DEMS CAST ABOUT TO FIND LEADER

Question Whether Norton of Polk Will Succeed to Position Held Last Session.

SOME LIKELY TO REBEL

(From a Staff Correspondent.)
Lincoln, Nov. 29.—(Special.)—If Representative J. N. Norton of Polk county desires again to be chosen leader of the democratic house of representatives this winter, he is likely to meet with opposition.

"The democratic majority in the coming legislature is not going to recognize any man as its leader, who was not true to the entire democratic ticket at the last election," said one democratic member from out in the state, and his statement was seconded vigorously by his companion. "We have the goods on Mr. Norton," said the first speaker. "We are reliably informed that he fought two of the leading candidates on the democratic ticket in the election and for that reason he cannot expect to pose as a true, blue democrat and act as a leader."

Plan To Get Even.

According to the gentlemen, none but the true and brave may wear democratic spurs of leadership and in this statement they say they have the support of many of the leaders of the last session, who several times gnashed their teeth in silence when the "Gentleman from Polk" took the legislative bull by the horns and forced compliance to his demands.

The list of returning democratic statesmen contains many who would doubtless like to have the mantle of leadership thrust upon them even if they have to fight for it. Richmond of Douglas has had lots of experience and would probably make a good leader, while Taylor of Custer, if he could curb his intense personal feelings, might wear the crown with much pomp and glory.

Numbers of Others.

J. J. McAllister of Dakota county, with his strong voice and fighting spirit, might consent to take on the duties of leadership, while Dick Regan of Platte, the Irish patriot, could command lots of respect as a leader. Soren Fries of Howard, who will serve his seventh consecutive term and has been the author of many "very meritorious little measures," would look good as a leader, although he might not be willing to give up his usual place as chairman of the committee on roads and the claims committee.

J. A. Ollis of Ord is another man who has had much legislative experience and has qualities of leadership, which will bear inspection, while former Speaker George Jackson is a very popular man. However, Mr.

Jackson with Mr. Trumble of Sherman are candidates for the speakership and the one elected could not be a floor leader.

Take Action to Force The Trains to Stop

South Sioux City, Neb., Nov. 29.—(Special.)—Residents of this town and Dakota City near by, will combat the action of the Chicago, St. Paul, Minneapolis & Omaha railway in refusing to stop trains here and at Dakota City for the accommodation of passengers bound south. An appeal to the Nebraska Railway commission will be made.

Passengers enroute to and from Sioux City, Ia., have been departing from and boarding the trains here, thus evading the 2 1/2-cent fare law allowed in interstate commerce. Last Sunday a large number who had spent the day in Sioux City departed on the interurban line at Sioux City for this place, thus saving the bridge toll of 25 cents and an additional toll of 5 cents for mileage. The Sioux City interurban runs to the Omaha's South Sioux City Station.

Plan Reconsideration

Of Reorganization Plan

(From a Staff Correspondent.)
Lincoln, Nov. 29.—(Special.)—From all appearances it seems that the so-called "editorial highbrows" who a couple of weeks ago "reorganized" the Nebraska Press association, are not satisfied with the work done and it is under that President Clark Perkins has called a meeting of the executive committee for Grand Island next Friday to go over the matter again.

Much opposition has developed to the plan among newspapermen who have been with the association for many years and it is this opposition with a possibility that it may result in a new association which has caused the executive committee to sit up and take notice, according to an old member of the association living at Lincoln who has taken much interest in the reconstruction of the association under the new scheme.

Taylor on National

Valuation Committee

(From a Staff Correspondent.)
Lincoln, Neb., Nov. 29.—(Special.)—Railway Commissioner H. G. Taylor has received notice that he has been appointed a member of the valuation committee of the National Association of Railway Commissioners. This is one of the two strongest committees of the association. Mr. Taylor will accept.

PUBLIC CELEBRATES OPENING OF BRIDGE

Citizens of Butte Hosts to Residents of Northern Holt and Nearby Territory.

BUILT BY AID OF STATE

Butte, Neb., Nov. 29.—(Special Telegram.)—Butte celebrated the formal opening of the new \$30,000 Parshall state aid bridge Tuesday, with a big ox roast and dinner to the people of Holt and Boyd counties. Exercises of the day began with the ceremony of opening and naming the bridge. John A. Davies made the address, after which Miss Dolly Reiser broke a bottle of champagne over the railing and named it the Parshall state aid bridge, in honor of Jonas Parshall (an old soldier, who formerly owned the farm on which it is located).

A procession of fifty automobiles was then formed and went to Butte, where dinner was served by the Butte community.

Assisted by the women, 1,000 persons were fed in a little over two hours. A free picture show and dance at night completed the program.

During the afternoon the county boards of Holt and Boyd counties met in joint session at the court room and on motion of State Engineer George H. Johnson accepted the bridge and ordered the return of the contractor's bond.

This bridge is the result of a five-year struggle on the part of the people of Butte and northern Holt county to secure a bridge. During the afternoon D. H. Cronin of O'Neill, in an address, gave the history of the bridge and of the state aid law under which bridges have been built costing \$700,000 in the last four years.

The bridge was built by the Western Bridge and Construction company of Omaha. S. A. Swanson, state deputy engineer, was in direct charge of the work.

Are You Worn Out? Does night find you exhausted—nerves unsettled—too tired to rest?

SCOTT'S EMULSION

is the food- tonic that corrects these troubles. Its pure cod liver oil is a cell-building food to purify and enrich the blood and nourish the nerve-centers. Your strength will respond to Scott's Emulsion—but see that you get SCOTT'S.

Methodist Revival Is On at Gordon

Gordon, Neb., Nov. 29.—(Special.)—Rev. Jim Sullivan and his wife are here conducting a revival in the Methodist church.

Contractor Powers of Silver Creek has about finished the brick work on the new \$10,000 city hall.

The Gordon Library association has about completed arrangements for the erection of a building. The association is a local affair and has been successful.

The Church of God in this place is holding a revival.

Mr. Finch, a rancher from the south

country, is preparing for the construction of a brick block, 60x100 feet, on Main street, near the depot.

Banquet for Gardeners.

Holdrege, Neb., Nov. 29.—(Special.)—Holdrege school gardeners will be banqueted by the Commercial club Friday night, December 8, at which time medals will be awarded for the summer's work and plans discussed for next year's organization.

Lineman Severely Burned.

Holdrege, Neb., Nov. 29.—(Special.)—Seaddon Harret, a lineman for the Inter-Railway Light and Power company, was burned about the hands Tuesday, while working on a charged

wire at the top of a pole. A fellow workman nearby heard Harret call for help and notified the power plant and the current was turned off, after he had taken 2,300 volts for five minutes. Harret was able to climb down when he was released.

Work on Straightening Capitol Walls Begins

(From a Staff Correspondent.)

Lincoln, Neb., Nov. 29.—(Special.)—Work began this morning propping up the southeast corner of the east wing of the state house. Tearing down of the steel ceiling and the plastering overhead in the superintendent's office so that the heavy sills may be placed to hold up the floor

of representative hall was the first work and this will be followed by a like arrangement until the roof is reached.

When all the work is completed the contractor and architect say the building will be safe and while it may not look very nice with beams and telephone poles standing on the inside, there will be no anger.

The Spirit of Thanksgiving
And the Service of a Great Store

DEEP into the hearts of everyone in Free America today, must sink the realization that we have more to be thankful for this season than ever before.

FREEDOM and happiness have been ours in abundance. Everywhere in all this broad land is the evidence of good business and prosperity.

NATURE, the great pacificator, has been kind—She has poured wealth into the laps of the husbandmen—She has brought a harvest bountiful beyond the most optimistic dreams. She has kissed the soil into harvest and the fruits of labor are told in increased prosperity all over the land.

WITH this increased prosperity, comes more and greater variety of needs. This holiday season will witness the fulfillment of many desires that must of necessity have been curtailed other years.

THIS great establishment is ready to supply you—ready to show you the greatest and most complete stocks of merchandise ever brought to Omaha during the holiday season. Foresight has brought together here for your selection articles that you will seek for gifts, at prices that are well below the quotations in the wholesale market today.

IMMENSE buying power places at your command just the items you want most, at savings that are unusual.

On Thanksgiving Day This Store Will Be Closed

After the feast and family gathering day—all eyes and minds will be upon

CHRISTMAS

and the advertisement on Friday next, will chronicle

The Opening of the Christmas Toyland

in this immense Basement—a bigger and better Toyland than ever before—housing the home of Santa Claus.

Here again we have foreseen conditions that prevail today and have in stock the most complete lot of imported Dolls shown by any store in this vicinity.

Dolls, Games, Toys, Mechanical Toys, etc.—the greatest showing in the greatest Christmas Toyland and Joyland in the Middle West.

In Friday's advertisement will also be chronicled a Wonderful Sale of Women's Coats—Holiday Novelties all over the store, and the Men's Stores will join in a great exposition of the best of all Men's Wear at moderate prices.

Saturday Will Be An Eventful Day Here
