has Infantile Epidemic in Adams County, Another at Lincoln.

ABATING IN NEW YORK

Hastings, Neb., July 8.—(Special Telegram.)—The first Nebraska case of infantile paralysis in the present epidemic was discovered today at Pauline, near here, the victim being Morine Giddings, age 6. Under the direction of state and county health authorities the Giddings family of ten have been isolated.

Lincoln, July 8.—City Health Officer Chapman announced today that while Lincoln is now free from infantile paralysis, a 15-day-old baby died of that disease, July 1. It was not known at the time of death what the trouble was and several persons gathered at the house. The health department is taking due precaution to prevent an outbreak of the disease.

Case in Iowa.

Des Moines, Ia., July 8.—(Special Telegram.)—A report reached the State Board of Health today of the death of an 8-year-old boy at Inwood of infantile paralysis. Burlington is known to have a case of the disease. Dr. Krichbaum has reported that Thomas McKee, 2 years old, is suffering from infantile paralysis. The State Board of Health is preparing a report of a bulletin issued some time ago on the disease.

Abating in New York.

New York, July 8.—Although this was the hottest day since the beginning of the epidemic of infantile paralysis two weeks ago, fatalities from the disease showed a decrease. During the twenty-four hours preceding 10 o'clock today the disease killed eighteen children in the greater city, thirteen of this number dying in Brooklyn.

Ninety-five new cases of the disease were reported in the five boroughs. During the week just ended there were 126 deaths, 105 of this number in Brooklyn. More than 800 cases were reported.

The falling off in the number of fatalities and new cases during the last three days, although only slight, is regarded as favorable by health experts. There were twenty-four deaths during the twenty-four hours ending at 10 o'clock Thursday morning, twenty-two on Friday and eighteen today.

Many Cases Not Genuine.

Assistant Surgeon General W. C. Rucker of the federal public health service, was in consultation with Health Commissioner Emerson and other health officials today.

That not 50 per cent of the cases reported to the health authorities as acute anterior poliomyelitis, or infantile paralysis, are genuine, is the statement made today by Dr. Thomas Darlington, former president of the board of health.

"Many physicians, who are not expert in their diagnoses, have reported as infantile paralysis certain cases of infantile summer diseases, which are in no way allied with anterior poliomyelitis," he said.

He said that recognition of this disease is not possible at the outset or even during the early days of its course.

Cases Outside New York.

Albany, N. Y., July 8.—Only two cases of infantile paralysis in sections of the state outside New York City were reported to the state health department this forenoon. This brings the total number of cases outside of Greater New York to forty-seven.

Newark, N. J., July 8.—One death, the second this week; two new cases, making eight this week, and two suspected cases, is this morning's report of the infantile paralysis outbreak in Newark.

Madison, Wis., July 8.—Six cases of infantile paralysis in Wisconsin have been reported to the state bureau of vital statistics thus far this month.

Beatrice Country Club Makes Plans

Beatrice, Neb., July 8.—(Special.)—The directors of the Beatrice Country club held a meeting last evening at which plans were submitted for the erection of the necessary buildings on the grounds, which are located south of the city.

The standing committees were named for the year by President Hevelone and a campaign to increase the membership from seventy-five to 150 will be started at once. The present membership fee is \$100, but this will be increased to \$150 as soon as the membership reaches 150. It is planned to establish a tennis court and croquet grounds on the course.

George Dahlen, an old resident of the Cortland vicinity, was adjudged insane yesterday by the insanity commission and ordered taken to the hospital for the insane at Lincoln.

Harry Allsman, who was severely hurt in the auto accident south of Wymore Wednesday evening, which resulted in the death of Conductor Charles Matz, is improving, and will soon be able to be out. Grant O'Connor and Fred Hiatt, two other members of the party, were only slightly injured. The funeral of Mr. Matz was held this afternoon.

North Platte Raises Fund for Guardsmen

North Platte, Neb., July 8.—(Special.)—North Platte has responded generously to the call of the guardsmen of Camp E encamped at Camp Morehead. A check for \$225 has been sent to Captain P. R. Halligan to be used as a mess fund by the boys. Fifty-one persons contributed to the fund, the contributions ranging from \$1 to \$25.

Fourteen Mexican Horse Thieves Killed Near El Paso

El Paso, July 8.—Fourteen Mexicans are reported to have been killed in a battle with three Americans not far from Anapra, N. M., according to a report received here today.

The Mexicans are reported to have crossed the border and at 2 a. m. rustled forty-six head of horses from the ranch of Tom Perrine, three miles out of Anapra.

Perrine, a Texas ranger and a former customs guard, waited until day light, when with two men he set out in pursuit of the bandits.

At noon today he telephoned into El Paso that he and his men had caught up with the Mexicans near the boundary, engaging them in a fight, killing fourteen of them and releasing his horses. The Mexicans, he said, numbered more than thirty.

Anapra is about seven miles west of El Paso. The authorities have set out to verify Perrine's story.

Shotwell Thinks New Capitol Need Of State Just Now

(From a Staff Correspondent.) Lincoln, July 8.—(Special.)—If the Douglas county delegation in the legislature has its way means will be provided for the building of a new state house in Lincoln.

This is the opinion of Frank A. Shotwell of Omaha, who is a candidate for the state senate on the republican ticket.

"It doesn't make any difference who are elected," said the Omaha attorney, "they are all for a new state house, and a good one at that."

"I think the state is entitled to a \$3,000,000 or \$4,000,000 building."

Ravenna Stops Business During Clark Funeral

Ravenna, Neb., July 8.—(Special.)—The funeral of Charles A. Clark, president of the Ravenna Creamery company, was held yesterday. Besides a large gathering of the home friends and neighbors, creamery officials and other citizens from many other towns, including Omaha, Lincoln, Loup City, Ord, Grand Island and Kearney, were in attendance. As a mark of respect for the deceased and his estimable family, every business house in Ravenna closed and as far as possible all work ceased for a period of one hour.

Aurora Boy Bitten by Bulldog

Aurora, Neb., July 8.—(Special.)—A bulldog belonging to Harry Roger sank his teeth through the forearm of little Frank Murphy, inflicting an ugly wound. Being fearful of rabies, the parents are having the little boy treated with the Pasteur treatment. The boy is the son of George H. Murphy, the Burlington agent at Aurora. The dog has been killed and his head was sent to the state university for examination. The experts were unable to say whether rabies was present.

West Point, Neb., July 8.—(Special Telegram.)—Bessie, the 5-year-old daughter of Joseph Kaase, a prominent business man of West Point, died this morning from the effects of a severe scalding. About ten days ago, she accidentally fell into a pan of hot starch which had been left on the floor and sustained such severe injuries that she could not rally.

Barn Burned Near Lindsay

Lindsay, Neb., July 8.—(Special.)—The barn on the Svoboda farm burned to the ground this afternoon at about 4 o'clock. Killie Schmitz is farming the place. He went to the field at about 2:30 and saw the smoke at 4. He has no idea as to how the fire may have originated. He lost several sets of harness, also a wagon which had a load of hay on it. The barn belonged to Mr. Svoboda of the Lindsay State bank and was insured for \$400, which will cover about one-half of the loss.

Alleged Wifebeater in Jail

Lindsay, Neb., July 8.—(Special.)—Sheriff Burke came up from Columbus today to take Vint Connelley to the county jail where he is lodged on the charge of wife beating, the complaint being filed by two brothers and a sister of his wife. It is alleged that he beat his wife on July 5, giving her, among other things, a couple of black eyes.

CAPTAIN RODERICK DEW PROMOTED

Nebraska Regular Officer at Front With Parshing Writes of Campaign in Mexico.

THINKS VILLA IS DEAD

Tecumseh, Neb., July 8.—(Special.)—Captain Roderick Dew, the Tecumseh man who is a member of the seventeenth infantry, United States army, and now in Mexico, has written a letter home. Captain Dew was promoted from first lieutenant on July 1. His letter was written from camp at a point near El Valle, some 250 miles south of Columbus, N. M. The epistle was dated June 29 and in part is as follows:

"Things have been moving along quite lively down here for the past two weeks. My company received orders on the 18th to move over to El Valle. We started on the morning of the 19th and, after marching about twelve miles, we were overtaken by a truck with a telegram ordering me back to Cruces. "I went back and reported to the

cavalry commander. Two nights later I took a troop of cavalry and left camp at midnight and raided certain houses in which the families, parents or other relatives of some of the Columbus raiders lived. I had heard that these people were coming into town during the night, a thing they could easily do and without much danger. Then they would hide out in the hills during the day. On the night in question I captured two, one of them a captain by the name of Tomas Camarinos. These, with the one we already had, made twenty-three, whom we started north the next day. I suppose they will eventually be tried at Columbus. From the most accurate data obtainable, from what the prisoners say, there were about 467 Mexicans in the Columbus raid. Of this number over 400 have been accounted for, being either killed or captured, and this includes the leaders.

Thinks Villa Is Dead.

"I believe that Villa is dead. We knew he was badly wounded in the Guerrero fight, that gangrene set in and that he was at last being carried in a litter. The American troops were pressing him very closely, with information as to his whereabouts coming in all the time. All of the trail stopped and no further trace of him could be picked up beyond a certain point. Natives said

he died in a pass while being carried across the mountains and was buried there. This was a very wild and lonesome place and the grave could not be found, or any of the men who were with him at the time. Too bad, as the uncertainty will always exist.

Promoted July 1.

"I finished my examination for promotion in Namiquipa about two weeks ago and will be a captain day after tomorrow, July 1. In the meantime I may go to another regiment as there will not be enough vacancies in the Seventeenth. It takes no difference to me where I go, but now this Mexican war is seemingly about to start I want to get into it, or rather remain in it as long as I can. I suppose you have read all about the fight the Tenth cavalry got into over near Carrizal, where Captain Boyd and Lieutenant Adair were killed and a bunch of troopers were taken prisoners. Adair was a classmate of mine and I saw him about a month ago when his regiment passed through Cruces. I received a letter from him on the day he was killed, written June 15. I shall keep it as a remembrance."

Batting Eyes of Ty Cobb, Super-man Greatest Baseball Player, Tells How Nuxated Iron Gave Him New Life

This great giant of strength and endurance says he now plays a better game than when he was younger.

Physician explains why taking Nuxated Iron gave Ty Cobb such tremendous strength and vitality after he was so weakened and all "run-down"—says it will often increase the strength and power of delicate, nervous folks 200 per cent in two weeks' time.

New York, N. Y.—When interviewed in his apartment at Bronx Hall, Ty Cobb said: "Hundreds of people write to me to know how I train and what I do to keep that force and vitality which enables me to play practically every day of the entire baseball season. They wonder why I can play a better game today than when I was younger.

"The secret is keeping up the supply of iron in my blood—exactly what everyone else can do if they will. "At the beginning of the present season I was nervous and run down from a bad attack of tonsillitis, but soon the papers began to state 'Ty Cobb has 'Come back.' He is hitting up the old stride. The secret was iron—Nuxated Iron filled me with renewed life. "Now they say I'm worth \$50,000 a year to any baseball team, yet without plenty of iron in my blood I wouldn't be worth five cents. Nuxated Iron supplies that 'stay there' strength and vim that makes men of mark and women of power." Continuing, Dr. Bauer said: "Mr. Cobb's case is only one of hundreds which I could cite from my own personal experience, which proves conclusively the astonishing power of nuxated iron to restore strength and vitality, even in most complicated chronic conditions."

Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. It was astonishing to find him with the blood pressure of a boy of 20 and as full of vim, vim and vitality as a young man. In fact, a young man he really was, notwithstanding his age. The secret he said was taking iron—nuxated iron had filled him with renewed life. At 20 he was in bad health; at 46 he was careworn and nearly all in. Now at 80 a miracle of vitality and his face beaming with the buoyancy of youth. As I have said a hundred times over, iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and take simple nuxated iron, I am convinced that the lives of thousands of persons might be saved, who now die every year from pneumonia, grippe, consumption, kidney, liver and heart trouble, etc. The real and true cause which started their disease was nothing more nor less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking. Just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the while double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or iron sulfate. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron. If you want it to do you any good, otherwise it may prove worse than useless. Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron. One who went into the army, while many another was gone to the front, was simply for the lack of iron.—E. SAUER, M. D.

A good batter must be in prime physical condition—he needs a cool head, a quick eye and tremendous strength to put the swing behind the bat. Ty Cobb is undoubtedly the greatest baseball player in the history of the game. A short time ago he was weakened and all "run-down"—today he is a miracle of strength and endurance, due to filling his blood with plenty of iron. He says Nuxated Iron has given him new life and renewed energy and put the old-time vim and vigor of youth into his blood.

NOTE—Nuxated Iron, recommended above by Dr. Bauer, is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians everywhere. Unlike the older iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions. The manufacturers have such
