KIDDIES FLY THEIR KITES HIGH IN AIR

Boy With Ak-Sar-Ben Decorations Wins First Honors at Morton Park.

KITE FIGHT IN FINALS

Edward and James Curran of 4040 S street, won first and second places, respectively, in class B at a kite-flying contest held yesterday afternoon in Morton park, South Side. Harold Busch of Forty-third and V streets won first in class A. Master Strick used a reel for winding his twine and thus won the day. James Curran decorated his kite with Ak-Sar-Ben colors.

Much String Needed. These youngsters ransacked their mothers' pantries for string, as the rules required that each kite should be let out not less than 600 feet to be eligible in the two classes. The wind was not favorably inclined, but the boys managed to get their kites up and they seemed to enjoy the competition offered by the contests.

City Commissioner Hummel, Dr. Zora D. Clark and Dr. J. P. Connolly of the recreation board and Superintendent English of the playgrounds attended the contests.

Boys and girls of Fontenelle park believe that next Saturday morning at 11 o'clock they will have the best contest of the series. They will have some surprises in designs and are going into this sport with might and main.

The city championship tournament will be held Saturday afternoon, September 30, in Elmwood park, when one of the features will be a kite fight after the custom of Korea and Hawaii.

Dr. Little, Oldest Odd Fellow, at Rest

Funeral services for the late Dr. William Darwin Little, who at the time of his death, last Friday, was probably the oldest Odd Fellow in the world, were held from the residence of his daughter, Mrs. A. N. Eaton, Sunday afternoon, with burial in Forest Lawn. There was a large attendance at the funeral, including friends of the family and Odd Fellows. The exercises were conducted by the Odd Fellows, Sam K. Greenleaf officiating. Prayer was offered and a short address delivered by Rev. M. V. Higbee, pastor of the North Presbyterian church.

Dr. Little at the time of his death was past 90 years of age, having been born in Indiana May 19, 1826. When ten days past 21 years of age he joined the Odd Fellows and for more than sixty-nine years had been a member in good standing. For many years he practiced medicine in Indiana and Kentucky. His wife died some fifteen years ago and since that time, retired, he had lived with his children.

Farmer's Wife Killed As Motor Car Upsets

Holstein, Ia., Sept. 17.—Mrs. Barney Vanvoij, wife of a farmer, was killed and Mr. and Mrs. John Buck of Schaller, Ia., seriously injured in a collision of automobiles near here today. Mrs. Vanvoij was thrown from the car and her neck broken. The Bucks were pinned beneath their overturned machine.

J Will Challenge Decatur Bank Claims

Lincoln, Neb., Sept. 17.—(Special.)—Attorney General Reed is preparing to resist the allowance of several claims against the defunct Farmers' State bank of Decatur, aggregating about \$65,000. Objection to the allowance of the claims will be filed by Mr. Reed tomorrow in the Douglas county district court, and cover the following: Central state bank of Omaha (an institution which has never been chartered by the state) for \$3,000, representing a deposit sold to have been made by A. B. White, its chief promoter; also a personal claim of White for \$46.77. Central State Life Insurance company of St. Louis, for \$7,481.52, said to represent discount on the sale of some notes. United States Trust company, for \$5,000; in bank because the title was defective; certificate of deposit issued to the trust company later. Gustav Dencker, a South Dakota banker, for \$2,500, this claim involving alleged misrepresentation in the sale of stock. H. D. Byram, D. B. Watson, J. S. Farrens and Theo. Hennig, directors in the Decatur bank, for \$7,500 each, on certificates of deposit by them; total for the four, \$30,000. Frank James of St. Paul, on five certificates of deposit, for a total of \$12,000.

"Force" Puts One Over On Detective Lahey

Detective Dan Lahey, recently a recruit in the ranks of the benedictines, was covered with confusion last night when he appeared at police headquarters wheeling a matrimonial fruit basket.

He had recovered it from a shed near Twenty-fourth and Hickory, where it had been hidden with other loot recently stolen.

"How'll I get this baby carriage to the station?" Dan asked Captain Dempsey when he telephoned in his report.

"Wheel it in!" commanded Dempsey. So Lahey, rather than face possible discipline for insubordination, obeyed. When he got to the station he was met by as many of his friends as could be notified in time.

Serious Charge Preferred. Beatrice, Neb., Sept. 17.—(Special Telegram.)—J. J. Gould, an old resident of Beatrice, was lodged in jail this afternoon charged with criminal assault on a 13-year-old girl named Burton. He will have his preliminary hearing tomorrow.

Dr. King's New Discovery. There is nothing better for your cough or cold than Dr. King's New Discovery. In use over 40 years. Guaranteed. All druggists. —Advertisement.

Six Veterans of Bellevue Eleven Do Not Return

Six veterans of the 1915 Bellevue foot ball squad have not re-entered school this year and the coaches must build up a team around a group of only eight letter men. Five of the eight veterans who will be on hand for the first practice tomorrow afternoon are under 135 pounds and only two of them, Captain Racely and Gustafson, have played more than one season. The return of Wenke, star end last year, and the best gainer of the Indian squad, is so far problematical.

Captain Webb, Lichtenwalner, Harlanert, Gilmore, Maxwell and Farnham have all left school. They constituted the bulwark of the Indian team last fall. All save Farnham were veterans with two or three years' experience. Their places will be hardest to fill. Farnham may still return to school, but the chances are that he will stay out to work for a year.

That leaves the problem of developing a new quarter for this fall. Of the eight men who are sure of returning, only one, Captain Racely, could be used at the pivot position, and he could be used to better advantage at half or end. Some of the new material from out in the state, like Redfern of Auburn or Mincer of Cozad, will probably be given a tryout at quarter.

Allen, Picotte, Racely, Stewart and Johns will be called upon to fill the half and full back positions. Kinner played a steady and dependable game all of last season and will prove one of the chief mainstays this fall. Gustafson has not missed a minute's playing time in three years and will go back to guard again. Erwin will take his old position.

What the new material will look like is at this time of course problematical. Only Schoenholtz, star full back of the South High team, who will enter Bellevue, can be counted upon. Johns may be shifted to tackle again if Schoenholtz shows up well at full, as he is likely to do.

Registration at Bellevue College Will Start Today

At Bellevue college this morning, Registrar Paul W. Evans, Vice President Baskerville, Financial Secretary Cummings and Office Secretary Leffler will be impressed into service to handle the registration.

Registration will proceed today and tomorrow. All students who have not registered by Wednesday morning will be assessed \$1 each. Classes will begin Wednesday, after chapel. President Kerr has not yet announced the speaker for the convocation exercises at the opening chapel service. Many old students have arrived. Foot ball captain, Racely, appeared Saturday afternoon and immediately began looking over the new material. He expressed himself as well satisfied with the gridiron outlook. All of the old students who have drifted in are pleased with the appearance of the campus and the buildings.

Just the Thing for Diarrhoea.

"About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Many druggists recommend this remedy because they know that it is reliable. Obtainable everywhere.

Danish Steamer Sunk.

London, Sept. 17.—A Lloyd's dispatch from Copenhagen today announces that the Danish steamer J. N. Medvig of 1,745 tons gross, has been sunk. The crew was saved.

SOUTH SIDE AFFAIRS

Republicans to Start Their Campaign on South Side Tuesday Night.

BELLEVUE FERRY QUILTS

Republicans will formally open the campaign in the South Side tomorrow night with the first district meeting held in the Polish district under the auspices of the Young Men's Hughes and Fairbanks club. The arrangements for four successive meetings in different parts of the city have practically been completed.

The schedule, as announced last evening, is: Tuesday, Polish hall at Thirty-third and L streets, open to all candidates; Wednesday evening, Old Settlers' hall, Thirty-sixth and U streets, Judge Ben Baker, principal speaker, with candidates for state legislature and county offices on platform; Wednesday evening, Bohemian National hall, Twenty-first and U streets, Henry Murphy, George Clark and other candidates; Friday evening, central meeting at club headquarters downtown. Only members of the club will speak.

All of the meetings will be in charge of the "flying squadron," the club's representative speakers. President Beal of the club will preside at all sessions. Introductory speeches by members of the club will precede every meeting. Arrangement committees have co-operated with central committee in arranging for the meetings.

Bowling Starts Tonight.

Bowling leagues of the South Side will open for business this evening at 8 o'clock at the Brunswick alleys at Twenty-fourth and M streets. Congressman C. O. Lobeck will make the opening address. Burt Tanner, president of the Magic City Bowling league, will also speak.

There are three leagues in the South Side. The old two Class A and B Magic City leagues were consolidated at a meeting held several weeks back, and the competition among all teams placed on a handicap basis. The Moose lodge comes forth with a separate league, and the Stock Yards league is still a factor in the annual race for city honors.

The Jeters Old Age have changed their name to "Oma." Martin Jetter continues to manage the team. The Garlow's Colts will not be a team this year.

Bellevue Ferry Stranded.

The Bellevue ferry is out of running. The village of Bellevue has forgotten its pleasant thoughts of commercial enterprise, prosperity and a stock market.

Two months or more ago the little river suddenly lowered a couple of feet, and before those in charge of the craft the next morning knew it, they were fast stranded on a sandbar. So the boat was left stranded.

Kugel Makes Rounds.

Police Commissioner Kugel made the rounds of the South Side Saturday evening. Working in conjunction with Captain of Police Briggs, the big chief kept informed as to various dances that were on out in the city. No raids resulted, however.

Saturday night two officers, Diak and Jackson, alone, raided an alleged disorderly house at 2801 Q street. Frank Kozloff was arrested as keeper. Eight inmates were taken to the station.

Magie City Goop.

The Independent Order of Odd Fellows will meet this evening at 8 o'clock at their hall at Twenty-fourth and M streets. The funeral of William McCauley will take place at 8 o'clock this morning from the McCauley residence, 2513 Pierce street, to St. Peter's church. Interment will be in St. Mary's cemetery.

While at the city championship base ball game at Rourke park yesterday afternoon Ray Jones, young man living at 4601 B street, lost a solid gold watch of considerable value. He reported the loss to the police.

House thieves broke into the home of John Winkler, 2306 N street, Saturday evening between 7 and 10:30 o'clock, by cutting

McCook's Postoffice Building Occupied

McCook (Neb., Sept. 17.—(Special Telegram.)—The McCook postoffice today was moved into the new federal building. This building cost, with its site, \$125,000. Besides housing the postoffice it contains quarters for the McCook division of the federal district court for Nebraska, and for all the officers connected with that court furnished and equipped with every modern requirement for both postoffice and court. It stands unique in its richness and splendor, not only in this city but in this section of Nebraska.

Fremont College.

President Clemmons spoke at Lewelling Thursday and at Scottsbluff Friday. The Saturday evening lecture by Prof. A. Soffley was on "Alfred the Great."

Prof. T. B. Kelly of the vocal department sang for the students in chapel Friday morning. Mr. Kelly has a most pleasing tenor voice.

The students of the pharmacy department who took the state board examinations the second week of August, are Roy Jensen and Louis Cowine, James Felton, William Wilson and Michael Kern.

The scientific gave a pretty demonstration in chapel Thursday morning. The president of the class, Mr. Joseph Palmer presented the class in a neat speech, which was followed by an interesting musical program furnished by the members.

The residents of the east dormitory delighted with the return of their former roommate, Miss Clara Hartford, who was in charge of the boys' hall last year, but was thrown out of a position on account of the fire in a most contemptuous manner in every way and takes motherly and business-like interest in the students under her charge.

The opening of college September 5 was gratifying to a high degree in point of attendance. When the body assembled for registration at an early hour Tuesday morning it was noted that so many had not reported at that time for several years. The prompt attendance facilitated organization and before noon the entire college was in the program and adjustment to class work was soon over. Among those in attendance from long distances are: Mr. Postrest Rhenemaker, Delaware, O.; Mr. C. W. Lawrence, Denver, Colo.; Master Ray Hamilton, Alaska; Mr. Donald McPherson, Sherman, Tex.; Mr. Earl O'Connell, McPherson, Kan.; Mr. Donald McPherson and Mr. Alfred Tilton, Sitka, Alaska, and many others.

Hastings College.

Prof. Ulrich, who is at the head of the convocation this year, is very much pleased with the fine enrollment already manifest in that department.

Paul Pottorf, a former student of the college, who has just been released from the army, has returned to Hastings. He was one of Hastings' well known quarter backs a couple of years ago.

Dr. J. E. Farmer, vice president of the college, led devotion on Friday. On Thursday we were privileged to have a short address by Dr. McCaskill of University Place. A fine bunch of young men have been given to foot ball practice each evening, and Coach Beck is now beginning to select the team for the season. He feels somewhat encouraged by recent new enrollments.

The college opened Wednesday with a splendid enrollment and a most splendid address by Dr. T. H. Loebe of Omaha, who emphasized in his address the spiritual element in education and the supreme test of every man's life.

The new dormitory is rapidly nearing completion. For the present, those who have engaged rooms in the dormitory are cared for in nearby homes. Already friends of the institution are beginning to plan to furnish rooms. Mr. and Mrs. George E. Pratt have just indicated their desire to furnish one of the rooms in this new building.

The Young Men's Christian association of the city gave a reception to the men of the college on Wednesday night. On Friday night a reception was given in the college gymnasium by the Christian association of the college, to all new students and friends of the institution. This is an annual affair. A little later a banquet will be given to all new students.

Nebraska Wesleyan University.

Chancellor Fulmer delivered an educational address before the Nebraska conference at Hastings Wednesday evening. Registration has been the order for the week, classes being organized Thursday morning. The total enrollment will show a substantial increase over that of last year.

The art department has been moved to new and more commodious quarters on the third floor of the main building. The room formerly used as a studio will be occupied by the department of geology.

Additional rooms on the basement floor of the main building have been provided for the departments of chemistry and physics, the enrollment in both of these sciences being so large as to tax the capacity of the rooms formerly occupied.

The Wesleyan athletic board has organized

TO END CATARRHAL DEAFNESS AND HEAD NOISES

Persons suffering from catarrhal deafness and head noises will be glad to know that this distressing affliction can be successfully treated at home by an internal remedy that in many instances has effected a complete cure after it also has failed. Sufferers who could scarcely hear a watch tick have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear.

Therefore, if you know someone who is troubled with head noises, catarrh, or catarrhal deafness, cut out this formula and send to them, and you will have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home, and is made as follows: Secure from your druggist 1 oz. Farnajit (Double Strength), about 75c worth. Take this home and add to it 4 pint of hot water and 4 oz. granulated sugar, stir until dissolved. Take one tablespoonful four times a day.

The first dose should begin to relieve the distressing head noises; headache, dullness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus dropping in the back of the throat are other symptoms that show the presence of catarrhal poison, and which are often entirely overcome by this efficacious treatment. Nearly ninety per cent of all ear troubles are said to be directly caused by catarrh, therefore, there must be many people whose hearing can be restored by this simple home treatment.

Every person who is troubled with head noises, catarrhal deafness or catarrh in any form, should give this prescription a trial.

SCHOOLS AND COLLEGES.

Lincoln Medical College FOUR-YEAR COURSE Registration September 13-16 LINCOLN, NEBRASKA

BROWNELL HALL Omaha, Nebraska. Junior High School for seventh, eighth and ninth year. Senior High School for upper classes. Advanced work for High School Graduates. Fifty-third year opens Thursday, Sept. 21. New pupils enroll Wednesday, Sept. 20. Rt. Rev. A. L. Williams, D. D., President. Miss Euphemia Johnson, Principal.

Persistence is the cardinal virtue in advertising; no matter how good advertising may be in other respects, it must be run frequently and constantly to be really successful.

Modern Gullivers Some men stand out from the crowd as Gulliver towered over the Lilliputians. By superior energy, activity and reserve strength they predominate. Feeling right within, is one of the fundamentals of physical and mental strength, and is largely the result of proper nourishment.

Grape-Nuts with cream

is the logical food for thinkers and doers. It contains all the nutritious elements of whole wheat and malted barley, is partially predigested, and supplies an abundance of energizing nourishment without overworking the stomach. It also includes the vital mineral salt of the grain which are lacking in white bread and many other cereal foods. There's able help for many in Grape-Nuts.

"There's a Reason" Sold by Grocers everywhere.
