### Water Case Decided In Favor of Minden

Minden, Neb., Oct. 3.—(Special).—Judge Harry S. Dugan of the district court yesterday decided what is known as the Carrico water rate case in favor of the city of Minden.

F. L. Carrico refused to pay his water rent for two years or more claiming that he would not pay until those in office such as lawyers and dentists were compelled to pay. His water was shut off and he was compelled to pay to get water.

Mr. Carrico then commenced an action in mandamus to compel the mayor to enforce the ordinances by collecting water rentals from office people and others, contending that they were served free water although all water was metered. The mayor contended that the ordinance had received such construction for more than nine years and that such administrative construction was sufficient to give the interpretation it had been given.

The court decided in favor of the mayor, H. P. Andersen. J. L. McPheely, M. D. King and F. L. Carrico appeared as attorneys for relator and C. P. Anderberry for the mayor. Notice of appeal was given.

### Cured of Indigestion After Twenty Years of Suffering.

"After suffering for over twenty years with indigestion and having some of the best doctors here tell me there was no cure for me, I think it only right to tell you for the sake of other sufferers as well as to your own satisfaction, that a twenty-five cent package of Chamberlain's Tablets not only relieved me but cured me within two months," writes Jul. Grobner, 508 Henry St., Houston, Texas. Obtainable everywhere.—Adv.

### SUPREME COURT TO WAIT ON FEDERAL

Hearing October 16 in Omaha Will Determine Jurisdiction of Rate Controversy.

#### INJUNCTION IS CONTINUED

Lincoln, Neb., Oct. 3.—The injunction suit of the Nebraska Railway commission against the railroads of the state, prohibiting them from putting into effect a schedule approved by the Interstate Commerce commission, was argued before the supreme court this evening, and the case taken under advisement. A temporary restraining order, issued a week ago against the roads, and which expired this evening, was continued by the court. The case is an offshoot of the hearing in the federal court at Sioux Falls, S. D., last Saturday, in which three federal judges decided they had jurisdiction, but delayed a final ruling until a further hearing was held in the district federal court at Omaha the 10th of this month.

The railroads objected to the jurisdiction of the Nebraska supreme court, and the ruling continuing the injunction is interpreted to mean that whatever decision is reached at Omaha will end the case, so far as the state court is concerned.

### Bible Study Course In North Platte High is Popular

North Platte, Neb., Oct. 3.—(Special).—Bible study is proving attractive to many students of North Platte High school. An even larger number of high school students than were expected by the school authorities have registered for the course. When the registration closed for the new course that has been introduced in the high school sixty-seven pupils of five denominations had enrolled. Eighteen chose the Christian church in which to study, sixteen the Presbyterian, fifteen the Methodist Episcopal, fourteen the Lutheran and eight the Baptist. The pastors of the different churches will conduct the classes.

The Bible as a whole is to be taken up for study during the first semester. Its authorship, the various forms of composition, the classification of the books, the principal points of difference between the old and new testaments. The work for the second semester has not as yet been mapped out. Wilson Tout, superintendent of city schools, hopes to obtain the accrediting of the course in the schools of the state, and has a letter from State Superintendent A. O. Thomas suggesting his co-operation in arranging for the installation of such courses all over the state.

### Tabloids of Politics Little Items About the Progress of the Campaign.

Warren G. Harding, chairman of the last republican national convention, will speak in the Brandeis theater Tuesday evening, October 10. Senator A. J. Beveridge of Indiana will appear in the Auditorium on the evening of October 27. Arrangements for his Omaha date will be made by the McKinley club.

The democrats and their tariff "have paralyzed the fruit and lumber industries of the Pacific Coast," is the charge made by George O. Sanborn, Los Angeles woolen goods merchant and recent visitor to Omaha. In Los Angeles alone, he says, there are 25,000 empty houses, due to the exodus of persons whom the Underwood tariff laws threw out of work. He avers that Hughes is the west's forger, and after being paroled made his escape.

The latest information received at republican headquarters indicates that Charles E. Hughes will speak in Omaha on October 16. He is due to leave New York next Monday on his third speaking tour.

Local republican leaders are continuing their efforts to get Theodore Roosevelt here for an address. There are reasons to hope the colonel will be heard in Omaha.

National Committeeman Howell has gone to Lincoln to confer with State Chairman Beach and the state committee on various matters in connection with the campaign. He goes then to Chicago and perhaps on to New York.

A Chicago newspaper man who attended the address of T. R. at Battle Creek, Mich., referred to that speech as the first of a series of "Eat 'em alive speeches."

Richard L. Metcalfe of Omaha is soon to go to Missouri to assist in the democratic campaign there in the interest of the re-election of Senator James A. Reed. He has received a telegram asking him to come and do some campaign stumping. Mr. Metcalfe accepted the invitation, and the dates are to be arranged later.

Lincoln, Neb., Oct. 3.—(Special).—Charles E. Matson, a Lincoln attorney, who has been making some splendid republican speeches during the past few weeks, left today on a speaking tour under the auspices of the republican state committee. ### Republican Candidates Make Speeches in Clay

Clay Center, Neb., Oct. 3.—(Special).—A good sized audience last night listened to speeches by three of the republican candidates. Senator Shumway, candidate for lieutenant governor, outlined his record as a legislator and the platform on which he stands at present. He was followed by Senator Reynolds, candidate for state treasurer. The principal address of the evening was delivered by Robert W. Devoe, candidate for attorney general. He related with telling effect the history of the democratic national administration, calling particularly the attention of the audience to the Underwood discriminatory tariff, the broken platform pledges and the domination of the democratic party in Nebraska by Arthur Mullen.

#### SUFFRAGE IS UPPERMOST

Hastings, Neb., Oct. 3.—The annual convention of the Nebraska Federation of Women's clubs was opened tonight with addresses by Mrs. J. Evans Gowles, national president, and Mrs. Carrie Chapman Catt, head of the equal suffrage movement. "I find conditions favorable to woman suffrage nearly every where I go," declared Mrs. Catt. "As far as I can learn this is true in Nebraska at the present time. Even in the conservative east conditions are becoming more favorable to the question. "We are asking that Nebraska cooperate with the national suffrage association, in the matter of submitting the question to a vote of the people; the question to a vote of the people groups of states. If Nebraska is prepared for the question the state will be grouped with a few other western states in the fight for the question. Co-operation among the states will be possible during the campaign."

The question whether a campaign shall be made for suffrage in Nebraska in 1918 was discussed this afternoon and it will be canvassed further by Mrs. Catt with the state executive committee tomorrow.

### A Simple Way to Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it. To do this, just get about four ounces of plain, common liquid arson from any drug store (this all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.—Advertisement.

### HOW STAGE DANCERS AVOID FOOT TROUBLES

A pretty dancer whose face and frame are familiar to all theater-goers is constantly asked the question: "How do you keep your feet free of troubles? Mine ache if I do anything at all out of the ordinary, such as walking, standing or dancing more than usual." And here is this little dancer's prescription: "I always have a package of Wa-Ne-Ta on hand and always after working hard on the stage I bathe my feet in hot water in which I dissolve two or three tablets of this preparation. I never have trouble as this leaves my feet cool, comfortable and happy." If your druggist can't supply you with Wa-Ne-Ta, don't accept a worthless substitute; he may have an interest in recommending it. Write for a sample package of this wonderful foot relief. You can use Wa-Ne-Ta with delightful effect in your body as it leaves skin soft and antiseptically clean. The regular size packages sell for 25 cents. L. C. Landon Co., South Bend, Ind.

### RAIN WILL NOT STOP AK-SAR-BEN PARADE

Arrangements Made to Protect President in Case Jupiter Pluvius Tries to Interfere.

#### TO USE U. S. BANK BUILDING

All parades will be held this week, rain or shine, according to announcement made by the board of governors of Ak-Sar-Ben.

And the president and his party will view the parade Thursday, rain or shine. While the committee is expecting fine weather for the historical parade the members have prepared for an emergency. In case of rain Mr. Wattles has arranged to turn over the United States National bank room at Sixteenth and Farnam street for the use of the presidential party. The bank has arranged to close at noon and the use of the windows had been granted to the employees, but in case of rain the employees will give up their rights to President Wilson.

President Wilson will not have to walk from the reviewing stand to the Hotel Fontenelle after the parade and arrangements have been completed to do away with that. When President Wilson alights from his auto at the reviewing stand the machine will be driven to the driveway inside the Douglas county court house so that

### Boy Smothered to Death in Sandbank

Alma, Neb., Oct. 3.—(Special).—Lon, the 13-year-old son of Paul Kuburt, was instantly killed this afternoon by being buried in a sandbank about a mile northeast of town. Apparently the lad, in company with a younger brother and another schoolmate, left school shortly after the noon hour and went to the sandbanks to dig a cave, when it caved in, burying the oldest boy under two feet of sand and the younger boys about waist deep. The two boys extracted themselves and went to Lew Prettyman's place, where they picked up a small shovel and started back, when Mrs. Prettyman called asking what was the matter. When informed of the accident she called her sons, Clarence and Marion, who went to the scene of the accident and soon uncovered the unfortunate lad, but too late to save his life, as he gave two gasps and expired. The efforts of a physician to revive him were futile. The boy was 13 years old on the day of his death.
