

**MRS. ARTHUR AGEE  
SEEKS FREEDOM**

**Wife of Prominent Demo Politician Makes Sensational Charges in Suit for Separate Maintenance.**

Arthur E. Agee, superintendent of the court house and prominent in local democratic politics, was yesterday sued for separate maintenance in district court by Anna M. Agee, who alleges extreme cruelty, nonsupport and infidelity.

Mrs. Agee, whose petition was filed by Frank S. Howell, makes charges of a sensational character against her husband.

Mr. Agee has been superintendent of the court house since last spring, when the democrats came into control of the county board. Prior to that time he represented the state insurance board in the affairs of the National Fidelity and Casualty company, which went into the hands of a receiver.

He was an official of the Douglas County Agricultural society and at one time was a member of the Oklahoma state legislature.

The Agees were married at Papillion October 29, 1893. They have four children, Mrs. Vivian Hansen and Arthur, Vern and Bader Agee.

Mrs. Agee alleges her husband's affections for her ceased five years ago. She says he neglected her since that time.

His income, the wife alleges, is from \$3,000 to \$6,000 a year, but she says he has dissipated his money to such an extent he has failed to provide suitable support for his family.

She declares he owns property worth about \$30,000, but has permitted it to become mortgaged and encumbered in large sums of money.

Family matters, she alleges, have gone from bad to worse, until she is afraid to live with him any longer. She says she is afraid he will kill her.

Mrs. Agee alleges he choked her on December 26, 1913, and April 8, 1917, and threatened to kill her on May 18 of this year, remarking so she alleges, "he should have killed her long ago."

She says he refrained from further assaulting her by the presence of one of their daughters.

On June 13, Mrs. Agee alleges, her husband again assaulted her and compelled her to flee from their home. She says when she returned he locked her out.

"He continuously showed his hatred and contempt for me," she alleges. She says he frequently told her to "get a divorce on any grounds she cared to allege, except that if she should connect his name with any woman he would fight it 'til he freezes over."

Mrs. Agee alleges this remark was prompted by the fact "she had discovered he was clandestinely associated with other women."

She says she is withholding the name of one of the co-respondents "out of regard for her family."

Mrs. Agee asks the court to restrain him from drawing any money out of banks, or disposing of any of his property during the pendency of the suit.

She asks \$100 a month maintenance money and possession of the home at 5018 Burt street.

**Arrested on Suspicion,  
Proves to Be Holdup Man**

When Officer Nichols was returning from a "sticker" call at 3 o'clock Sunday morning he found James Hill, colored, standing at Nineteenth and Hill streets with nothing to do.

Hill was unable to give an account of himself and was arrested. When searched he had a revolver and two caps in his pockets.

Mr. and Mrs. Edward Strumfa, who were robbed at Thirtieth and Erskine streets at 10 o'clock Saturday night, identified Hill as the man who had held them up.

Judge Fitzgerald ordered the prisoner bound over to the district court on \$1,000 bonds.

**Order Enough Coal to Run  
Schools for Long Period**

The Board of Education authorized its purchasing committee, through Thomas A. Fry, chairman, to purchase on the open market such quantities of coal as will protect the school system for a reasonable period.

"The coal men will make no quotations nor offer any guarantees," reported Chairman Fry to the board.

**Baby Falls Twenty Feet,  
But Has Only Few Bruises**

Beatrice Brady, 3 years old, 205 1/2 North Seventeenth street, pushed the screen open on the second story window and fell twenty feet to the ground.

Police Surgeon Mullin was called, but could find nothing wrong with

**Contribute Your Quarter Toward  
Yarn Week; See How Cool You May Be**

From left to right: Mesdames A. L. Ritchie, Floyd Keller, O. M. Smith, S. P. Mason and Charles E. Reese.

"Don't we look cool and happy on a sizzling July day? We are the committee in charge of the bridge party for the benefit of yarn week in the knitting division of the National League for Woman's Service, to be given at Carter Lake club Wednesday afternoon.

"The reason that we are appearing in this picture is that we wish to show you just how cool and comfortable you may be while contributing your quarters to the work of the knitters for the navy. Mrs. Otis M. Smith, chairman of the committee, and Mrs. S. P. Mason are going to devote their entire time Wednesday afternoon to showing those women a

good time who want to come to the club to give their money for to play bridge.

"Tables will be set for the bridge players in the cool halls of the club building, but all who come may have the privileges of the grounds. Boating, bathing, bowling, the tennis courts, the pavilion will be open to all who pay their quarters.

"Miss Norma McMillan of New York, who is visiting Miss Edna Peterson, will sing during the afternoon.

"Mesdames A. L. Ritchie, Floyd Keller and Charles E. Reese will have charge of the bridge game."

**WOMEN WILL SOON  
DRIVE THE MOTORS**

**They May Soon Be Doing the Motor Service at Fort Crook and Fort Omaha.**

Women of the motor drivers' corps of the National League for Woman Service may soon be called into active service, plying their machines between Fort Omaha and Fort Crook and the city.

Helen R. Basteno, national chairman, has written Mrs. William Archibald Smith, local chairman, urging her to confer with neighboring military authorities with regard to preparing the women for federal service.

"I have always contended that the work of the motor driving section headed by Mrs. Louis Clarke and Mrs. E. E. Stanfield, was not merely a free messenger service or to prepare the women for taxi driving," said Mrs. Smith. "There is a real service to the government to perform, especially since the government has not yet provided any motor service. The United States will accept the services of women motor drivers in France, too, if they can qualify for the work."

"Many women are here learning a means of earning a livelihood in case the men of their family are called to war.

Motor driving, as well as motor mechanics, will be taught in classes which open in the fall, now being organized by Mrs. Stanfield.

Applicants for classes in wireless telegraphy will be turned over to the Western Union, with which institution the national league is trying to co-operate in this department of its work.

When the full quota of men is assigned to the two neighboring forts, the commissary department, headed by Mrs. R. B. Howell, may bid for government contracts to provide food for the men. In other cities the government has allowed 75 cents per man per day. The women have furnished home cooking for the price, not regulation army food.

**MORE ARGUMENTS  
IN THE STRIKE CASE**

**Chicago Attorney for Bricklayers Attacks the Sufficiency of the State's Petition.**

Hearing of a demurrer of Omaha unions to the injunction obtained by Attorney General Reed against them and the Business Men's association was resumed before Judge Leslie, Judge Sears and Judge Redick, sitting in equity court, Monday morning.

C. N. Owens of Chicago, attorney for the International Bricklayers' union, who is assisting Anson Bigelow, chief counsel for Omaha unions in

the legal fight, made the chief argument.

He attacked the sufficiency of the facts in the petition filed by the state when the injunction was granted by Judge Leslie and denied the unions and the Business Men's association, co-defendants, entered into a "conspiracy in restraint of trade."

Not Specific Enough. The Chicago lawyer declared the allegations in the injunction petition were too general and not specific enough.

The state won a point Saturday when the three judges ruled the attorney general had the right to enjoin the Junkin act and bring the injunction action.

If the judges hold the facts in the injunction petition are sufficient for a cause of action the case will then be heard on its merits.

Mitchell Will Be Candidate. New York, July 30.—Mayor Mitchell will become a candidate to succeed himself as the city's chief executive for the next four years in the September primaries, it was announced today.

**Reo Quality is Uniform  
in all Reo Models**

AND REO QUALITY at Reo Prices and backed by the Reo guarantee, constitutes "The Gold Standard of Values"—each model in its class.

THERE ARE NOW SEVEN Reo Models, comprising Four in Touring and Roadster types; Sixes in Touring, Roadster and Sedan; and the two Reo Commercial Vehicles—the 3/4-Ton "Speed Wagon" and 2-Ton "Heavy Duty" Truck.

IN THIS ADVERTISEMENT we have space only for a brief paragraph pertaining to each Reo Model—lest you forget the line is so complete that you can find the car you desire, in the type you prefer, and in a Reo.

REO THE FIFTH "The Incomparable Four" is America's most famous automobile. Standard in practically its present form for now eight seasons—"going on nine". At its present price, \$985, this car is verily "A gold dollar for ninety cents".

TO REO THE FIFTH more than to any other, is due the movement that is now so apparent—the return to the Four-cylinder type in all cars listing at less than \$1,000.

THE FOUR ROADSTER is the handsomest model of its type you'll see on the road—at any price. And, for the present, you can get it for \$985 and freight from the factory.

OF THE SIX ROADSTER the same is true, plus the extra luxury it affords the owner at the extra cost—\$1385 f. o. b. Lansing.

THESE TWO ROADSTERS are of similar design and identical construction and are conceded to be the handsomest cars of the type—price aside.

FOR THE FAMILY that needs a car of greater capacity than five and yet of moderate upkeep, the Reo Six Touring Car—also \$1385 for the present—knows no equal.

NO MATTER WHAT YOU PAY you cannot obtain a 7-passenger car of better design; one that represents sounder engineering; more experience; better materials and workmanship than enter into the making of this Reo Six.

THAT'S A BROAD CLAIM but we make it unhesitatingly—and you know that the word of Reo passes at par everywhere.

THE REO SIX SEDAN is the newest of all the Reo models—and therefore represents the best of Reo experience and taste.

REFINED AND IMPROVED at every point where last season's experience showed the need or the opportunity. This body is staunch in construction as well as graceful in curve and line.

AT ITS PRICE, \$1,950, you will not find its equal—nor at a thousand dollars more, its superior. We state that in all confidence too.

OF THE REO TRUCKS what need we say here? The 3/4-Ton "Hurry Up" Wagon at \$1,125 (chassis \$1000); and the famous 2-Ton Reo "Heavy Duty" Truck at \$1800—each is the leader in its own class—demand greatly in excess of factory capacity.

BUT THAT IS TRUE of all Reo models, without exception.

THAT'S WHY WE SAY "Reo Quality is Uniform in all Reo Models," the uniform over-demand for all Reo models justifies the statement.

ORDER NOW if you'd have your Reo soon. Present prices are guaranteed only till December first. If you order now and specify delivery before that time, you'll get your Reo at the present price.
