Trading.

Trading.

To the Many 14.—Partial impressment shown by today's market after three of dull and perfunctory trading as surface so disting a market after three of dull and perfunctory trading as surface so disting a market after three of dull and perfunctory trading as surface so disting a market after three of dull and perfunctory trading as surface so disting a market after three distinctions of the professional inversable position of the professional inversable position of the professional inversable position of the professional inversable to the bears. That the top of further encouragement from the perfunctory trading statistics of the foreign situation. It is the professional program in the relation of the profession of the profession of the profession in the statistic particularly statistics of some perfunction. The assempting character of some of the profession of the distance of the profession of the profession of the profession of the foreign the perfunctor of the foreign structure of the profession of the profession of the foreign structure of the profession of the foreign structure of the profession of the foreign structure of the position of the foreign structure of the position of the foreign structure of the position of the foreign structure of the profession of the profession of the foreign structure of the profession o decline of 4% points in American Maiting preferred to 54.

Industrials, particularly steels, leading and oils, furnished much of the day's mettice power. United States Sheel recorded an advance of 15 points to 1175, 188 top price of the fortnight. Other advances, most of the fortnight. Other advances, most of which were retained, ranged from 2 to 5 points in Bethebem Steel old and new shares and Crucible, Lackswanna and Guif States steels, the latter being assisted by an "extra" i per cont dividend.

Shippings were in fair demand at gross advances of 2 to 3 points, and industrial Alcohol joined the active equipments at high-set levels, Motors and mintale were less conspicuous than usual, but rathed on short covering.

When Physician meant "Physic-Dispenser"

STANDARD OIL COMPANY
Rayonne (New Jersey) New Jersey

In Shakespeare's time, if you were sick and went to a doctor he did one normal movements. of two things. He either bled you, or 'physicked" you. -

Physicians no longer practice bleeding. And the leaders of the profession are equally opposed to the indiscriminate use of laxative and catharic drugs. In fact, the hebitual use of laxatives is known to be one of the most fruitful causes of constipation.

Physicians of the highest standing prescribe Nujol because it relieves constipation without any bad after effects and without forming a habit. It acts in effect as an internal lubricant, preventing the bowel contents from

As Nujol is not a physic but a lubricant, it does not gripe or upset the system. Being tasteless, it is not unpleasant to take.

The Standard Oil Company (New Jersey) has used its world-wide re-sources in producing Nujol and its reputation is behind the product.

Nujol is the only remedy for constipation we manufacture. The genuine sold only in pint bottles bearing Nujol trade-mark. All bottles filled at our Nujol plant, absolutety modern and sanitary.

Write today for an instructive book-let on Nuiol and its uses.
