

NEW COALITION CABINET NAMED BY KERENSKY

Premier's Reply to Democratic Congress Exactly Contrary to Demands; State of War in Turkestan.

Petrograd, Oct. 5.—Premier Kerensky's reply to the demand of the democratic congress that no step toward naming a cabinet be made without the sanction of the congress was a notification that before another day expired he would announce the personnel of a new coalition ministry, which already had been chosen. This announcement was made to M. Tsereteli of the main committee of the congress.

Late last night, after a lengthy session of the present cabinet and the others scheduled to occupy portfolios in the new one, the following unofficial state was announced:

Premier—M. Kerensky.
 Minister of Foreign Affairs—M. Tsereteli.
 Minister of the Interior—M. Mikshin.
 Minister of Agriculture—M. Masloff.
 Minister of Labor—M. Skobelev.
 Minister of Supplies—E. T. Prokopyevich.
 Minister of Finance—M. Bernatzky.
 Minister of Religion—M. Kartashev.
 Minister of Public Welfare—M. Kishkin.
 Minister of Trade and Industry—M. Konovloff.
 State Controller—M. Smynoff.
 Minister of Justice—M. Malyantovitch.
 Minister of Education—M. Salaskin.
 Minister of War—General Verkhovskiy.
 Minister of Marine—Admiral Verdeski.

The constitutional democrat party, against which the democratic congress has been in opposition, has been represented by Kishkin, Konovloff and Smynoff. The portfolio of foreign affairs, war, marine and interior remain unchanged.

Want Revolutionary Authority.
 The democratic congress by a vote of 839 to 106 has passed a resolution declaring that it is indispensable to continue a strong revolutionary authority which would follow the program of the Moscow conference of last August and would carry out an active policy tending to the realization of a general peace.

The congress directed the main committee to choose five of its members to draft a scheme for forming such authority. The resolution was prepared by the committee representing all the parties in the congress and sets forth the views and principles agreed to by a majority of the conference. The resolution was submitted to the congress by M. Tsereteli, former cabinet minister.

The government has declared a state of war in Turkestan, where revolutionary movements broke out early this week. The situation appeared to be becoming normal when it suddenly flared up again.

As a protest against the sending of a punitive expedition the council of workmen's and soldiers' delegates in Tashkent, the capital, has proclaimed a general strike.

A Petrograd dispatch dated Octo-

ber 1 said that General Cherkess, the commander in Turkestan, had been attacked and beaten and that other officers had been seized by irresponsible troops. It is reported that a temporary revolution had been organized and that the people were in a panic.

Russian Turkestan is composed of four provinces in central Asia, east of the Caspian sea, with a population of about 6,885,000.

The provisional government has decided to permit General Soukhomlinoff, the former minister of war, who was convicted of treason last week, to serve his term in the St. Peter and St. Paul prison instead of in Siberia. The general's wife pleaded that if he were sent to Siberia an attempt might be made to murder him.

Bumper Corn Crop, Says Railroad Man After Trip

Alex. Hampton, traveling passenger agent for the Northwestern, is in from a two weeks' trip that has covered nearly every county in the grain producing portion of Nebraska. Speaking of corn, Mr. Hampton says: "I have lived in Nebraska many years and have never seen such a bumper crop as is now waiting to be gathered. There is no question about it being a bumper. After talking with the farmers, the grain men and the people in touch with the agricultural situation, I am of the opinion that the estimate of 250,000,000 is very conservative and I would not be surprised if the yield reaches 300,000,000."

"Everywhere in the state, with the exception of a small area in the southwest corner, there is a wonderful crop. Right now what is needed most is a killing frost. The corn has fully matured and the stalks are green and still growing. A frost would stop this growth and permit of the corn ears drying out before the rains of the late fall.

"The hay crop is just as good as the corn and everywhere farmers and stock men had laid away an immense tonnage and the hay has never been cured in better condition. With the corn, the hay and the bountiful fruit crop, the farmers of Nebraska are in about the best condition in every way in the history of the state."

Boy Scouts to Learn Of Liberty Drive Tonight

An emergency call went out this morning for all the Boy Scouts in Omaha to meet at the Commercial club rooms at 7:30. The scout activities in the second Liberty bond drive are to be organized. The boys did exceptionally fine work in the campaign for the sale of the first quota of the bonds, and they are to be put into the service again.

J. W. Welch, chairman of the scout executive council, will preside. Chief of Police Henry W. Dunn will talk to the boys on his impression of the work they did as regards on the streets during the Ak-Sar-Ben parades. J. De Forrest Richards will tell the boys of the appreciation the board of governors of Ak-Sar-Ben have of the way the boys acquitted themselves in handling the crowds. Major Maher, John L. Kennedy and Mr. Sykes are also to speak to the boys.

Farmer Thrown From Grader Dislocates Two Vertebrae

Towa Falls, Ia., Oct. 5.—(Special.)—John Brown, a young farmer, dislocated two vertebrae of the neck when he was thrown from a grader, striking on his head. It is thought nature will adjust the trouble and the attending surgeons decline to reduce the fracture, fearing that such an attempt might prove fatal.

Nebraska Troops Arrive at Funston Tired But Happy

"By midnight tonight there will be approximately 50,000 members of the national army quartered at Camp Funston," said Ballare Dunn of the Union Pacific, who just came in from the post.

Mr. Dunn accompanied the Union Pacific train that left Omaha Wednesday morning, carrying the Omaha contingent to the camp. According to Mr. Dunn the trains on which the Nebraskans rode reached camp all the way on late Wednesday night until noon Thursday.

The Nebraskans reached Camp Funston in good shape, there were no accidents of any kind, either to men

or trains. Though tired when they arrived, the boys were feeling fine and after taking their baths and getting their uniforms were as happy as a lot of lambs. None of them complained.

Of the contingent reaching Camp Funston between October 5 and 10, close to 12,000 had arrived when Mr. Dunn left Friday night, with trains arriving at the rate of three or four an hour.

Speaking of the method in handling the boys at this time, Mr. Dunn says: "As soon as the men detain they are checked into the camp, given their new clothing and sent to the bath houses. After the baths they are assigned to quarters and, if it is meal time, they fall in for breakfast, dinner or supper. After the meal they

return to quarters, where they are given empty bedticks, which they take to an immense pile of hay. Into the ticks they stuff the hay and carry the filled ticks back to their quarters. The ticks are placed on the wire mattress cots. In addition they are given plenty of heavy blankets and bed covers."

According to Mr. Dunn, construction work is pretty well finished and the housing of troops will not be a difficult matter. Everything has been worked out to a perfect system that the arrival of 10,000 or so new men is merely an incident.

Says Liquor Was Bought To Use at Christening

Anton Adler, 430 1/2 North Sixteenth

street, appeared in police court to answer a charge of illegal possession of intoxicating liquor. Through his counsel Adler said the liquor was used in the christening of a child and detailed the circumstances in connection with such a baptism as practiced by Jewish people.

Judge Holmes fined him \$100 and costs because of the fact that a grocery store is in connection with his abode and that he should have had a permit to purchase the liquor. He appealed the case.

Burlington Railroad Advertises Bonds Drive

The Burlington is sending out to station agents along its lines 2,000

illuminated two-sheet posters advertising the Liberty bonds. Each poster carries, printed in large letters, the legend, "Lend your money to the government."

D.D.D. The Liquid Wash

Sherman & McConnell Drug Co.

HOW MUCH DOES IT COST?

A PRICE MEANS NOTHING BY ITSELF—BUT WHEN YOU DISCOVER AN ARTICLE SOLD AT HARTMAN'S FOR TEN DOLLARS—WHICH ELSEWHERE WOULD COST TWELVE DOLLARS—THE PRICE MEANS MUCH—AS ALL FAIR PRICES ALWAYS WILL!

We urge you, however, not to consider a price low just because it LOOKS low in an advertisement. Examine first of all the VALUE you buy. You will find articles in our extensive assortments which may cost a trifle more than similar-looking articles in other stores—but the value you receive for your money is so superior that there can be no comparison. When the need of new home furnishings arises go to that institution whose merchandise performs faithful service in the homes of your friends. Seek the store where the salespeople are obliging and courteous; where a constant effort to please is manifested; where stocks are complete and service prompt and efficient. Look for the store that advertises truthfully; whose prices are modest but UNIFORM; where loyal patrons, having once experienced satisfaction, return again and again, secure in the knowledge that their money will be well and profitably spent. GO TO HARTMAN'S.

SPECIAL EASY CREDIT TERMS GLADLY ARRANGED ON ANY PURCHASE—IF DESIRED

MAKE GOOD OR MAKE ROOM

That is the Hand-writing on the wall of Modern Dentistry.

This is the Twentieth Century. They're playing a quickstep—you must step lively or step out of the ranks.

Science has given the professional man seven league boots—improved vision, keen ears, active brain, nimble fingers and the impossible things of yesterday are accomplished facts today.

Specializing and systematizing—instead of theorizing and temporizing, have cut down the cost of high class dentistry by cutting out incompetence, hypocrisy and graft.

Safe, thorough, efficient dentistry with unnecessary pain eliminated at prices the people can afford to pay has been the result.

I do not pretend that I have done all these things—nor that I even played a very important part in the scientific achievements of the past decade; BUT I DO CLAIM I was alert and ready to grasp and apply the newer and better things the big men of my profession offered—and was up and doing, experimenting and investigating while the echoes of the past were saying, "It can't be done."

Every day patients voice their surprise and pleasure at the many wonderful things they see done in this office.

Sanitary precautions—elimination of unnecessary pain, wonderful porcelain work, substantial sets of teeth where but two or more natural teeth remain—artistic inlays, perfect fitting comfortable crowns with exact articulation—masterly bridge work—stamps this office as being progressive.

And then—prices here are less than you are asked elsewhere for work of similar nature.

My personal guarantee protects you absolutely.

Painless Withers, Dentist

423-428 Securities Bldg.—16th and Farnam Sts.
 OMAHA, NEB.
 Office Hours: 8:30 A. M. to 8 P. M.—Sunday, 9 to 1.
