

URGE QUICK HOUSING ALL WAR WORKERS

Wilson Approves Report of National Defense Committee Recommending Immediate Support.

(By Associated Press.)

Washington, Nov. 3.—Government aid, financial and otherwise, in quickly relieving the housing problems, which in many communities is hindering the war work, is recommended in a report to the national defense council by its committee on housing. The report, made public today, has the approval of President Wilson. The committee asserts that an organization of "reasonable permanency and authority" is needed quickly and effectively to administer such funds as may be available for housing purposes, and it recommends that the organization be granted broad powers to conduct building operations, to deal in real estate and securities and to borrow and loan money. The committee further suggests that the government loan funds for housing at low rates of interest to those communities which can show the need of this form of aid. It also recommends that in future government agencies making war contracts give due consideration to the labor supply and housing conditions and that future contracts be distributed, as far as possible, to prevent undue concentration of workers in any one locality.

Hundreds of Saloons Are Closed by Military Order

Hoboken, N. J., Nov. 3.—The doors of 270 of Hoboken's 338 saloons, and of 100 more in the neighboring town of Weehawken, will be closed at midnight tonight for the duration of the war by orders sent from Washington to United States District Attorney Lynch. This action stops liquor selling in and about the military piers established here and is expected to end a long fight by the saloon men and public officials to keep the saloons open.

"Made in America" Plane Makes Successful Trip

Washington, Nov. 3.—The first fighting airplane wholly made in America of American materials, has taken the air in successful test flights. In making this fact known today, officials of the aircraft production board said few changes in the design of either the plane or the "liberty motor," are believed necessary and that production in quantity of the fighting machines soon will be in progress in many factories. By the first of the new year, it is expected that the aircraft program will be well under way. American engineers expect that the aircraft program can be made whatever the allies require. Originally, the figures were set at 50,000 motors and 22,000 planes by July 1.

Men of the First Baptist Church Have Organization

The men of the First Baptist church, Park avenue and Harney street, have launched a movement for more aggressive work among men designed to stimulate activities along religious, social and patriotic lines in connection with the church school. The following officers have been chosen: Teacher, J. G. Masters; president, Dr. A. A. DeLarm; vice president, R. G. Daniel; secretary, J. G. Appelquist; assistant secretary, O. A. Rosengier; treasurer, Howard Hite; assistant secretary, Robert A. Nelson; librarian, K. C. Baker; press reporter, Byron Wilcox; chairman hustlers' committee, Ira E. Watt; membership, Frank Bergquist; social, R. L. Rose; secret service, E. E. Freeman; music, Paul Griswold; literary, E. O. Turpin; athletic, Earl Kenworthy.

"Old Fox," Say Bavarians of New Premier Succeeding Michaelis

Amsterdam, Nov. 3.—The "old fox" is the sobriquet by which Count Von Hertling is known in Bavaria, according to the Berlin Tageblatt. The descriptive name, the newspaper says was given to the count because of the "back stairs" methods that have characterized his five and one-half years Bavarian premiership. Little is expected from Von Hertling in the direction of national reforms, the Tageblatt declares. He always opposed parliamentarism al-

German Uprising in Brazil Stops All Trains

Buenos Aires, Nov. 3.—A German uprising is in progress in southern Brazil, completely paralyzing railway traffic, according to private reports received in railway circles here. The strikes inaugurated in this district are said to be spreading to other parts of Brazil. It is reported that only the strictest military measures are making the movement of any trains possible. The dispatches continue to report "the severest military measures against Germans" in southern Brazil, where there are large German colonies. Details as to these measures and general conditions are withheld by the censorship.

Pacific Attitude of Clergy Checks Sinn Feiners Efforts

London, Nov. 3.—The Sinn Fein movement has suffered a serious check during the last few days in consequence of the denunciation of any sort of armed rebellion by some prominent members of the Roman Catholic clergy, according to the Dublin correspondent of the Daily Mail. The correspondent refers especially to a sermon by the Rev. Thomas P. Gilmartin, bishop of Clonfert, on the

eve of the recent visit to Lough Rea of Prof. De Valera, one of the prominent Sinn Fein leaders. Bishop Gilmartin declared that a recourse to armed force under the present circumstances would be morally unlawful.

"Sammies" Celebrate French All Souls' Day With Ceremony

With the American Army in France, Nov. 3.—This is All Souls' day, which in France corresponds to

BILLY SUNDAY IN ATLANTA
