SPRING WHEAT IS TO YIELD STRONG

Burlington Road's Crop Report Shows that Majority of Plowing for Corn Has Been Finished.

The Burlington's crop report for the week ending last Saturday night and having to do with conditions in Nebraska indicates that while wheat was badly damaged by the cold of last winter there will be nothing like a

total failure On the McCook division, covering the southwestern portion of the state, the condition of winter wheat at this time is estimated at 50 to 75 per cent

On the Lincoln division, around On the Lucon division, around Grand Island, Seward, Hastings, York, Columbus, Sutton, Crete and Aurora, winter wheat is a total loss. On other portions of the division the condition is reported at 40 to 90 per cent of the normal.

On the Wymore division, around Strang and Superior, the crop is a

During the long afternoons off Union Pacific officials and employes, instead of going to the golf links and pleasure resorts, are expected to spend their time in the gardens, helping to increase the quantity of foodstuffs.

Much Less Grain Stored Here Than Year Ago

Grain stocks in storage showed a decrease of 1,400,000, as compared with the same date a year ago. The figures of the inspection bureau, in lumbels are:

Whitat Now Year Ago,
Corps 151,000 1238,000
Corps 151,000 718,000
Coats 224,000 411,000
Raye 7,000 5,000
Rayey 7,000 28,000

Practically all the wheat and corn in storage, it is said, has been sold and is being held for millers of Oma-ha trade territory. From now on it is expected that receipts will be light until the next crop is available, as it is understood that the farmers have sold about all of their wheat and a goodly
