

Brief City News

Platinum Wedding Rings—Edison. Have Not Print It—New Brass Press Lighting Fixtures—Burgess-Grandes Co. Savoy Cafe Open—New management. Prices reasonable. Phone Bedford's New Coal Yard—1017 N. 24th, for Paradise coal, best for furnaces. Doug 115. Two Lose Their Money—Clyde Nicholson of Wahoo informs the police that he was robbed of \$4 Saturday night, and R. D. Alloway of the Havens hotel is minus \$15. Can See President—The reviewing stand at the city hall will be decorated especially this season on account of the visit of President Wilson. Those who occupy seats on this stand will have a full view of the presidential party, who will sit in a stand erected in front of the court house. Fined for Turning Wrong—I. Cohen, Tenth and Mason streets, was fined \$1 and costs by the police magistrate for a violation of the traffic regulations. Cohen was one of four men to be arraigned. The others received a continuance of hearing until Tuesday morning. Cohen is alleged to have made the wrong turn at an intersection. Fine Fireplace Goods—Sunderland.

Lannin Pleased At Showing Made By the Red Sox

Boston, Oct. 2.—"I am naturally pleased," declared Joseph J. Lannin, president of the Boston American league baseball club, when informed that his club was definitely assured of retaining the championship through Chicago's losing one game to Cleveland today. "I had no doubt as to our ultimate success. No one can question our right to the championship because we won eleven out of the last fourteen games, defeating all the pennant contenders on their home grounds. The Red Sox are a game ball club and always come back. Much credit is due to the management of Bill Carrigan and the hard, steady work of the individual members of the team, who were without the services of Speaker and Wood and in the final stages were without Captain Barry. Barry is still out of the game with a sore hand, but can get into the world's series if necessary."

Sam Reynolds Adds One More Title to His Lengthy String

Sam Reynolds, Nebraska state golf champion, captured another championship when he won the Omaha Field club title from C. E. Griffey, 6 up and 5 to go on thirty-six holes. Reynolds shot a 77 and an 82, two remarkable scores, figuring that the match was played in a high game. The bats proved to be too swift for the leans in the big team match and came away victors by seven points. As a result the leans will have to foot the bill for the big dinner Tuesday night. As the bats aver they are just as good at stowing away the eats as they are at golf, the leans' pocket-books are in for a tough time.

Hughes to Start October 9 Upon His Trip to Nebraska

New York, Oct. 2.—Charles E. Hughes, republican presidential nominee, returned here today after his two weeks' tour of the middle west and parts of New York state. He conferred at length with William R. Willcox, chairman of the republican national committee. Mr. Hughes plans to remain in this city until Wednesday, when he will go to some near-by town for a few days' rest before starting October 9 on his third campaign tour, which is expected to take him as far west as Nebraska. Tuesday night he will be the guest of honor at a reception here at the Union league club, at which former Presidents Roosevelt and Taft will be present. Mr. Hughes expressed himself as well satisfied with the progress of his campaign.

Dodge County Pioneer Dies After Long Illness

Fremont, Neb., Oct. 2.—(Special Telegram)—Charles A. Smith, the oldest man in Dodge county in point of residence, died at his home here following a lingering illness. Mr. Smith, who was known as "Uncle Charlie," was 87 years of age, and came to Nebraska from Pennsylvania in 1856 with his brothers, J. G. and J. T., who preceded him in death. For a few years after coming to Dodge county, Mr. Smith and his brothers lived in a dugout on the site now occupied by the First Congregational church. With his brothers he placed under fence part of their homestead in the spring of 1857, this being the first fence built in the county. It was built of cottonwood rails. After farming a few years, he engaged in the mercantile business in Fremont, later starting in the drug business. He served as postmaster in Fremont for one year. Mrs. Smith died a few years ago.

New Shipping Corporation China to the United States

Washington, Oct. 2.—Organization of the Chinese-American Exchange company, a shipping corporation, which proposes to inaugurate a general mercantile trade between China and American ports on the Pacific, Gulf and South Atlantic, was announced here tonight. It is headed by Dr. Clarence J. Owens, managing director of the Southern Commercial congress, and is said to have the backing of that organization. Establishment of regular sailings is contemplated between Norfolk, Charleston, Wilmington, Savannah, Jacksonville, Mobile and Galveston, on the east coast, and San Pedro, Los Angeles, San Francisco and Portland on the west coast. At Portland connection will be made with another fleet plying to and from the Chinese treaty ports.

Compromise Refused. Kansas City, Mo., Oct. 1.—Eighty-five percent of the 40,000 members of six railway employees unions voted on Monday to reject a compromise proposal of the railroads to demands for an eight-hour day, and a wage increase of 3 cents an hour. It was announced today that negotiations will be held between the unions and the railroads.

SPIRIT CALLS UPON ALL PEOPLE TO COME

Rev. G. W. Snyder Urges Everyone to Accept Invitation of Christ.

GIVEN THROUGH CHURCH

Rev. G. W. Snyder preached Sunday at the Ludden Memorial church on "The Most Pressing Invitation." He took his text from the last chapter in the Bible and the seventeenth verse: "The Spirit and the bride say, come. And let him that heareth say, come. And let him that is athirst come, and whosoever will, let him take the water of life freely." "This verse sums up all the invitations which Jesus gave during his earthly sojourn," said Rev. Mr. Snyder. "Jesus spoke the words of the text through John, the writer of the book of Revelation. And he delivers in this verse the most pressing of invitations and delivers it in such a forceful and comprehensive way that no one can say that it does not include him. "Why are not all people believers? Why are there thousands who are resisting the invitation? Jesus, Himself, answered that question when he said, 'Ye will not come.' People have the power in them to resist the word of God, powerful though it is. "The Holy Spirit is always saying, come. That wonderful spirit pervades the true preaching of God's word. God's word is the 'sword of the Spirit.' It is keen, cutting, convincing. Only the perversity of men's hearts keeps them from accepting and believing. "The Spirit was peculiarly and powerfully in Peter's words when he preached his great sermon at Pentecost and 3,000 were converted. "The word 'bride' as used in the text means the church and certainly the church is continually pressing God's invitation. That is the mission of the church, its greatest, almost its sole mission. "The people of Ludden Memorial Lutheran church are worshipping temporarily in a chapel at Nineteenth and Castellor streets. They have bought a lot on Sixteenth near Arbor, where they intend to erect a new church next summer. The church is named in memory of the late Rev. Dr. L. P. Ludden of Lincoln, who had charge of home mission work west of the Mississippi river.

Failure of Carranza To Stop Villa Proves Embarrassing Fact

Atlantic City, N. J., Oct. 2.—Representatives of the more important American mining company interests in Mexico are expected to appear before the members of the Mexican-American joint commission here tomorrow regarding conditions in Mexico. Before they are received, the commissioners will hold their first joint session here, in continuation of the discussions begun at New London four weeks ago. Consideration of plans for the maintenance of peace along the Mexican-American border will be resumed, but reports which continue to arrive of Villa's activity in Chihuahua may serve as a further delay to agreement. The commissioners made no secret of the fact that failure of General Carranza's forces to run down Villa has proved embarrassing.

Jayhawkers Are Slow At Start of Season

Kansas City, Oct. 2.—Loss of many foot ball veterans and the slowness of new material in rounding into form operated to make the "practice" games in the southwest more difficult of successful negotiation than usual. The notable exception was University of Texas, which rolled up seventy-four points while holding Southern Methodist university scoreless. The Texans' backers were surprised at the power of the offensive developed by Coach Van Gent, formerly of University of Missouri. Texas will play Missouri later in the season. University of Kansas achieved a hat victory over the Emporia State Normal, which led to suspension of the Nebraska shift formation and played the Jayhawkers to a standstill. The Kansas defense was strong. Ames won an easy victory over the Iowa Teachers' college, 19 to 0, and Drake defeated Penn college, 7 to 2. University of Arkansas had some difficulty beating Pittsburgh (Kan.) Normal, 34 to 20.

Bucharest Threatened With Many Air Raids

London, Oct. 2.—"In their latest raid on Bucharest," says the Times. Bucharest correspondent, "the German aeroplanes dropped proclamations declaring that the city will be laid in ruins soon unless Rumania hastens to make a separate peace." In view of the probable continuance of the raids the government authorities are reported as planning to bring numbers of foreigners who are now detained in concentration camps in the country to Bucharest, where they will be lodged in places most exposed to attacks."

Disfiguring Humor Spread Over Face

Seattle, Wash., Sept. 7, 1916.—"A small red place covered with little white scales appeared beside my nose. Then it began to spread over both sides of my face and the scales cracked open, causing a terrible itching and burning. It was horrible looking and very embarrassing. I tried many balms, but got no relief. At last I heard of Resinol Ointment and Resinol Soap, and applied them as directed. The burning and itching sensation was relieved at once and in three weeks I was entirely cured. My face shows no sign of breaking out now. In fact, my skin is considered beautiful." (Signed) Miss Elsie D. Collins, 1926 E. Madison St. All druggists sell Resinol Ointment and Resinol Soap. For samples free, write to Dept. 2-5, Resinol, Baltimore.

Would Unite High School Districts Of Wide Territory

A movement for the consolidation of all the high school districts between the South Side and Fort Crook was launched at a banquet Saturday evening in the Bellevue college dining room. The parents and tax-payers of the Bellevue and Avery school districts were in conference. Dr. W. H. Betz of the school-board of the combined districts and toastmaster at the banquet, has been pushing the expansion of the present high school, which is a combination of the high school of the two districts and the academy of Bellevue college.

Under the present arrangement the school districts furnish two instructors and Bellevue college furnishes two more and the school building. All college buildings, with library, laboratory and gymnasium facilities are at the disposal of the union high school. If the movement for the consolidation of the present two districts with the Highland Park and Fort Crook districts is carried through to completion, the result would be either an elaboration of the present union with Bellevue college or in time a separate high school building at some central point.

At the banquet Saturday evening President Kerr of Bellevue college pleaded for a larger appropriation for increased equipment rather than a curtailment of expenditures. Plans are being laid to add a manual training and a domestic science department to the present curriculum. Other speakers were H. A. Collins, superintendent of the Sarpy county schools; Prof. E. L. Puls of the college of expression department, ex-State Senator W. R. Patrick, Principal Albert Snare of the present union high school, and W. S. Shafer of the Bellevue Commercial club.

Frisco Getting Ready To End Receivership

St. Louis, Mo., Oct. 2.—Changes believed to be preliminary to a general re-organization of all departments were announced for the traffic department of the Frisco railroad yesterday by Receivers W. C. Nixon and W. B. Biddle. Effective today, Frank C. Reilly, heretofore assistant freight traffic manager, becomes manager, succeeding J. A. Middleton, who is made general agent at Kansas City. Brooks H. Stange is appointed general freight agent and Charles H. Morrill, his first assistant. The directors of the road will meet October 5 to discuss plans for ending the receivership.

Sixth Minister of the Interior Since War Started

Petrograd, Oct. 2.—Under an imperial ukase published today, Alexandre Khvostoff is succeeded as minister of the interior by M. Protopotoff. The ukase appoints M. Protopotoff marshal of nobility of the province of Simbirsk and vice president of the duma. He is the sixth to fill the place since the war started.

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning, and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. Wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have lallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Advertisement.

OLD TELEGRAPHER GETS HIS "THIRTY"

Death Calls Veteran Operator From Omaha Office to Final Reward.

ASSISTANT WIRE CHIEF

Death, called "thirty" for Joseph B. Prichard, 59 years old, of 1732 South Twenty-seventh street, veteran telegrapher, who died Sunday at his home following an illness of over a year.

The career of "Joe" Prichard, who was well known by those who had a hand in the early constructive era of Omaha, reads like a romance.

When but a mere youth he got into the telegraph game and stuck to it over most of the continent, holding down a key when to do so meant sacrifices and demonstration of no mean amount of grit, and when the telegrapher was much more than an automation.

In the government service at Fort McKinney he put in some wild days and later, right here in Omaha. For a long time he was cashier and manager of the Omaha office, and was later transferred to St. Joseph, Mo., where he was in charge. At the time of his death he was assistant wire chief at the Omaha office, though he had been on leave of absence for over a year, due to failing health.

Two daughters and three sons, who live out of the city, survive him. They have all been notified, and pending their arrival, funeral arrangements will be held up.

A Split of White Rock Makes A Luscious Gin Fizz

Ripley Appeals To Stockholders to Get Remedial Laws

New York, Oct. 2.—Edward P. Ripley, president of the Archison, Topoka & Santa Fe railway, sent today to the stockholders of the company an appeal to them to work for the passage of remedial legislation to meet the situation created by the passage by congress of the eight-hour law at the request of the four railway brotherhoods.

"Since the precedent of abandoning arbitration and hurriedly paying the demands of railroad unions by special congressional enactment has been established," he says in his communication, "does it not behoove you to exercise your influence in favor of remedial legislation?"

"This company believes that the act which congress has passed is unconstitutional and that steps should be taken to resist it in every lawful manner."

More Carranzistas In Field Against Villa

Chihuahua City, Mex., Oct. 2.—General Carlos Ozmuna arrived here today with 1,500 infantry and cavalry from Saltillo, by way of Torreón, to take the field in western Chihuahua against the bandits led by Villa and Jose Ynez Salazar.

How To Get Rid of Catarrh, Catarrhal Deafness or Head Noises. If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms can be entirely overcome in many instances by the following treatment, which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Parmit (Double Strength). This will not cost you more than 75c. Take this home and add to it 1/2 pint of hot water and 4 ounces of granulated sugar; stir until dissolved. Take one tablespoonful four times a day. A decided improvement is sometimes noted after the first day's treatment. Breathing becomes easy, while the distressing head noises, headache, dizziness, cloudy thinking, etc., gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which are often overcome by this efficacious treatment. Nearly ninety per cent of all ear troubles are said to be directly caused by catarrh; therefore, there must be many people whose hearing can be restored by this simple home treatment.—Advertisement.

A CADILLAC It's a Safe Used Car to Buy. A used Cadillac superior to any new car on the market at the same price. It is the truest value on the street. We are as interested in the performance of these used Cadillacs as we are in new Cadillacs. In actual service value these cars are worth a great deal more than we ask for them. See them before you buy. One Type 51, 8-cylinder Cadillac, 7-passenger. One 1913 Cadillac, 5-passenger. One 1913 Cadillac, 5-passenger. One 1913 Cadillac, 5-passenger. One 1911 Cadillac, 3-passenger. One 1911 Cadillac, 5-passenger, 4-door. One 1912 Cadillac, 5-passenger. Also Peerless Limousine, Kissel Car with winter top, and others equally as good. Just once a year we sacrifice an accumulation of good, usable, running automobiles. We are doing this now. Every car a bargain and a good running machine. Our loss is your opportunity. Profit by it and come early. Isn't it better to own a high grade used car than a new cheap car? Cadillac Company of Omaha GEO. F. REIM, Pres. 2060 Farnam St. Doug. 4225. Store Hours: 8:30 A. M. to 6 P. M. Saturdays Till 9 P. M.
