PROSPECT OF FINE
FACES LOBBYISTS

Several Omaha Men Among Legislative Workers Who Have Failed to File Accounting of Deeds.

(From a Staff Correspondent.)
Lincoln, Neb., July 15.—(Special.)—Lobbyists of the last legislature who happen to have a \$1,000 in spare change in their pockets and who have not reported their deeds and misdeeds to the secretary of state, can now fight it out with the attorney general or send him the "thou" just as they please. They may have to send it to him anyhow, as the secretary of state has certified to the Legal department the names of those who have not complied with the law as regards reports. There are a few Omaha men in the list, among those reported are:

Elmer F. Thomas of Omaha, for the State Dry Federation.
Lloyd B. Wilson, formerly of Omaha, ex-state railway commissioner, special legislation on railway trains.
G. M. Horton of Lincoln, local manager Western Union Telegraph company.
Frank T. Ransom of Omaha, for Union Stock Yards company.
W. R. Mellor of Lincoln, former secretary State board of Agriculture, agriculture and state banks.
C. H. Clancy, Omaha, fire insurance legislation.
James Laux, Omaha, for labor legislation.

Railroads Have Problem in Drouth of Telegraphers

(From a Staff Correspondent.)
Lincoln, July 15.—(Special.)—The war situation is likely to cause a drouth in telegraphers and railroads are wondering what can be done to cover the proposition.
The law prohibits the employment of telegraphers by railroad companies under 21 years of age at night or to keep young women employed more than eight hours a day.
A. A. McLaughlin attorney for the Northwestern railroad has taken the matter up with the State Legal department with the idea of having the law suspended during the period of the war if it can be done. He says that the war has brought about a shortage of telegraph operators and the railroads are going to be up against the proposition of efficient service if something is not done. He believes that the war situation comes within the provision that the law can be suspended by "an act of God, in case of a wreck of some public calamity."
Governor Neville has already announced that there will be no suspension of the law regarding hours of female labor as has also President Wilson. Chairman Hall of the railway commission says the commission will be guided by the opinion of Attorney General Reed. Deputy Attorney General Roe thinks that perhaps there may be some grounds for the complaint, but will let Mr. Reed decide the matter when he returns from Washington, where he is now interested in the interests of the state in the irrigation suit against Wyoming for possession of waters of the Platte river.

School District Changes And Consolidations Made

Lincoln, July 15.—(Special.)—The school district near Valley, which called in Deputy State Superintendent Woodard for consultation Friday, according to the deputy, will have a valuation of 155,000. It will not be a consolidation scheme as at first was supposed, but the district will authorize the raising of additional funds of \$2,000, so that a total fund of \$6,000 will be available for the erection of a new school building upon a tract of land of about four acres.
A rural high school will be a part of the scheme for the future, and one of the best equipped districts in the state will be the result if the plans now being laid are carried out.
Miss Florer, assistant superintendent has returned from McCook where she looked after the plans for consolidated schools in two places in Red Willow county. One district will be comprised of two or three districts with a total valuation of \$200,000 and the other will be a consolidation of four districts with a valuation of more than \$200,000.

PIONEER OMAHA DRUGGIST WHO IS DEAD.

DR. J. A. ROEDER.

Hold Lincoln Couple For Death of Infant

(From a Staff Correspondent.)
Lincoln, Neb., July 15.—(Special.)—It is believed that the parties responsible for the death of the 6-year-old boy found in Salt creek, near Electric park in this city, have been discovered and Deputy Sheriff Wymore and Deputy County Attorney Mann are now in Deadwood, S. D., with the pair under arrest.
The accused parties are a well known barber of Lincoln named Grover C. Barron, who has a wife and two children in Arkansas, and Grace M. Brown, the pretty 20-year-old wife of Guy Brown, a well known citizen of University Place.
A clue to the murder was first received by the sheriff when an unknown person telephoned of the alleged birth of a baby to the Brown woman, who was supposed to be the wife of Barron, who was reported to have been living with her at a certain rooming house. A woman who claimed to have been present at the birth of the child identified the dress found on the dead infant.
It is then discovered that two railroad tickets had been wired Barron and the Brown woman from Deadwood over the Burlington and that they had left Lincoln without a child. It is supposed that they will fight extradition and Deputy Russell Mann accompanied the sheriff for the purpose of looking after the case.
In case they fight the extradition, a charge will be filed against Barron for white slavery for transporting the woman from Nebraska to South Dakota and the matter turned over to the federal authorities.

Thirsty Omahans "Buy" Grill at Kansas City

Kansas City, Mo., July 15.—(Special Telegram.)—It is very dry in Omaha. It is so dry that about a month ago thirty or forty prosperous citizens of wet proclivities banded together under the name of the "Millionaires Club," and laid plans for an excursion to Kansas City.
The time set, July 14, and the scene of festivities, the Edward grill.
The club, in its excitement, forgot to notify Manager Dunsford of its impending arrival. Thursday some member had the happy idea that it might be well to notify the Edward. Accordingly he sent a telegram, which Dunsford received just as he was about to leave for New York.

"Impossible," he telegraphed back. "Grill closed until August."
The club held a special meeting, which produced this message: "In the bright lexicon of this organization there is no such word as impossible. Open the grill and charge it to us."
As a consequence, the Edward, for the first time in its history was open tonight so late in the season as July 14.

Machine Gun Man Looks Up Dictionary on "Mess"

Captain Fellers of the Machine Gun company at Fort Crook noticed one of his men earnestly employed with the dictionary yesterday.
"What word are you looking up?" he asked.
"I'm looking for 'mess,'" replied the soldier.
"Oh, here it is 'Mess, a disagreeable mixture.'"
"But we're feeding them pretty well," say the mess sergeants.

Jiffy-Jell
The Supreme Dessert
Fruit Flavors in Vials

Jiffy-Jell is an extra-grade quick gelatine dessert. It is made by Otis E. Glidden, the famous gelatine expert. It is made with Waukesha gelatine—a very rare grade which costs twice as much as the common. It comes sweetened and in color, ready for instant use. The dessert is made in a jiffy by simply adding boiling water.

Unique Flavors
The flavors are made from the fruit itself.
Not one is artificial.

They are highly concentrated, so they make a rich, fruity dessert. For instance, half a ripe pineapple is used in the flavor for a single Jiffy-Jell dessert.
All flavors come sealed in glass vials, so they keep their freshness until used. A Jiffy-Jell dessert tastes like fresh crushed fruit. You have never known anything like it.
