# **BLODGETT TRIMS OLD TEAMMATES**

Long Tom Brings Victory to Lowly Links After Hurling Duel With Cecil Thompson.

"Long" Tom Blodgett wrecked a horrible vengeance on his former Krug, se. .. teammates, Pa Rourke's de luxe athletes, by beating them yesterday in the first clash of the four-game series. The score was 2 to 1.

The lanky Lincoln southpaw had Omaha at his mercy. He whiffed five Rourklets and allowed but three stingy hits. C. Thompson was bumped for six and O'Toole, who replaced him in the ninth, for one.

Omaha scored first. In the third Brottem singled to center and a minute later was driven home by Krug's three-bagger to deep center.

The Ducklings got in action in the sixth. T. Smith waited for four balls and took second when Bayless sacrificed. Lober beat out an infield hit, Schmandt singled to right, scoring T. Smith. Lober and Schmandt ad-ranced a base by a double steal. Grifin, the next man up, walked, filling the bases. Butler hit to Burg, forc-ing Lober at the plate. Thompson walked Rohrer, forcing Schmandt

Replete With Thrills. The game was replete with thrills. In the last half of the sixth Krug hit to deep left for what looked good for

large portion of the crowd was made up of the fair sex. The same teams tangle this afternoon and complete the series July fourth with a double bill, one in the morning and the other

#### Heard Where the Railbirds Gather

The sod cutters were out on the golf lake again yesterday. Fred Wagner, Louis Chevrolet, Arthur Hill, Spike Kennedy and L. C. Cheney, the spark plug wirard, were among those who attempted to ruin Standay Davis' Field club course. Chevrolet is the longest driver in captivity. He has seen Mulfor's beat. Louis' only trouble is that he tries to drive three holes at once and generally succeeds.

William J. Allen, sales manager of the Air Pocket Goggle company of South Bend, Ind., arrived in Omaha yesterday for the races. He is marketing a new goggle, which contains an air pocket. The pocket resists wind, dust, or splinters and is said to be a big improvement over the soild glass goggles as it affords protection and the Scottina 5 3 1 decision is not imposed.

Navin Refuses to Sell Old Sam Crawford to Cleveland

President Navin of the Detroit figers has refused a proposition of James C. Dunn, owner of the Cleveland Indians, to sell him Sam Crawford, veteran outfielder of the Tigers. Navin refused to part with the old Detroit hero, despite the fact that he is paying him a salary of \$7,500 for wearing out his knickerbockers sliding up and down the Tiger bench.
At the time of the Federal league agents were lying in ambush to capture the stars of the Giant-White Sox world's tourists of 1913-1914, Navin met Crawford as he got off the steamer and whisked him to his hotel, where Sam was asked to sign a four-year contract at a salary of \$7,500 a year. Sam is now serving out the fourth year of that contract. Sam's batting eve seems to be on the wane and he is only hitting around .130. The slugging barber surely is the highest salaried pinch hitter in all base ball history.

## FRONTENACS LEAD IN POSITION RACE

Chevrolet Retains Pole Position in Automobile Race, While Kirkpatrick Crowds Into Second Place.

By FRED S. HUNTER. Unless their rivals show unexpected

bursts of speed in the practice today, rick, the Frontenac drivers, will occupy the front row in the starting line of the third annual Omaha speedway Princeton, Cornell, Rutgers, George- classic Wednesday, with Joe Thomas

The intrepid Louis will occupy the pole position, while his teammate will be at his side. Louis circled the saucer Sunday at an average of 109 miles per hour. Then he took the wheel of Kirkpatrick's car and qualified it at just one-fifth of a second slower. Louis' average in Kirkpatrick's car was 108 miles an hour. Thomas in his Mercer and Lewis

in his Hoskins made the same time, 106 miles an hour. Ralph Mulford, star of the Hudson

team, yesterday crowded his way into fifth position in the ranks of starters. fulford shot his blue super-six around the oval in 43 3-5 seconds, an average of 104 miles an hour. Smiling Ralph easily made the mark, although he took but a few practice spins around the track before calling for the flag.

Billy Taylor, Mulford's teammate, didn't do so well. The best Billy could do was 45 flat, an even 100 miles an hour. Billy's Hudson isn't tuned up to the maximum yet, but he is confident by race day his steed will have as much speed as Mulford's. Thirteen Qualify.

Thirteen cars thus far have quali-fied for the big event. Tom Alley, Art Cadwell, Milt McBride, George Buzane and Hal Brinker are the drivers who have not taken their trials. Buzane, who drives the Detroit Special, has not arrived in town, but is expected some time today. Alley Cadwell, McBride and Brinker will make their attempts to qualify today. Art Cadwell's Miller Special just

arrived yesterday. Cadwell had been waiting several days for it. The car is a brand new job, just completed in Harry Miller's famous plant at Los Angeles. It is a duplicate of Barney Oldfield's car except in body design. The car created considerable stir

among the race men who saw it. It is one of the best looking jobs in the bunch and after inspecting it the wise boys predicted Cadwell would upset a lot of the dope race day. Rank as Favorites.

Louis Chevrolet, Joe Thomas, Dave Lewis and Ralph Mulford are the ranking favorites among the speed enthusiasts. Chevrolet and Thomas have the most speed, but the dope-sters expect Lewis and Mulford, who are just a little bit slower, to keep in the front ranks through their skillful driving.

Charlie Kirkpatrick has a bundle of speed under his hood, too, but Kirk is a stranger to Omaha and is doped behind the quartet.

Other dopesters who are more fa-miliar with the records and the elements of chance that enter into auto-
