## Monday, Morning, We Will Inaugurate Our Great Closing-Out Sale of FURNITURE

Involving Our Entire Stock of Furniture, Suitable for Every Room in the House, at Sweeping Price Reductions to Insure an Immediate and Absolute Disposal

IT will be a determined effort to close out the entire stock in the very shortest possible time and prices in every instance have been reduced to such a point as will accomplish the result. Our furniture stock is well selected and splendidly varied to meet the demands of a discriminating public—furniture for every purpose and room in the home or office—built only as furniture of the better class should be; fully measuring up to the requirements of the Burgess-Nash standard of quality.

Taking everything into consideration this closing out sale of furniture will be the prime event of the season. It will be one of the most important contributing features toward making of better homes, for it points the way to better furniture at wonderful savings.

Fortunately, the great part of our stock is owned at low prices, which have not advanced here. But with all that one should give thought to the future. Furniture is costing more at wholesale every minute, owing to increased costs of materials and labor.
